5. **RESPONSIBILITIES:**

A. Visiting Room Monitoring - THE VISITING AREAS ARE SUBJECT TO VIDEO MONITORING TO ENSURE INSTITUTION SECURITY AND GOOD ORDER. The visiting room officer shall be aware of any articles passed between the inmate and the visitor. If there is any reasonable basis to believe that any item is being passed, which constitutes contraband or is otherwise in violation of the law or Bureau regulations, the visiting room officer may examine the item. An Associate Warden, Institution Duty Officer, or the Captain will be notified in such cases.

The visiting room officer shall be aware of inmates in the visitation room that are identified by the Walsh Act. The officer will increase monitoring of inmates and visitors to deter any illicit behavior.

B. Visiting Lists - Visiting lists are updated continuously as the NCIC checks are completed over the LAN system Visiting Program. An inmate's visiting list may be amended at any time in accordance with the approval process procedures outlined in Section 4D of this same Institution Supplement.

C. Visiting Times - Social visits are scheduled Friday through Sunday from 8:00 a.m. to 3:00 p.m. and on federal holidays, as authorized by the Warden. Visitors will normally not be permitted entrance after 2:00 p.m.

Special Housing Unit visiting will be held every

Friday from 8:00 a.m. - 12:00 noon. Visitors will normally not be permitted entrance after 9:30 a.m.

Satellite Prison Camp visiting is held on Saturday, Sunday, and all federal holidays from 8:00 a.m. - 3:00 p.m. Visitors will normally not be permitted after 2:00 p.m. Special visits or after-hours visiting will ordinarily be coordinated by Camp staff and supervised by Camp staff.

- D. Approved Visitors - Members of the immediate family: Mother, father, step-parents, foster parents, brothers, sisters, spouse, and children. These individuals are placed on the visiting list, absent strong circumstances which preclude visiting. Other relatives: Such visitors as grandparents, uncles, aunts, nephews, nieces, in-laws, and cousins are not considered as immediate family and will be denied a visit if they are not on the inmate's approved visiting list. They may be placed on the approved list if the inmate wishes to have visits from them regularly, and if there is no reason to exclude them. Staff should obtain background information on potential visitors who are not immediate family members.

Friends and associates: The visiting privileges ordinarily will be extended to friends and associates having an established relationship with the inmate prior to confinement, unless such visits could reasonably create a threat to the security and good order of the institution. Exceptions to the prior relationship rule may be made, particularly for inmates without other visitors, when it is shown that the proposed visitor is reliable and poses no threat to the security or good order of the institution. Regardless of the institution's security level, the inmate must have known the proposed visitor(s) prior to incarceration. The Warden or designee must approve any exception to this requirement.

Proposed visitors will be required to furnish information requested on the Visitor Information and Authorization to Release Information form, BP-S629.052. The form must be completed in its entirety, signed, and returned to the institution by the

proposed visitor, prior to any further action concerning their approval to visit. Upon receipt of the authorized forms, an official NCIC check will be conducted. The counselor will notify the inmate in writing upon approval or disapproval. Upon approval of each visitor, the inmate will be provided with a copy of the visiting guidelines. The inmate is responsible for notifying the visitor of the approval or disapproval to visit and is expected to provide the approved visitor with a copy of the Visiting Rules and Regulations.

If the background information reveals that visitation privileges for the individual would present security concerns or disrupt the orderly running of the institution, the Warden may deny visiting privileges. Documentation reflecting this decision should be maintained in section 2 of the Privacy Folder in the Inmate Central File.

A record of visitors for each inmate will be maintained in the inmate's central file by the respective unit team.

- E. Frequency of Visits - To help reduce overcrowding in the FCI Visiting Room, each inmate is allotted 32 points on the first of every month; one point will be charged per hour of visiting during weekdays, and two points will be charged per hour of visiting during weekends and on holidays, from the total allotted points (remaining points will not be carried over into the next month). Each inmate is allowed a maximum of five visitors, to include all children regardless of age. The Satellite Prison Camp does not utilize the point system.
- F. Persons With Prior Criminal Convictions - The existence of a prior criminal record does not preclude visiting privileges; however, staff will carefully review such a request, keeping in mind the nature, extent, and recentness of the conviction(s), as well as the security consideration of the institution. Approval of the Unit Manager is required in such cases.
- G. Special Visits - Unit Managers or other responsible

staff are granted authority to approve special visits in conjunction with visiting room guidelines within this Institution Supplement. Staff responsible for arranging special visits will be required to provide supervision during non-visiting hours. This institution does not house hold-over status inmates; however, in the event this issue may arise, the Warden will direct the affected inmate's Unit Manager to address this type of visiting need in accordance with mandated policies.

