Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The on-site PREA (Prison Rape Elimination Act) audit of the Federal Correctional Institution (FCI) Bastrop, Texas, was conducted from June 12-14, 2018. The audit was completed by The Nakamoto Group, Inc. certified auditor Vic Killion. This is the second PREA audit for this facility. An entrance meeting was held the first day of the audit to discuss any concerns regarding the audit process and to finalize the facility tour and interview schedules. The following persons were in attendance: the Warden, the Associate Warden/Institution PREA Compliance Manager (IPCM), the Chief of Psychology Services, the Captain (Chief of Security), one Management Analyst from the Bureau of Prisons (BOP) Central Office, one American Correctional Association auditor and several facility department heads/support staff. The FCI is comprised of a low security correctional facility and a minimum security satellite camp (adult male inmates only). After the meeting, a comprehensive tour of the FCI and Camp was completed. The tour included the intake processing area, all housing units, including the Special Housing Unit (SHU), the Health Services Department, Recreation, Food Service, facility support areas, Education, the Visiting Room and programming areas.

The auditor observed the facility configuration, location of cameras, staff supervision of offenders, housing configurations, including shower/toilet areas, security monitoring, inmate entrance and search procedures and inmate program participation. During the tour, it was noted that there was sufficient staffing and surveillance cameras to ensure a safe environment for inmates and staff. In each of the four main housing units at the FCI, it was noted one shower in each unit, towards the back of the unit, was not easily observable and was effectively a blind spot. This was brought to the attention of staff by the auditor who corrected the problem by installing convex mirrors to allow staff to monitor the shower without sacrificing privacy while showering. The auditor checked each Unit before leaving the facility and verified the situation was corrected. Inmates were able to shower, dress and use the toilet facilities without exposing themselves to employees of the opposite gender. Informal and formal conversations with employees and inmates regarding the PREA standards were conducted. Postings regarding PREA violation reporting and the agency's zero tolerance policy for sexual abuse and sexual harassment were prominently displayed in all housing units, meeting areas and throughout the facility. Audit notice postings with the PREA auditor's contact information were also located in the same areas. There were no letters mailed to the auditor as a result of the audit postings in the housing units.

The FCI has been accredited by the American Correctional Association, the Environmental Management System Second-Party Certification and the Joint Commission on Accreditation of Healthcare Organizations.

A total of twelve randomly selected correctional staff members were interviewed. All BOP employees at the institution are considered correctional officers first and are trained as such. Correctional officers and lieutenants from all shifts were included in the interview process. All were aware of the agency's zero tolerance policy and of their responsibilities to protect inmates from sexual abuse/sexual harassment and could explain their new employee and annual PREA training and their duties as first responders as part of a coordinated response. The agency Director, agency PREA Coordinator and agency Contract Administrator had been previously interviewed (the auditor is in receipt of the completed interview questionnaires). All specialized staff were also interviewed and included the Warden, the IPCM, the Chief of Psychology Services, one Investigator, the Human Resources Manager, Intake Staff, the SHU Lieutenant and the Health Services Administrator. Two contractors, a Sexual Abuse Nurse Examiner (SANE) from a local hospital and a community victim advocate were also interviewed. All interviewed staff and contractors demonstrated an understanding of the PREA and their responsibilities, relative to their position and/or their employment status. No staff or contractors refused to be interviewed.

A total of forty inmates were selected to be interviewed. The interviewed inmates were of various ages, nationalities and ethnic backgrounds. The inmate interviews included five inmates who self-identified as being transgender, five who self-identified as being gay and one who self-identified as being bisexual. No inmates self-identified as being intersex. Three limited English proficient and two disabled inmates (one blind and one deaf) were also included in the group of inmates interviewed. The rest of the interviewed inmates were randomly selected. There were no inmates in Protective Custody for any PREA related issue. Overall, all inmates interviewed demonstrated a good understanding of the PREA compliance program, the intake screening process, the prevention and protection process and reporting mechanisms. All education requirements under the PREA were met and the inmates stated that staff members were responsive to their needs and that they felt safe at the facility. One inmate refused to be interviewed.

A review of the investigations opened, during the past 12 months, which pertained to allegations of sexual abuse or sexual harassment, was conducted. During the audit period, there were a total of six allegations of sexual harassment, with one case still opened. Four allegations that were reported by inmates involved inmate-on-inmate harassment and two involved staff-on-inmate harassment. No cases required forensic evidence collection by a Sexual Assault Nurse Examiner (SANE) service provider in the community. All investigations were completed promptly and thoroughly and were well documented.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration

and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The Federal Correctional Institution, Bastrop, Texas consists of a low security institution and a minimum security satellite camp for adult male offenders. Housing approximately 1,400 inmates, facility staff are committed to providing a safe, secure, and humane environment for those individuals remanded to their custody. The staff continues to strive to exemplify a true core of correctional excellence by ensuring the safety of staff, inmates and the public.

All inmates, who have been medically cleared, are provided work assignments or are assigned to Education. Work assignments include: Food Service; Education/Recreation; Federal Prison Industries (UNICOR); Laundry; sanitation workers; unit orderlies and institutional maintenance.

The Education Department offers a variety of programs for inmates to improve their knowledge and gain valuable skills. The Education programs include: GED and English as a Second Language, Adult Continuing Education, a Parenting Program, an Apprenticeship Program and Vocational Training. In addition, leisure and law library services and a wide variety of recreational programs are provided to the population. The facility also has a Residential Drug Abuse Program (RDAP) at the FCI and Satellite Camp.

Currently, the facility has a rated capacity of 1055 inmates and maintains a daily average of 1395 inmates. The low security facility has four general population housing units and one open style dormitory at the camp. The Special Housing Unit (SHU) has single and double occupancy cells. The SHU segregates inmates from the general population for various reasons. The facility only houses adult males and no youthful offenders. At the time of the audit, the total population was 1391. Facility inmate work assignments include food service, facility maintenance, janitors (orderlies), maintenance, various clerical duties and other facility support assignments. Recreational programs offered include sports activities and TV viewing. The FCI recreation area consists of a recreation yard and gymnasium. The facility also provides a number of religious programs involving numerous faith groups. FCI Bastrop also provides court-mandated legal resource materials for inmates, including Bureau of Prisons policies, institution directives and federal/state laws.

