Physical Plant

Number of buildings: Auditors should count all buildings that are part of the facility, whether inmates are formally allowed to enter them or not. In situations where temporary structures have been erected (e.g., tents) the Auditor should use their discretion to determine whether to include the structure in the overall count of buildings. As a general rule, if a temporary structure is regularly or routinely used to hold or house inmates, or if the temporary structure is used to house or support operational functions for more than a short period of time (e.g., an emergency situation), it should be included in the overall count of buildings.	18
Number of inmate housing units: Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house inmates of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows inmates to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.	8

Site Review and Documentation Sampling	
Site Review	
<i>PREA Standard 115.401(h) states, "The Auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: discussions related to testing critical functions are expected to be included in the relevant Standard-specific overall determination narratives.</i>	
59. Did you have access to all areas of the facility?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
a. If no, explain what areas of the facility you were unable to access and why.	N/A

During the review of the physical plant, the Auditor observed the facility layout, staff supervision of offenders, security rounds, interaction between staff and offenders, shower and toilet areas, placement of PREA posters, observation of availability of PREA information located adjacent to and in the inmate housing areas, observation of communication in general population housing areas, as well as segregated housing cells, search procedures, and availability and access of medical and mental health services. The Auditor observed and made note of the video monitoring system and camera placement throughout the facility, including reviewing the monitors in the control room. Facility staff allowed the Auditor full access to all areas in FCI Beckley. The tour included the administrative area, visitation, classrooms, recreation yards, warehouse, commissary, library, medical, kitchen, receiving and discharge, and offender housing units. During the tour, the Auditor was observing for blind spots, opposite gender announcements, the overall level of supervision and staff/inmate interactions. Observations were made of PREA posters and other PREA related materials prominently displayed throughout the facility. The Auditor observed staff performing security rounds, commissary operations, food service operations,</p>

	<p>offenders working in various areas and staff making opposite gender announcements. Medical personnel were observed conducting treatments with offenders. The Auditor reviewed a random sampling of personnel files to determine compliance related to standards on hiring and promotion and background check procedures for officers and contract staff. The Auditor reviewed the annual PREA training rosters maintained by the training staff and cross referenced the staff files with the training rosters to ensure training was verified. The training coordinator explained the process for relaying the mandated PREA information to new hires, as well as the procedure for annual refresher training. Random offender case files were reviewed to evaluate intake procedures, including screening and subsequent housing decisions, and verify offender PREA education. In addition, the intake and receiving procedures were observed and intake screenings are conducted in private. The Auditor requested additional supporting documentation to include: training records for randomly chosen staff, randomly chosen inmate medical records, randomly chosen inmate classification records, volunteer records, contractor records, and staff personnel files including PREA disclosure forms for hiring and promotions if applicable.</p>

PREVENTION PLANNING

Standard 115.11: Zero tolerance of sexual abuse and sexual harassment; PREA coordinator

115.11 (a)

- Does the agency have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment? ☒ Yes ☐ No
- Does the written policy outline the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment? ☒ Yes ☐ No

115.11 (b)

- Has the agency employed or designated an agency-wide PREA Coordinator? ☒ Yes ☐ No
- Is the PREA Coordinator position in the upper-level of the agency hierarchy? ☒ Yes ☐ No
- Does the PREA Coordinator have sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities?
☒ Yes ☐ No

115.11 (c)

- If this agency operates more than one facility, has each facility designated a PREA compliance manager? (N/A if agency operates only one facility.) ☒ Yes ☐ No ☐ NA
- Does the PREA compliance manager have sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards? (N/A if agency operates only one facility.)
☒ Yes ☐ No ☐ NA

6. Inmate Admission and Orientation Handbook
7. Agency Directives

Interviews:

1. Interview with the PREA Coordinator
2. Interview with the PREA Compliance Manager
3. Random and Specialized Staff

Findings (By Provision):

115.11 (a): Agency Directives and Policies address the requirements of this provision. The agency mandates a zero-tolerance directive towards all forms of sexual abuse and sexual harassment and outlines the agency's strategies on preventing, detecting, and responding to such conduct. The agency has a comprehensive PREA Policy: PS 5324.12 as well numerous other policies and procedures that supplement the PREA Plan. The agency policies outline the strategies on preventing, detecting, and responding to such conduct and include definitions of prohibited behavior. Agency policies address "preventing" sexual abuse and sexual harassment through the designation of a PREA Coordinator and PREA Compliance Manager, criminal history background checks (staff, volunteers, and contractors), training (staff, volunteers, and contractors), staffing, intake/risk screening, classification, inmate education, posting of signage (PREA posters, etc.), and contract monitoring.

The policies and directives address "detecting" sexual abuse and sexual harassment through training (staff, volunteers, and contractors), and intake/risk screening.