- H. Attorney Visits - Attorney visits will be conducted in accordance with Program Statement 1315.07, Inmate Legal Activities. The attorney must display positive identification that he or she is a licensed attorney, i.e., both a current Bar membership and a valid driver's license, or other appropriate form of positive identification. Attorneys will be required to sign the Attorney's Visitor Log in the Front Entrance. Attorneys not able to visit during regular established hours are required to make an appointment for the visit with the Unit Manager to ensure staff coverage is available. If the visit is approved for non-visiting hours, every effort should be made to accommodate the attorney's visit. Supervision will be provided by the appropriate Unit Team.

Special requests for additional privacy will be handled by an Associate Warden, Institution Duty Officer, or the Warden. There is no restriction on the number of attorney visits since this is dependent upon the nature and urgency of the legal problem. Attorney visits are NOT included in the point system for visiting. Each attorney will be required to read and sign the Notification to Visitor form, BP-A224.022, pertaining to contraband, search, etc., and Attorney-Client Form.

Attorneys will be required to clear the metal detector prior to admission into the Visiting Room. Attorney visits will be conducted in the Visiting Room and/or the private conference room located in the Visiting Room. If there is a question as to the identity of any attorney or his representative, i.e., paralegal or law clerk, the Institution Duty Officer or Operations Lieutenant should be consulted. Since paralegals, law

clerks, or other such designees do not possess a Bar membership, positive identification is critical. The best sources of identification are Federal or State identification with a picture, i.e., driver's license, passport, etc. A paralegal, law clerk, or other such designee will be permitted access to the institution in accordance with the authorization granted by the institution.

- I. Pastoral Visits - The Chaplains are authorized to approve minister of record visits with inmates. These pastoral visits will be held in the Attorney Visiting Room during Visiting Room hours. If approved, the Chaplain will be responsible for preparing a memorandum detailing the visitor's name, date, and any special conditions, if applicable and obtaining a security check. Unit staff will be responsible for adding the minister of record to the inmate's visiting list after receiving approval from the Chaplain and upon completion of an NCIC check. There is no restriction on the number of pastoral visits. Pastoral visits are not included in the point system. A copy of the approval or denial memo will be placed in the inmate's central file. An inmate may only have one minister of record on his visiting list. Camp inmates and family members may participate in religious services under the following conditions:

Satellite Camp:

- (1) Only be allowed access to these approved visitors who have registered properly with the official visits 15 minutes before the start of the service.
- (2) Inmates in the visiting area have the responsibility to notify the visiting area officer whether they will participate in a religious service.
- (3) The Chaplain will accompany the visiting area inmates to the entrance of the Chapel.
- (4) Inmates and their visitors stay in the chapel. At the conclusion of the service, the inmates and visitors return to visiting area.

- (5) The Chaplain may restrict participation because of required capacity or other conditions that may impact the program.

Prisoner Visitation and Support (PVS) - PVS is an interfaith coalition which has provided, since 1968, a visitation service to persons confined in federal prisons. They individually make informal, person-to-person visits to offer friendship, help, and moral support. To facilitate and ensure an effective visitation program:

- (1) PVS visitors are approved by the Warden.
- (2) PVS visitors are granted permission to bring paper and writing instruments into the institution for note-taking purposes.
- (3) PVS visitors are not required to be on inmate's visiting lists, nor are they charged against allowable visits.
- (4) PVS visitors are allowed to correspond with inmates regarding visiting schedules.
- (5) PVS visits are ordinarily coordinated by the institution's Religious Services Department. This entails providing names of PVS representatives, as well as the inmate(s) they intend to visit and the time frame for the visit.