Summary of Audit Findings

*The summary should include the number of standards exceeded, number of standards met, and number of standards not met, **along with a list of each of the standards in each category.** If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.*

Auditor Note: No standard should be found to be “Not Applicable” or “NA”. A compliance determination must be made for each standard.

When the on-site audit was completed, another meeting was held with the Warden and other staff to discuss the audit findings. The auditor had been provided with extensive files prior to the audit for review to support a conclusion of compliance with the PREA. While at the facility, the auditor reviewed a sufficient sampling, based on the size of the facility, of case records, training records, investigative reports, additional program information and other supportive documentation. The facility was found to be fully compliant to the PREA. All interviews and observations also support compliance. Facility staff members were found to be cooperative and professional. Staff morale appeared to be very good and the observed staff/inmate relationships were determined to be good. All areas of the facility were observed to be clean and well maintained. At the conclusion of the audit, the auditor thanked the Warden and staff for their hard work and dedication to the PREA audit process.

Number of Standards Exceeded: 0

Number of Standards Met: 45

Number of Standards Not Met: 0

Summary of Corrective Action (if any)

115.18 - A blind spot was discovered in each housing unit. A shower area toward the back of each unit was hidden from the officer's view. The facility agreed and immediately installed convex mirrors to enhance staff supervision of those areas. Each area was re-inspected by the auditor to verify compliance.

The agency and facility directives outline a

zero tolerance policy for all forms of sexual abuse and sexual harassment. Inmates are informed orally about the zero-tolerance policy and the PREA program during in-processing procedures. Inmates are also informed about the program and zero-tolerance in the Admission and Orientation (A&O) Handbook, a pamphlet and through postings displayed throughout the facility, as observed during the tour. All written documents are available in English and Spanish. Additional interpretive services are available for inmates who do not speak or read English. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3000.03, Human Resource Management Manual, the facility staffing report and the Workforce Utilization Committee meeting minutes address the requirements of the standard. A review of the facility staffing plan and the quarterly Salary and Workforce Utilization Committee annual meeting minutes confirmed that PREA issues were considered when filling positions (three staff were hired within the last year) and developing work rosters/assignments; therefore, meeting all requirements under 115.13a. Interviews with the Warden and Human Resources Manager confirmed that the facility considers the items detailed in the standard when developing the staffing plan. The facility and the agency review the staffing plan at least quarterly. The IPCM is a member of the Salary and Workforce Utilization Committee and may provide input as to whether adjustments to the staffing plan may be required to meet PREA requirements. There have been no judicial findings of inadequacy, findings of inadequacy from federal investigative agencies or findings of inadequacy from internal or external oversight bodies relevant to this standard. All essential posts are filled each shift and no essential posts

are kept open for salary savings. When programs are offered, staffing is increased to provide additional supervision. The review of Institution Duty Officer unannounced PREA rounds logs confirmed that intermediate-level or higher-level supervisors, including shift supervisors and department heads, at a minimum, conduct and document such visits throughout the institution, during the day, at night and on the weekends. Staff members are prohibited from alerting other employees regarding unannounced rounds. Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and PS 5521.06, Searches of Housing Units, Inmates and Inmate Work Areas, address the requirements of the standard. The facility's rated capacity exceeds 50 inmates and does not house female inmates. The FCI does not permit cross-gender strip searches or cross-gender visual body cavity searches, except in exigent circumstances or when performed by medical practitioners. There were no cross-gender visual body cavity or strip searches conducted at the facility during the audit period. Officers would be required to document all cross-gender strip searches and cross-gender visual body cavity searches. Interviews with staff confirmed that they were aware of the prohibition of visual body cavity or strip searches of the inmates of the opposite sex except in exigent circumstances. Staff interviews also confirmed that male and female officers had been trained to conduct cross-gender pat searches. As confirmed by observations during the tour of all housing units, inmates are permitted to shower, perform bodily functions and change clothing privately. The agency and the facility have a "knock and announce" policy and procedures requiring staff of the opposite sex to announce their presence or otherwise notify the inmates when entering an inmate housing unit. Inmate interviews confirmed that male and female staff members announce their presence in this manner when entering housing units. The practice was observed during the tour of the entire facility. Staff would not search or physically examine a transgender or Intersex inmate for the sole purpose of determining the inmate's genital status. Interviews with inmates, including five transgender inmates, confirmed that they had been pat-searched by officers properly and professionally. Additionally, the transgender inmates stated they were allowed all levels of privacy required by the PREA. Interviews with staff/inmates, auditor observations and an examination of policy/supporting documentation confirm the facility's compliance with this standard

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and the Admission and Orientation (A&O) Handbook address the requirements of the standard. Through policy and practice, the facility ensures that inmates with all disabilities listed in 115.16a have an equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. All written PREA related information, including postings, brochures and handouts are available in English, Spanish and other languages. Staff also may read information to inmates when necessary. Translation services are available through a contracted language service for inmates who are not English proficient and the facility also employs staff members who are proficient in languages other than English. The facility does not rely on inmate interpreters, inmate readers or other types of inmate assistance in the performance of first responder duties or during the investigation of an inmate's allegations. Interviews with first responders, medical, mental health and investigative staff confirmed their awareness of the prohibition of using inmate interpreters for PREA compliance functions. Interviews with three non-English proficient inmates and two disabled (one blind and one deaf) inmates confirmed they are receiving the required PREA information from staff. The auditor utilized the telephone interpretive service to conduct an interview for the purpose of verifying compliance. Interviews with staff and other inmates and an examination of policy/supporting documentation also confirm the facility's compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3000.03, Human Resource Manual, PS 3420.11, Standards of Employee Conduct, the Pre-Employment Guide, SF85P (Questionnaire for Public Trust Positions) and a BOP recruitment document address the requirements of the standard. All employees who have contact with inmates have had a full field background investigation in addition to fingerprinting and inquiry into the FBI's National Crime Information Center (NCIC). Employee backgrounds are re-checked every five years. Contractors and volunteers who have regular contact with inmates also have criminal background checks completed prior to having contact with inmates. Volunteer and contractor background checks are repeated yearly. The facility does not hire or promote anyone who may have contact with inmates, and does not enlist the services of any contractor who may have contact with inmates who has engaged in any type of sexual abuse/sexual harassment (no exceptions). Employees have a duty to disclose such misconduct and material omissions regarding such misconduct would be grounds for termination. Submission of false information by any applicant is grounds for not hiring the applicant.