The policies and directives address "responding" to allegations of sexual abuse and sexual harassment through reporting, investigations, victim services, medical and mental health services, disciplinary sanctions for staff and inmates (PS 3420.11 and PS 5270.09), incident reviews and data collection and analysis. The policy is consistent with the PREA standards and outlines the agency's approach to sexual safety.

The Inmate Handbook, PREA Posters, and PREA Brochure address sexual abuse by another inmate, and the Inmate Handbook addresses sanctions for inmates when involved in such conduct. Based on staff interviews and a review of practices, the Auditor noted staff monitor for inmate-on-inmate sexual misconduct in accordance with the PREA program. All allegations are reported and investigated, and inmates are held accountable.

115.11 (b): Agency Directives and the BOP PREA Plan addresses the position of the agency PREA Coordinator, which outlines the roles and responsibilities of the position and calls for the position being allowed enough time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in each facility.

The agency's organizational chart reflects that the agency PREA Coordinator position (referred to as the National PREA Coordinator) is an upper-level position with agency-wide oversight.

The PREA Coordinator is a Psychologist under the Psychology Services Branch and reports to the Assistant Director, Reentry Services Division. The PREA Coordinator provides guidance through regional agency PREA Coordinators and facility PREA Compliance Managers. The position is full-time and the PREA Coordinator reported having enough time to manage all the PREA related responsibilities, with the freedom to divert responsibilities to other staff as needed to focus on the audit.

Based on the agency directive, agency's organization chart, and the interview with the designated agency PREA Coordinator, the Auditor determined the agency demonstrates it meets the requirements of this provision of this standard.

115.11 (c): The Program Statement (PS) 5324.12, Sexually Abusive Behavior Prevention and Intervention Program and Institution Supplement (IS) BEC-5324.12i, Sexually Abusive Behavior Prevention and Intervention Program, address the requirements identified in the standard. The agency has appointed a psychologist assigned to the BOP Reentry Services Division as the National PREA Coordinator. This position reports to an Assistant Director.

The facility has designated the Associate Warden as the staff member responsible for ensuring PREA compliance. The PAQ indicated that the PREA Compliance Manager has sufficient authority and time to coordinate the facility's PREA efforts. The facility's organizational chart confirms that the Associate Warden is responsible for PREA compliance and that he/she reports directly to the Warden regarding all PREA-related concerns. The interview with the PREA Compliance Manager indicated he has sufficient time to coordinate the facility's PREA compliance.

The evidence shows that the agency has a PREA policy, has designated an upper-level, agency-wide PREA Coordinator as verified through the organizational chart and the facility has a PREA Compliance Manager as verified through the organizational chart. Based on the review of the PAQ and related documents, PREA implementation appears to comply with the standard under the PREA Coordinator and PREA Compliance Manager. The preparedness for the audit and overall incorporation of institutionalized sexual safety practices demonstrates that the PREA Coordinator and PREA Compliance Manager have sufficient time and authority to accomplish PREA responsibilities for the agency and facility. As such, this standard appears to be compliant.

Standard 115.12: Contracting with other entities for the confinement of inmates

115.12 (a)

- If this agency is public and it contracts for the confinement of its inmates with private agencies or other entities including other government agencies, has the agency included the entity's obligation to comply with the PREA standards in any new contract or contract renewal signed on or after August 20, 2012? (N/A if the agency does not contract with private agencies or other entities for the confinement of inmates.) ☐ Yes ☐ No ☒ NA

115.12 (b)

- Does any new contract or contract renewal signed on or after August 20, 2012 provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards? (N/A if the agency does not contract with private agencies or other entities for the confinement of inmates.) ☐ Yes ☐ No ☒ NA

Auditor Overall Compliance Determination

- ☐ **Exceeds Standard** (*Substantially exceeds requirement of standards*)
- ☒ **Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- ☐ **Does Not Meet Standard** (*Requires Corrective Action*)

Documents:

1. Pre-Audit Questionnaire
2. Contracts for Confinement of Inmates

Interviews:

1. Interview with the Agency's Contract Administrator

Findings (By Provision):

115.12 (a)(b): Agency Directive(s) and BOP PREA Plan address(es) this provision. The agency reported the agency-wide contract requires the agency to monitor the contractor's compliance with the PREA standards.

The agency reported there were a total of zero contracts for the confinement of inmates and 157 Residential Reentry Centers (RRCs) that the agency had entered or renewed with private entities or other government agencies.

The agency-wide contract requires the agency to monitor the contractor's compliance with the PREA standards.

A review of the contract reflected the entity's obligation to adopt and comply with the PREA standards. A review of the agency directive and of the contract that the agency had entered or renewed with private entities or other government agencies reflected all the contracts met the required entity's obligation to adopt and comply with the PREA standards.