J. Community Hospital Patients - Supervision of inmates committed to local hospitals will be provided by Bureau of Prisons employees as designated by the Captain. Inmates committed to local hospitals may not ordinarily receive visits, with the exception of life-threatening situations, in which case the visits will be limited to immediate family members. All visits for committed inmates in local hospitals may be approved by the Unit Manager after collaborating with the Health Services Administrator or Clinical Director, community hospital staff, Captain, and Associate Warden over Correctional Services. Unit Managers will prepare a memorandum authorizing the visits. It will include the name, address,

relationship to the inmate, and any other pertinent information. This authorization memorandum will ordinarily be delivered to the community hospital by the Institution Duty Officer.

When a visit is denied because the inmate is suffering from an infectious disease, is in a psychotic or emotional episode which makes a visit inadvisable, or is otherwise not in a condition to see visitors, the situation is to be carefully and sensitively explained to the approved visitor. Documentation of this will be maintained in section 2 of the Privacy Folder in the Inmate Central File.

Satellite Prison Camp inmates who are placed on furlough status while hospitalized may have visits in accordance with the community hospital's visiting regulations. Visiting for Camp inmates not on furlough status will be approved by the Satellite Operations Administrator usually after consulting with the Health Services Administrator or Clinical Director, Captain, and Associate Warden over Correctional Services.

- K. Non-Contact Visiting - In the event of a need for non-contact visiting, the following procedures will be put into effect: All non-contact visiting will be conducted in the Health Services Department. The secure cell will be used as the site for visiting. The secure cell will be searched and the inmate visually searched prior to the inmate being placed in the cell. The visitor will be positioned outside of the secure cell, while the inmate remains locked in the cell for the duration of the visit. Direct staff supervision will be provided by positioning staff at the outside door of the secure cell. Upon completion of the visit, the inmate visitor will be escorted from the Health Services Department. The inmate will remain secured in the cell until the visitor is escorted from the Health Services Department. The inmate will be removed and visually searched. The secure cell will be searched prior to allowing access by other inmates.
- L. Special Housing Unit Inmates - Any inmate housed in the Special Housing Unit may visit in the Visiting

Room, provided visiting privileges have not been restricted through formal discipline proceedings. Special Housing inmates will be seated between the Officer's platform and the children's area, to allow the Visiting Room Officers to more closely monitor the visits. Ordinarily, general population inmates will not be allowed to sit in this area unless crowding dictates a need to do so. Procedures for inmates with separation issues are located on the N drive, under the Supplements directory.

- M. Number of Visitors - At the FCI, each inmate will be allowed a maximum of five visitors to include all children regardless of age due to limited space. The FCI Visiting Room capacity per the Fire Safety Code is 170 people. At the Satellite Prison Camp, six visitors, to include children, may visit at one time. There is indoor and outdoor visiting space to accommodate the camp visitors. In the event outside visiting is cancelled, the capacity for the Satellite Prison Camp Visiting Room is restricted to 105 people and the five person visitor rule will be implemented for each inmate. In the event it becomes necessary to deny or terminate a visit, permission must be granted by the Operations Lieutenant in conjunction with the Institution Duty Officer. Discretion should be used when terminating visits. Factors to be considered when asking for volunteers are first arriving visitors, frequency of visits, duration of visit, and distance traveled. These factors do not necessarily have to be implemented in the order in which they are listed. The Operations Lieutenant and the Institution Duty Officer will be present during the termination of any visits.

6. PROCEDURES:

- A. Preparation of Visiting List - An inmate desiring to have regular visitors must submit a list of proposed visitors to the designated unit staff.
- B. Visitor Verification
1. Correctional Counselors are to vouch for all proposed visitors who are not immediate family members if there is no documentation of a

previous institution vouchering the individual(s).

Immediate family will be vouchered by the use of the Pre-sentence Investigation Report (PSI). If the PSI does not contain sufficient information, the immediate family member must also undergo the vouchering process.