The Human Resources Manager was interviewed and confirmed that the agency attempts to contact prior employers for information on substantiated allegations of sexual abuse or resignations which occurred during a pending investigation of sexual abuse. The Human Resources Manager also confirmed that the agency, not the FCI Human Resource Department, provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee, upon receiving a request from an institutional employer for whom such employee has applied to work. The agency, not the FCI Human Resource Department, notifies appropriate licensing/certifying agencies when professional staff members are terminated for substantiated allegations of sexual abuse or sexual harassment. A review of policy and relevant supporting documentation, as well as staff interviews, confirm the facility's compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, IS BAS 5324.12B, the Guide for First Responder/Operations Lieutenant-When Approached with an Inmate Allegation of Sexual Abuse or Harassment, PS 6031.04, Patient Care, and the PREA Checklist & Instructions address the requirements of the standard. Interviews with correctional and health services personnel confirmed that they were all knowledgeable of the required procedures for obtaining, preserving and securing physical evidence, when sexual abuse is alleged. Staff members were aware that the Special Investigative Services Lieutenant (SIS), the Office of Internal Affairs (OIA), Office of Inspector General (OIG) or the Federal Bureau of Investigation (FBI) conducted investigations relative to sexual abuse/harassment allegations. The agency follows a uniform evidence protocol as described in the U.S. Department of Justice's Office on Violence against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents." Victims of sexual assault are referred to health services for initial examination and treatment. Such treatment would be for life preservation only and the victim would be transported to a community hospital (Seton Smithville Regional Hospital, Smithville, Texas) for examination, treatment and forensic evidence gathering by a Sexual Assault Nurse Examiner. The Sexual Assault Nurse Examiners are provided by the Family Crisis Center as part of the agreement with the facility. All sexual abuse victim advocacy, examinations, treatment, testing and follow-up care are provided without cost to the victim. Routinely, administrative investigations are conducted by trained investigators who are full time employees of the facility. The Warden generates the referral to the outside agency (OIG or FBI). The review of training records confirmed that investigators have received investigator training offered by the BOP on the investigation of sexual abuse and sexual harassment in confinement settings. Interviews with staff, an investigator and a SANE representative from the local hospital and the local family crisis center, as well as an examination of policy/supporting documentation also confirm the facility's compliance with this standard. No forensic exams were required to be performed at a local hospital within the last year.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.22 (a)

- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual harassment? Yes No

115.22 (b)

- Has the agency published such policy on its website or, if it does not have one, made the policy available through other means? Yes No
- Does the agency document all such referrals? Yes No

115.22 (c)

115.22 (d)

- Auditor is not required to audit this provision.

115.22 (e)

- Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Policy requires administrative or criminal investigations to be completed on all allegations of sexual abuse/sexual harassment. Administrative investigations are routinely assigned for completion by the Special Investigative Services Lieutenant. If, during the course of an investigation, evidence surfaces indicating

criminal misconduct, the case would be initially referred to the FBI for criminal investigation. The Special Investigative Services Lieutenant was interviewed and was aware of his responsibilities in the investigative process. The FBI would conduct criminal investigations for the FCI involving inmate-on-inmate sexual abuse and the OIG would investigate staff-on-inmate criminal sexual abuse. An investigation would never be terminated due to an inmate being transferred or released or an employee leaving the agency. A review of training documents confirmed that all investigators received instruction in conducting sexual assault investigations in confined spaces/prisons. Interviews with staff and an examination of policy/supporting documentation confirm the facility's compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and IS BAS 5324.12B address the requirements of the standard. All BOP employees are considered correctional officers first and are trained as such. All new employees attend training locally and at the Federal Law Enforcement Training Center. This training addresses all of the topics identified in the standard. Related education is provided annually during refresher training. The review of FCI lesson plans, training files and PREA Power Point presentations confirmed that the provided training also addressed all elements identified in the standard. Staff must acknowledge in writing their understanding of the PREA. Ten staff annual training files were reviewed and contained documentation supporting compliance with this standard. All staff interviewed indicated that they received the required PREA training initially and annually. Officers receive additional PREA training/updates when needed. The training provided and staff knowledge of PREA requirements confirmed that the FCI is compliant with this standard.

Yes No

115.32 (c)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and IS BAS 5324.12B address the requirements of the standard. The review of volunteer and contractor PREA training sign-in forms, files and other supportive documentation by the auditor confirmed that all facility contractors and volunteers have received training related to their responsibilities concerning the PREA (zero-tolerance, detection, prevention, response and reporting requirements) during the previous twelve months and during annual refresher training. Staff and contractor interviews confirmed that the training was provided and that they understood the agency's zero-tolerance policy for sexual abuse and sexual harassment and their responsibilities under the PREA. A review of the PREA contractor and volunteer training presentation further confirmed that the level of instruction is appropriate for the services provided and emphasizes the facility's zero-tolerance and reporting policies. A review of policy/documentation and the training presentation, as well as training staff and contractor interviews confirm the facility's compliance with this standard. No volunteers were available to be interviewed, during the on-site review.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and IS BAS 5324.12B address the requirements of the standard. During in-processing procedures, each inmate receives an Inmate Handbook and a pamphlet describing the agency's PREA compliance program. The information identifies the key elements of the program and informs them of the zero-tolerance policy regarding sexual abuse and sexual assault and multiple ways to report sexual abuse/sexual harassment. The information also informs the inmates that they will be free from retaliation for reporting an incident. The information is available in English and Spanish. A staff member conducts an education program regarding the PREA for all inmates within 30 days of their arrival at the facility (usually within a week of arrival). The program includes definitions of sexually abusive behavior and sexual harassment, prevention strategies and reporting modalities.

Inmates also have access to TRULINCS, a computer program which also provides PREA information and a reporting outlet. Random inmates were selected by auditor and asked to demonstrate how to access the program. Inmate telephones, examined by the auditor, also provide a reporting outlet. Staff interpreters and telephonic translation services are available to inmates who are not proficient in English or are otherwise unable to communicate (deaf, blind, mentally impaired, etc.). Unit staff members routinely conduct "town hall" meetings (group meetings that provide information and a question/answer session) in the housing units to address issues that may include PREA discussions. Inmate interviews confirmed that they received PREA information and that they were aware of numerous reporting methods to include anonymous and third party reporting, the zero-tolerance policy and their right to be free from retaliation. The tour of the facility confirmed that several PREA education posters were prominently displayed in all housing units and common/program areas. If an inmate is transferred to another facility, policy requires that this training process be repeated at the new institution. Interviews with staff and inmates, visual observations of posters/notices and an examination of policy/documentation confirm that the facility is in compliance with this standard.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.34 (a)

- In addition to the general training provided to all employees pursuant to §115.31, does the agency ensure that, to the extent the agency itself conducts sexual abuse investigations, its investigators have received training in conducting such investigations in confinement settings? Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, the SIS/SIA Training Lesson Plan, Sexual Violence PREA Training and DOJ/OIG PREA Training address the requirements of the standard. The facility investigators, OIA, OIG and FBI investigators have received PREA specialized training through the Department of Justice (this training includes all requirements under 115.34b). The auditor reviewed specialized training documentation to include the SIS/SIA Training Instructor Guide, the BOP Course Completion List for Investigating Sexual Abuse in a Confinement Setting training and the OIG PREA Criminal Investigator Certification Training List. Administrative investigations are conducted by trained investigators who are full time employees of the FCI. When criminal investigations are indicated, they are conducted by the Federal Bureau of Investigation or the Office of Inspector General. Interviews with staff and the SIS investigator and an examination of policy/documentation confirm the facility’s compliance with this standard.

Standard 115.35: Specialized training: Medical and mental health care

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.35 (a)

- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in how to detect and assess signs of sexual abuse and sexual harassment? Yes No

115.35 (d)

- Do medical and mental health care practitioners employed by the agency also receive training mandated for employees by §115.31? Yes No
- Do medical and mental health care practitioners contracted by and volunteering for the agency also receive training mandated for contractors and volunteers by §115.32? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and IS BAS 5324.12B address the requirements of this standard. When required, both medical and mental health providers are available for immediate call back to the FCI during off duty hours. The review of medical and mental health personnel training records by the auditor confirmed that these employees (part-time, fulltime and contractors) receive the

same PREA training as correctional officers and have a duty to report, when they have knowledge of sexual abuse/assault, even when disclosed in the course of a healthcare encounter. Further review of training records confirmed that all mental health and medical staff have also received specialized training on victim identification, interviewing, evidence preservation, reporting and required clinical interventions. Training does not refer to certifications needed to conduct forensic examinations. All cases requiring the processing of sexual assault evidence collection kits are transported to a community hospital where Sexual Assault Nurse Examiners are available at all times, as confirmed by the hospital staff. Interviews with medical and mental health staff confirmed the provision of specialized training and that they are aware of their duty to report and address allegations and suspicions of sexual abuse/sexual harassment. A review of the training documentation and established policy also confirm the facility's compliance with this standard.

Auditor Overall Compliance Determination

Exceeds Standard (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. All inmates are immediately assessed for a history of sexual abusiveness and risk of sexual victimization during in-processing procedures performed in the receiving and discharge (R&D) area in accordance with the requirements listed in 115.41d and e. Policy prohibits disciplining inmates for refusing to answer or for not disclosing complete information during the screening process. If an inmate is transferred to another facility, the entire intake screening process would be required to be repeated. A member of the inmate's housing unit team, usually a case manager or counselor, screens all new arrivals within the first 72 hours of the inmate's arrival, but this activity ordinarily occurs within a few hours on the day of arrival. The review of screening documents by the auditor confirmed that inmates identified as being at high risk for sexual victimization or being at risk of sexually abusing other inmates were referred to a mental health professional and all received further assessment. Intake forms were examined by the auditor and were found to be accurate. A unit team member reviews all relevant information from other facilities and continues to reassess an inmate's risk level within 30 days of his arrival. Information received during the screening process is confidential and only available to staff with a need-to-know and never to other inmates. Interviews with intake staff and inmates, a review of policy/documentation and observations of the intake process confirm the facility's compliance with this standard.

Standard 115.42: Use of screening information

115.42 (a)

115.42 (b)

- Does the agency make individualized determinations about how to ensure the safety of each inmate? Yes No

115.42 (c)

- When deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether a placement would present management or security problems (NOTE: if an agency by policy or practice assigns inmates to a male or female facility on the basis of anatomy alone, that agency is not in compliance with this standard)? Yes No
- When making housing or other program assignments for transgender or intersex inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether a placement would present management or security problems? Yes No

115.42 (d)

- Are placement and programming assignments for each transgender or intersex inmate reassessed at least twice each year to review any threats to safety experienced by the inmate? Yes No

115.42 (e)

115.42 (g)

- Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex inmates, does the agency always refrain from placing: lesbian, gay, and bisexual inmates in dedicated facilities, units, or wings solely on the basis of such identification or status? Yes No

Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Risk screening information is used to determine housing, bed, work, education and other program assignments, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. Determinations for these assignments are made on a case-by-case basis. Staff members assigned to conduct intake screening have been provided additional

training and resource materials. The agency (through a committee) decides whether to assign a transgender or intersex inmate to a facility for male or female inmates. The BOP has no dedicated facilities for transgender or intersex inmates. The facility determines other housing and programming assignments for transgender or intersex inmates on a careful case-by-case basis, to include whether a placement would ensure the inmate's health and safety and whether the placement would present management or security problems. Placement and programming assignments for each transgender or intersex inmate are reassessed at least once every six months. Policy states that a transgender or intersex inmate's own views with respect to their own safety are given serious consideration when making these assignments. The interviewed transgender inmates confirmed that this policy is practiced at FCI Bastrop. Transgender and intersex inmates are given the opportunity to shower, dress and to use toilet facilities separately from other inmates. An interview with five self-identified transgender inmates also confirmed that the inmates were able to shower privately and afforded other significant privacy. They further stated that they felt safe at the facility. Medical and mental health personnel meet on a regular basis to assess the status of any inmate thought to be at risk for abuse or exhibiting adjustment problems. The interview with the agency's PREA Coordinator confirmed that a transgender inmate's genital status is not the sole criteria for placement in a specific facility. Interviews with staff and inmates, observations of housing assignments and unit activities, as well as an examination of documentation/policy, confirm that the FCI is in compliance with this standard.

Standard 115.43: Protective Custody

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.43 (a)

- Does the facility always refrain from placing inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers? Yes No
- If a facility cannot conduct such an assessment immediately, does the facility hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment? Yes No

115.43 (b)

- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Programs to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Privileges to the extent possible? Yes No

- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Education to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Work opportunities to the extent possible? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The opportunities that have been limited? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The duration of the limitation? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The reasons for such limitations? Yes No

115.43 (c)

- Does the facility assign inmates at high risk of sexual victimization to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged? Yes No
- Does such an assignment not ordinarily exceed a period of 30 days? Yes No

115.43 (d)

- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The basis for the facility's concern for the inmate's safety? Yes No
- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The reason why no alternative means of separation can be arranged? Yes No

115.43 (e)

- In the case of each inmate who is placed in involuntary segregation because he/she is at high risk of sexual victimization, does the facility afford a review to determine whether there is a continuing need for separation from the general population EVERY 30 DAYS? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The Special Housing Unit (SHU) houses both administrative (protective custody) and disciplinary cases. Policy states inmates at high risk for sexual victimization shall not be placed in involuntary SHU status unless an assessment of all available alternatives has been made and there is no available means of separating the inmate victim from the abuser. No inmates were placed in this status within the past twelve months. The inmates would be reassessed every 7 days after entering the SHU. If protection is necessary for an inmate, they may be transferred to another housing unit. Interviews with the SHU lieutenant confirmed, that to the extent possible, access to programs, privileges, education and work opportunities would not be limited to inmates placed in the SHU for the purpose of protective custody, except when there are safety or security concerns. The facility would document the reasons for restricting access and the length of time the restriction would last. Mental health and unit staff meet with each inmate in SHU status at least once each week. A Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form is completed when considering all appropriate alternatives for safeguarding alleged inmate victims. Interviews with staff, an examination of SHU operations and an examination of policy/supporting documentation confirm the facility's compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, IS BAS 5324.12B, the Admission and Orientation (A&O) Handbook and PREA postings address the requirements of the standard. A review of documentation indicated that there are multiple ways (including verbally, in writing, privately, from a third party and anonymously) for inmates and staff to report sexual abuse or sexual harassment. Inmates are informed about the reporting methods through the A&O Handbook, postings in the housing units and common areas and as part of the initial orientation process. Inmates also have access to TRULINCS, a computer system which also provides PREA information and a reporting outlet. Through TRULINCS, the inmate can contact the Office of Inspector General anonymously and the email is untraceable at the institution level. During the tour of the facility, a number of TRULINCS computers were observed in each housing unit. Inmate dedicated telephones were observed in each unit that could be also used as a reporting outlet (the auditor observed these phones in use). The tour of the facility also confirmed that there were numerous posters on display explaining the reporting procedures. Staff members accept reports made verbally, in writing, anonymously and from third parties and promptly document any form of reporting. Staff members are required to immediately document any allegation. Family and friends of inmates may report sexual abuse/sexual harassment by using the BOP website, making a phone call to the OIG or by contacting facility staff. All inmates interviewed confirmed that they were aware of the multiple methods of reporting sexual abuse/sexual harassment allegations. No inmates at the facility are detained solely for civil immigration purposes. Interviews with staff and inmates, observations of posters and other reporting methods and an examination of policy/documentation confirm the facility's compliance with this standard.

Standard 115.52: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No NA

115.52 (b)

- Does the agency permit inmates to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA

- Does the agency always refrain from requiring an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (c)

- Does the agency ensure that: An inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)
 Yes No NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
 Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA

- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)
 Yes No NA

115.52 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance alleging an inmate is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)
 Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)
 Yes No NA
- Does the initial response and final agency decision document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (g)

- If the agency disciplines an inmate for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the inmate filed the grievance in bad faith? (N/A if agency is exempt from this standard.) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Does Not Meet Standard (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 1330.18, Administrative Remedy Program, addresses the requirement of the standard. This policy requires that all PREA grievances be processed in accordance with 115.52a-f. However, grievances (administrative remedies) filed alleging sexual abuse/sexual harassment would result in the immediate opening of a formal investigation. Policy states that there is no time frame for filing a grievance related to sexual abuse or sexual harassment and no requirement that an inmate use any informal grievance process before filing a grievance alleging sexual abuse/sexual harassment. Allegations of physical abuse by staff shall be referred to the Office of Internal Affairs (OIA), in accordance with procedures established for such referrals. Policy addresses the filing of emergency administrative remedy requests. If an inmate files the emergency grievance with the institution and believes they are under a substantial risk of imminent sexual abuse, an expedited response is required to be provided within 48 hours. Best efforts are made to provide Regional Office and Central Office expedited appeal responses within five calendar days. If an inmate reasonably believes the issue is sensitive and the inmate's safety or well-being would be placed in danger, the inmate may submit the grievance directly to the appropriate Regional Office. There is no prohibition that limits third parties, including other inmates, staff members, family members, attorneys and outside victim advocates, in assisting inmates in filing requests for grievances relating to allegations of sexual abuse or filing such requests on behalf of inmates. There were no grievances alleging sexual abuse/sexual harassment filed within the last twelve months. Interviews with staff and inmates and an examination of policy/documentation confirm the facility's compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. The FCI has entered into an agreement with a local victim advocate organization to provide emotional support services related to sexual abuse. Inmates are informed as part of their orientation process that all telephone calls (except properly placed legal calls) are subject to monitoring and recording and that all mail, except for legal mail, is subject to monitoring as well. Inmates are informed that emails to the Office of Inspector General through TRULINCS - Request to Staff tab and selecting the Department Mailbox titled DOJ Sexual Abuse are not monitored by the FCI or BOP. Postings in the housing units and common areas, the PREA pamphlet issued upon the