2. Unit Managers will be responsible for approving inmate visitors. Immediate family members approved through verification in the PSI will receive a copy of the Visiting Rules and Regulations (Attachment B for FCI inmates and Attachment C for Satellite Prison Camp inmates) from the inmate via the Unit Team. In those cases which require vouchering, a copy of the instructions will accompany the vouchering forms for return to the Central File.
- C. Identification of Visitors - Staff shall verify the identity of each visitor 16 years of age and older (through a current driver's license or other type of Federal or State photo identification) prior to admission of the visitor to the institution. All visitors 18 years of age and older must fill out a BP-A0224 Notification of Visitor form. All unofficial visitors to the institution, including special activity groups, will be processed into the institution utilizing the black light stamp and should be verified with the black light at the Front Entrance prior to going past the Front Entrance sally-port area. They will have a certain area of the hand stamped with a special symbol, the symbol being designated daily by the Operations Lieutenant. Inmate visitors will place the stamped area under a black light before leaving the Visiting Room and prior to entering the Front Entrance sally-port. (The above applies to the FCI only.)
- D. Visitor Admittance - The Visiting Room #2 Officer and/or other staff entering or leaving the institution may escort inmate visitors to and from the Visiting Room. A maximum of five adults will be escorted at a time. The Front Entrance Officer will notify the

Visiting Room Officers once visitors have been properly screened. Proper escort procedures will be used, i.e., walking alongside the visitors rather than in front of or behind at long distances.

The escorting staff member will obtain the photo identification for the visitor, and this identification will be maintained in the Visiting Room until the visitor has been escorted to the front entrance upon termination of the visit. The escorting staff member will check each visitor's hand stamp with a black light and photo identification prior to departure. This check will be conducted before the visitor enters the Front Entrance building. (The above applies to the FCI only.)

Camp Visiting Room Officers will obtain the photo identification from the visitor and maintain the identification until termination of the visit. All visitors for the FCI or the Camp must submit a completed Notification of Visitor form, BP-A224.022, located at the Front Entrance and the entrance to the Visiting Room of the Camp.

E. Supervision of Inmates

1. No money may be accepted for deposit to an inmate's account by any staff member.
2. All visitors will be given a copy of the Visiting Rules and Regulations. Violations will be documented and forwarded to the Unit Team and may result in loss of visiting privileges. All children under the age of 16 years must be accompanied by an adult family member both at the FCI and the Satellite Prison Camp.
3. The inmate and his respective visitors will ensure that children visit in a quiet, orderly manner and will maintain direct supervision over them at all times. Children will not be allowed to wander around the Visiting Room. Failure to maintain children under control may result in termination of the visit. A children's play area is provided at the FCI, which consists of a small area with a television. Inmates are not allowed

in the children's play area.

4. No articles or gifts will be accepted for an inmate. (Legal documents from an attorney may be considered if prior approval has been received from the Unit Manager).
5. Visitors will not be allowed to bring food, packages, wrist watches, purses, cosmetics, billfolds, cell phones, pagers, or extra articles of clothing into the Visiting Room. The only exception will be baby bottles, sealed jars of baby food, and diapers. Prescribed medication will be allowed, such as nitroglycerine and asthma inhalants, but this medication must be declared to the Front Entrance Officer, whereupon he/she will notify the Visiting Room Officer that these items are in the visitor's possession and are to be retained by the visitors, not the staff.

Visitors may be allowed to bring into the institution one small clear (see-through) plastic purse and one larger clear (see-through) bag for diapers, baby bottles, and baby food. Neither may exceed one gallon in size.

Outdoor visiting at the camp authorizes inmates to bring hats and sunglasses into the visiting area. Visitors for the outdoor camp area are authorized to bring hats and sunglasses, an infant carrier, nitroglycerine, and inhaler medications for asthma or allergies.

6. The inmate shall not take anything into the Visiting Room except the following items: One regular comb, one handkerchief, prescription eyeglasses, wedding band, unit-approved legal materials, and essential medication, such as nitroglycerine, may be permitted when authorized by the Chief Medical Officer or Health Services staff. RDAP inmates have been assigned colored wristbands in the following colors: White, Green, Yellow, Red, Blue, Purple, and Black, with each color symbolizing progressive stages in the program with white being DAP WAIT and black being

RDAP Mentor. Inmates participating in this program are required to wear the wristbands at all times and this will be taken into account during visitation.

When such authorization is made, a notation to this effect should be made on the inmate's visiting record. Inmates will not be allowed to return to the compound with any item not on their person at the beginning of the visit. Religious medals will NOT be allowed to be worn into the Visiting Room by inmates. All inmates will be identified by their commissary card and searched prior to entering the Visiting Room. They will be escorted to the Visiting Room Officer's desk and again be identified by their commissary card. The card will be held by Visiting Room staff until the visit is completed.