inmate's arrival and the A&O Handbook provide the address to the OIG and explain that inmates may confidentially submit written allegations of sexual abuse/sexual harassment to this entity. The facility enables reasonable communication between inmates and these organizations and agencies in as confidential a manner as possible. Interviews with staff and inmates, an examination of postings located in the housing units which contained contact information to the Family Crisis Center and an examination of policy/documentation confirm the facility's compliance with this standard.

Standard 115.54: Third-party reporting

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

The BOP pamphlet, "Sexually Abusive Behavior Prevention and Intervention," the Admission and Orientation Handbook, PREA posters throughout the facility, the posted Office of Inspector General address and the BOP website (www.bop.gov) address the requirements of the standard. The website and posted notices throughout the facility, as observed by the auditor, assist third party reporters on how to report allegations of sexual abuse/sexual harassment. Interviews with staff and inmates also confirmed that they were aware that anonymous and third-party reporting procedures were available.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, IS BAS 5324.12B and PS 3420.11 address the requirements of the standard. All staff, contractors and volunteers are required to report any information regarding sexual abuse or sexual harassment or any staff neglect, action or violation that may contribute to an incident or an act of retaliation. The reporting is ordinarily made to the shift Operations Lieutenant but could be made privately or to a third party (FBI, OIG or OIA). All third-party notifications would result in the opening of a formal investigation. Policy requires the information concerning the identity of the alleged inmate victim and the specific facts of the case to be shared with staff who need-to-know, because of their involvement with the victim's welfare and/or the investigation of the incident. Interviews with employees, contractors and volunteers confirmed they were aware of their reporting duties. Additional compliance with all aspects of the standard were verified through document and policy review. The facility does not house inmates under the age of 18.

Standard 115.62: Agency protection duties

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.62 (a)

- When the agency learns that an inmate is subject to a substantial risk of imminent sexual abuse, does it take immediate action to protect the inmate? Yes No

Auditor Overall Compliance Determination

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Staff interviews, including employees who would normally be first responders, confirmed they were knowledgeable of their responsibilities, when they become aware or suspect that an inmate is being or has been sexually abused or sexually harassed. All staff indicated they would act immediately to protect the inmate by separating and protecting the victim from the abuser, isolating the area (as a potential crime scene to preserve evidence) where the act allegedly occurred and calling the shift Operations Lieutenant for assistance. When notified, the shift Operations Lieutenants (when interviewed) stated they would further protect the victim, notify medical and mental health staff and advise the Institution Duty Officer. In the past 12 months, there were no instances in which FCI staff determined that an inmate was subject to a substantial risk of imminent sexual abuse. Interviews with other staff members and an examination of policy/documentation confirm the facility's compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Policy requires the reporting of any PREA related allegation by an inmate that occurred at another facility to the Warden (or Designee) of the facility where the incident is alleged to have occurred, by the Warden (or Designee) of the facility in which the inmate is currently housed. When the inmate reports sexual abuse/sexual harassment from state, non-Bureau privatized facilities, jails, juvenile facilities and Residential Reentry Centers (halfway houses), the Warden contacts the appropriate office of the facility and/or notifies the Residential Reentry Management Branch of the BOP, if appropriate. The notification is to occur as soon as possible, but always within 72 hours of receiving the allegation. Policy also requires that an investigation be initiated. During the audit period, there was one inmate who alleged that he was sexually abused or sexually harassed at another facility. Additionally, no inmate allegations of sexual abuse that previously occurred at FCI Bastrop were received from another facility. Interviews with staff and an examination of policy/documentation also confirm the facility's compliance with this standard.

Standard 115.64: Staff first responder duties

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.64 (a)

- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Separate the alleged victim and abuser?

Yes No
- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, if the abuse occurred within a time period that still allows for the collection of physical evidence? Yes No

115.64 (b)

- If the first staff responder is not a security staff member, is the responder required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff? Yes No

Auditor Overall Compliance Determination

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and IS BAS 5324.12B address the requirements of the standard. All employees interviewed were knowledgeable concerning their first responder required actions, when learning of an allegation of sexual abuse/sexual harassment. All employees indicated they would separate the inmates, protect the victim, secure the area as a crime scene, not allow inmates to destroy any evidence and contact the Operations Lieutenant. All requirements under 115.64a would be met. The Operations Lieutenant would continue to protect the victim and notify medical, mental health and administrative/executive staff. Within the last year, there

were no instances requiring a staff member to act as a first responder to an allegation of sexual abuse/sexual harassment. Interviews with staff and an examination of policy/documentation confirm the facility's compliance with this standard.

Standard 115.65: Coordinated response

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.65 (a)

- Has the facility developed a written institutional plan to coordinate actions among staff first responders, medical and mental health practitioners, investigators, and facility leadership taken in response to an incident of sexual abuse? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and IS BAS 5324.12 address the requirements of the standard. Lieutenants (shift supervisors) use a PREA checklist to aid in their response to allegations of sexual abuse/sexual harassment. The policies and information provide direction to security staff, medical/mental health practitioners, investigators, community service providers (SANE) and facility leadership. Staff and community service provider interviews confirmed that they were knowledgeable regarding their responsibilities in the coordinated response. An examination of policy/documentation also confirms the facility's compliance with this standard.

Standard 115.66: Preservation of ability to protect inmates from contact with abusers

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.66 (a)

- Are both the agency and any other governmental entities responsible for collective bargaining on the agency's behalf prohibited from entering into or renewing any collective bargaining agreement or other agreement that limits the agency's ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted? Yes No

115.66 (b)

- Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The Collective Bargaining Agreement (CBA), examined by the auditor, between the Federal Bureau of Prisons and Council of Prison Locals, American Federation of Government Employees, dated July 21, 2014-July 20, 2017, complies with this standard. The agreement does not limit the agency's ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted. The auditor was advised that the CBA is currently being renegotiated and will contain the required language in its final form. The facility does not have a local agreement.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.67 (a)

115.67 (b)

- Does the agency employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations? Yes No

115.67 (c)

- Except in instances where the agency determines that a report of sexual abuse is unfounded, for at least 90 days following a report of sexual abuse, does the agency: Monitor the conduct and treatment of inmates or staff who reported the sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff? Yes No
- Except in instances where the agency determines that a report of sexual abuse is unfounded, for at least 90 days following a report of sexual abuse, does the agency: Monitor the conduct and treatment of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff? Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of this standard. Policy prohibits any type of retaliation against any staff member or inmate who has reported sexual abuse, sexual harassment or cooperated in any related investigation. The Associate Warden is the designated Retaliation

Monitor. When interviewed, she stated she would document and follow-up on all potential cases to ensure policy is being enforced and conduct periodic status checks on the frequency of incident reports, housing reassignments, program changes, any negative consequences for reporting abuse and negative performance reviews/staff job reassignments, in accordance with the elements of 115.67c. If a concern existed that there was a potential for possible retaliation, the Associate Warden indicated she would monitor the situation indefinitely. There have been no suspected or actual incidents of retaliation in the previous 12 months. Compliance with this standard was determined by a review of policy/documentation and an interview with the Associate Warden.

Standard 115.68: Post-allegation protective custody

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.68 (a)

- Is any and all use of segregated housing to protect an inmate who is alleged to have suffered sexual abuse subject to the requirements of § 115.43? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Policy requires staff to assess and consider all appropriate alternatives for safeguarding alleged inmate victims of sexual abuse/sexual harassment. The requirements listed in 115.43 would be enforced. Staff must first consider other alternatives based on the circumstances of the allegation before considering the placement of an inmate in protective custody (SHU), placing him in another housing unit or transferring the inmate to another facility. To aid in that decision, policy requires the facility to complete the BOP's Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form. The form serves to document consideration of all options. Interviews with staff and the tour of the facility confirmed that there are usually viable

alternatives to placing victims of sexual abuse/sexual harassment in involuntary segregated housing. In practice, inmates would almost never be placed in this status, but would be transferred to another housing unit. To the extent possible, access to programs, privileges, education and work opportunities would not be limited to inmates placed in a SHU for the purposes of protective custody. The reasons would be documented for restricting access and the length of time the restrictions would last. There were no inmates placed in post-allegation protective custody status within the last twelve months. Compliance with this standard was determined by a review of policy and documentation, as well as a tour of the entire FCI and staff interviews.

115.71 (e)

- Do agency investigators assess the credibility of an alleged victim, suspect, or witness on an individual basis and not on the basis of that individual's status as inmate or staff? Yes No

115.71 (f)

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. The institution's investigator (SIS) may conduct administrative investigations within the facility and was interviewed by the auditor. When an allegation appears to be criminal in nature, the SIS, in conjunction with the BOP's Office of Internal Affairs and the facility Warden, will refer the incident to the FBI for a criminal investigation, if the investigation involves an inmate-on-inmate allegation. Staff-on-inmate criminal investigations are conducted by the Office of Inspector General. The FBI or the OIG investigator consults with the Assistant U.S. Attorney, when necessary. If the FBI or the OIG substantiates the allegation, the case is referred to the local United States Attorney for possible prosecution. Although there were four allegations of inmate-on-inmate sexual abuse/sexual harassment and two staff-on-inmate allegations investigated over the previous 12 months, there were no referrals for criminal investigations. Additionally, one of the cases still remains open. The credibility of an alleged victim, suspect or witness is assessed on an individual basis and is not determined by the person's status as inmate or staff. The agency does not require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth assessment device as a condition for proceeding with the investigation of such an allegation. The review of three case files of inmates alleging sexual abuse/sexual harassment revealed that all investigations were completed promptly and thoroughly and in compliance with required BOP and PREA policy. One case was still open at the time of the audit.

Compliance with this standard was determined by a review of policy/documentation, the examination of three investigative files and staff interviews, including the SIS lieutenant.

Standard 115.72: Evidentiary standard for administrative investigations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.72 (a)

- Is it true that the agency does not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. The evidence standard is a "preponderance of the evidence" in determining whether allegations of sexual abuse or sexual harassment are substantiated. The investigators were aware of the evidence standard. The evidence standard was utilized in the three investigations reviewed by the auditor. The interview with the SIS Lieutenant confirmed his knowledge of this standard of proof.

Standard 115.73: Reporting to inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.73 (a)

- Following an investigation into an inmate's allegation that he or she suffered sexual abuse in an agency facility, does the agency inform the inmate as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded? Yes No

115.73 (b)

- If the agency did not conduct the investigation into an inmate's allegation of sexual abuse in an agency facility, does the agency request the relevant information from the investigative agency in order to inform the inmate? Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. The facility only conducts administrative investigations. There were six allegations of sexual harassment in the past 12 months. One case is still open. Investigations were completed and all were determined be unfounded. There were no allegations of sexual abuse in the previous 12 months. When the allegation involves staff, policy requires the inmate to be informed, if the staff member is no longer posted within their housing unit, is no longer employed at the facility, if the staff member was indicted on a charge related to sexual abuse within the facility or the agency learned that the staff member was convicted on a charge related to sexual abuse. These findings would also be communicated to the inmate, if the investigation was completed by an outside agency (FBI or OIG). Compliance with this standard was determined by a review of policy, an examination of the written notices and staff interviews.