7. At the completion of the visit and/or the close of the visiting day, all inmates will again be identified by their commissary card. The inmate will have his commissary card returned to him. This identification will take place prior to the visitor being allowed to exit the Visiting Room.
8. In the secure institution, all departing inmates will be visually searched. Camp inmates will receive a pat search with a minimum of five random visual searches conducted throughout visitation. The Camp Officer will assist with supervision of visitation and/or visual searches.

7. **GENERAL GUIDELINES:**

- A. The use of cameras or recording equipment is strictly prohibited, unless there is prior written authorization from the Warden.

If a soft shoe permit requires soft shoes to be worn during visiting hours, institution bus shoes will be utilized. Tennis shoes will not be allowed in the FCI Visiting Room. Only issued institution shoes will be worn in the Visiting Room. Inmates at the Satellite Prison Camp are authorized to wear tennis shoes while visiting.

10. **PRETRIAL/HOLDOVER/DETAINEE PROCEDURES**: The procedures specified in this Institution Supplement apply to all inmates housed at FCI Bastrop, Texas.

The Warden may limit to the immediate family of the inmate visits during the admission-orientation period or for holdovers where there is neither a visiting list from a transferring institution, nor other verification of proposed visitors.

11. **RECORD OF VISITORS**: The Warden shall maintain a record of visitors to each inmate. The visitor's signature may be required on that record and shall be required on at least one visiting log or record maintained by the institution.
12. **VISITING PROGRAM INOPERABLE**: In the event of a power outage or the local area network (LAN) becomes inoperable, staff will contact the respective unit team for approval verification via the visiting list maintained in the inmate's central file. In some instances, a visitor is subject to search before being allowed to visit. Money to be placed in the inmate's commissary account must be mailed to the national lockbox.

Rest rooms are provided for your convenience. Refreshments may be obtained from the vending machines in the Visiting Room. Money allowed for the vending machines can be placed in a clear plastic container or in the visitor's pocket. Please use the appropriate receptacles to dispose of your trash. Visitors are expected to dress within the bounds of good taste while visiting the

institution. No shorts (except children 10 years old or younger); no micro or mini- skirts; no hems or slits above the knee; no see-through apparel; no halter tops, tank tops, tube tops or shawls; no spandex pants or leggings; no torn or ripped clothing; no khaki colored clothing that resembles inmate clothing or camouflage clothing; no open-toed shoes or sandals for adult visitors; and no apparel with vulgar or sexually explicit language or logos will be permitted into the visiting room. Visitors who are inappropriately dressed, as determined by staff, will be denied visiting privileges.

Physical contact is limited to a kiss and embrace, within the bounds of good taste, upon entering and at the termination of a visit. Hand holding or holding an arm around the inmate or his female visitor will be permitted provided it is conducted in good taste and does not constitute petting. Violations will be grounds for termination of visits.

All children under the age of 16 must be accompanied by an adult family member. Children must be a family member of the inmate that is being visited. You as the adult will be responsible for the supervision of children to ensure children visit in a quiet, orderly manner, and must be under your supervision at all times. Children are not permitted to wander around the Visiting Room. Only enough diapers to meet the needs will be permitted into the Visiting Room. Only unopened baby food items and formula bottles will be permitted into the Visiting Room. Formula bottles will be empty upon entry to the visiting room.

The Visiting Room capacity is 105 persons. Should this capacity be exceeded, it will be necessary to terminate visits. Termination will be based on length of distance traveled to visit, frequency of visits, and the time the visitor(s) arrived.

Visitors who are on prescribed medications will be permitted to carry only that quantity necessary to consume during the visit into the Visiting Room. Persons using nitroglycerin tablets will be permitted to carry those tablets on their person. Visitors will not be permitted to bring animals onto the institution grounds, except for animals that assist persons with disabilities. The visitor must provide staff with certification that the animal is trained for that purpose.

Cameras, cell phones, pagers, recording devices, MP-3 players, wrist watches, portable computers, USB computer devices, or other wireless communications or telecommunications devices, will not be permitted.

The administration and staff at the FCI Bastrop, Satellite Prison Camp, have every desire to make your visit as pleasant as possible. Should you have any questions concerning the visiting