DISCIPLINE

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.76 (a)

- Are staff subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies? Yes No

115.76 (b)

- Is termination the presumptive disciplinary sanction for staff who have engaged in sexual abuse? Yes No

115.76 (c)

- Are disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories? Yes No

115.76 (d)

- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Law enforcement agencies (unless the activity was clearly not criminal)? Yes No
- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Relevant licensing bodies? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3420.11 and PS 5324.12 address the requirements of the standard. Employees are subject to disciplinary sanctions for violating agency sexual abuse or sexual harassment policies. Discipline would be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history and the sanctions imposed for comparable offenses by other staff with similar histories. There have been no substantiated cases of inmates engaging in sex with staff in the last twelve months. The Collective Bargaining Agreement (examined by auditor) between the Federal Bureau of Prisons and Council of Prison Locals, American Federation of Government Employees, dated July 21, 2014-July 20,

2017, allows for disciplinary sanctions against staff, including termination, for the sexual abuse or sexual harassment of an inmate. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff that would have been terminated if not for their resignation, may be reported to any law enforcement or relevant professional/certifying/licensing agencies by the agency, unless the activity was clearly not criminal. Compliance with this standard was determined by a review of policy/documentation and staff interviews, including the Human Resources Manager.

Standard 115.77: Corrective action for contractors and volunteers

- Is any contractor or volunteer who engages in sexual abuse reported to: Relevant licensing bodies? Yes No

115.77 (b)

- In the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer, does the facility take appropriate remedial measures, and consider whether to prohibit further contact with inmates? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3420.11 and PS 5324.12 address the requirements of the standard. Any contractor or volunteer who engages in sexual abuse/sexual harassment would be prohibited from contact with inmates and would be reported to the appropriate investigator and law enforcement or relevant professional/licensing/certifying bodies, unless the activity was clearly not criminal in nature. In cases that were not criminal in nature, the FCI would take appropriate remedial measures and consider whether to prohibit further contact with inmates. During the previous year, there were no incidents where a contractor or volunteer was accused or found guilty of sexual abuse or sexual harassment at the FCI. Compliance with this standard was determined by a review of policy and volunteer/contractor training files, as well as contractor and staff interviews.

Standard 115.78: Disciplinary sanctions for inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.78 (a)

- Following an administrative finding that an inmate engaged in inmate-on-inmate sexual abuse, or following a criminal finding of guilt for inmate-on-inmate sexual abuse, are inmates subject to disciplinary sanctions pursuant to a formal disciplinary process? Yes No

115.78 (b)

- Are sanctions commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories? Yes No

115.78 (c)

- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior? Yes No

115.78 (d)

- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to require the offending inmate to participate in such interventions as a condition of access to programming and other benefits? Yes No

115.78 (e)

- Does the agency discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact? Yes No

115.78 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation? Yes No

115.78 (g)

- Does the agency always refrain from considering non-coercive sexual activity between inmates to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between inmates.)
 Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5270.09, Inmate Discipline Program and PS 5324.12 address the requirements of the standard. The Inmate Discipline Program defines sexual assault of any person, involving non-consensual touching by force or threat of force, as the greatest severity level prohibited act. The program identifies inmates engaging in sexual acts and making sexual proposals or threats to another as a high severity level prohibited act. Consensual sex or sexual harassment of any nature is prohibited and will result in discipline. Consensual sex between inmates does not constitute sexual abuse. Sanctions are commensurate with the nature and circumstances of the abuse committed, along with the inmate's disciplinary history and the sanctions imposed for comparable offenses by other inmates with similar histories. Inmates are subject to disciplinary sanctions pursuant to the formal disciplinary process defined in the Inmate Discipline Program. Facility staff do not discipline inmates who make an allegation in good faith, even if an investigation does not establish evidence sufficient to substantiate the allegation. Interviews with the investigator confirmed compliance with this standard. The disciplinary process considers whether an inmate's mental disabilities or mental illness contributed to the inmate's behavior when determining what type of sanction, if any, should be

imposed. If mental disabilities or mental illness is a factor, appropriate staff members consider the offer of therapy, counseling or other interventions designed to address and correct underlying reasons or motivations for the abuse. Compliance with this standard was determined by a review of policy/documentation, a review of the inmate discipline process and staff interviews.

MEDICAL AND MENTAL CARE

Standard 115.81: Medical and mental health screenings; history of sexual abuse

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Interviews with medical, mental health and specialized staff confirm the facility has a comprehensive system for collecting medical and mental health information relevant to the PREA and has the capacity to provide continued reassessment and follow-up services. The review of Psychology Services' completed "Risk of Sexual Victimization" and "Risk of Sexual Abusiveness" forms confirmed that inmates who disclosed prior victimization during screening were offered a follow-up meeting with medical or mental health staff within fourteen days. The meeting is usually completed on the same day as intake or within three days. Treatment services are offered without financial cost to the inmate. As confirmed by observation and a review of intake screening documents, screening for prior sexual victimization in any setting is conducted by unit team staff during in-processing procedures. In-processing procedures also screen for previous sexually assaultive behavior in an institutional setting or in the community. When indicated, staff members ensure that the inmate is offered a follow-up meeting with a mental health practitioner within fourteen days of the intake screening. Information related to sexual victimization or abusiveness is limited to medical and mental health practitioners and other staff with a need-to-know for treatment plans, security, housing, work, program assignments and management decisions. Signed and dated informed consents are obtained from inmates before reporting prior sexual victimization that did not occur in an institutional setting. The FCI does not house inmates under the age of 18. Compliance with this standard was determined by a review of policy/documentation and interviews with Psychology Services and Intake Screening Staff.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. The National PREA Coordinator reviews data compiled by each BOP facility, from SENTRY, from each Regional PREA Coordinator, from the Information, Policy, and Public Affairs Division of the BOP and from the Office of Internal Affairs and issues a report to the Director on an annual basis. Facility data is maintained in locked files or on computer data bases that are user ID and password protected. Agency PREA data is securely retained and is published on the BOP website after removing all personal identifying information. The required reports cover all data required in this standard and are retained in a file. Compliance with this standard was determined by a review of policy/documentation and staff interviews.