The agency's Contract Administrator reported she is required to maintain regular contact with every inmate placed in a contract facility. If there are concerns, agency protocol requires the inmate be removed from the facility and the facility allowed time to make corrective action and address the concerns. Corrective actions are addressed before the facility is reconsidered and notification would also be made to law enforcement. The Contract Administrator annually collects credentialing documentation for each facility including, facility license; staff licenses or certifications; daily schedule; and monitoring reports or the licensing agency's website regarding the facility's status; as well as tours the facility.

The BOP is no longer actively soliciting new contracts with private facilities. All contracts have expired; thus, the BOP no longer contracts with private agencies/entities for the confinement of federal inmates.

The Contract Administrator reported PREA compliance results are completed and that the PREA Coordinator has implemented a tracking process for this. A review of the agency directive, agency contract and interview with the contract administrator and PREA Coordinator demonstrated the agency meets the requirements of this provision and this standard appears to be compliant.

Corrective Action: None

Standard 115.13: Supervision and monitoring

115.13 (a)

- Does the facility have a documented staffing plan that provides for adequate levels of staffing and, where applicable, video monitoring, to protect inmates against sexual abuse?
☒ Yes ☐ No
- In calculating adequate staffing levels and determining the need for video monitoring, does the staffing plan take into consideration: Generally accepted detention and correctional practices?

Findings (By Provision):

115.13 (a): PS 3000.03, Human Resource Management Manual addresses the agency's staffing plan development. Agency policy, the facility staffing plan and the Workforce Utilization Committee meeting minutes address the requirements of the standard. The policy indicates that the Workforce Utilization Committee will formulate a staffing plan based on the number of allocated positions, historical turnover and anticipated vacancies. Additionally, the policy states that the committee will review departmental rosters, review findings of program, operational and other management reviews and recommend actions designed to increase effective use of resources. Per the policy, the vacancy rate will not exceed ten percent during any eighteen-month period. The staffing plan takes into consideration generally accepted detention practices, any judicial findings of inadequacy, any finding of inadequacy from Federal investigative agencies, any finding of inadequacy from internal or external oversight bodies, all components of the facility's physical plant, the composition of the inmate population, the number and placement of supervisory staff, the institutional programs occurring on a particular shift, any applicable State or local laws, the prevalence of substantiated and unsubstantiated incidents of abuse and any other relevant factors.

The PAQ indicated that the current staffing is based on 1,677 inmates. The facility currently employs 318 staff. Custody staff mainly make up three shifts: first shift is 8:00am-4:00pm, second shift is 4:00pm-12:00am, and third shift works is 12:00am-8:00am. The facility operates on a unit management concept. Officers are assigned to each housing unit, along with a case manager. Additional officers are assigned to other ancillary areas. Medical, mental health and administrative staff have varying work schedules. Medical staff are on-site 6 am to 10 pm and on-call 10 pm to 6 am to 24/7 to provide medical care as needed. Interviews with the Warden and the PREA Compliance Manager confirmed that the facility has a staffing plan that provides adequate staffing levels and that they comply with the plan on a regular basis.

Staff reported they follow the agency directives and PREA standards, taking into consideration the composition of the inmate population and their needs, scheduled programming, and staff placement.

The Workforce and Utilization Plan Meeting Minutes indicate that the staff consider PREA in deciding which positions to fill and/or any additional positions needed to address any PREA concerns. The Executive Staff noted that upgrades to the video monitoring system are ongoing. The auditor reviewed the Workforce and Utilization Plan Meeting Minutes for the review period.

Interviews with the Warden, PREA Compliance Manager and Supervisory Staff indicate that to ensure compliance with the staffing plan, the facility monitors staffing throughout the shifts and thoroughly review all serious incident reports. During the on-site audit, a review of the agency directive, staff interviews, and the facility's staffing plan indicated all the elements are addressed.

115.13 (b): The facility indicated in the PAQ and per memo from the Warden that no deviations from the staffing plan had occurred during the previous twelve months. The interview with the Warden indicated that deviations would not occur as policy does not allow for correctional service rosters to be unmanned. The Warden and PREA Compliance Manager both stated that the facility continually evaluates the staffing plan to eliminate any blind spots, add cameras where needed, and to place staff in high traffic areas and areas that may have special populations such as SHU. The Warden stated that the Workforce Utilization Committee reviews staffing plan levels and had determined that staffing levels were found to be adequate. Video monitoring systems have been and continue to be updated. Per the Warden, the Captain provides weekly camera updates to the Executive Staff to ensure all video equipment is working properly.

Any deviations from the staffing plan would be documented in accordance with policy requirements. The PREA Compliance Manager indicated that staff review the population to include aggressors and victims and determine any areas of weakness at the facility or areas that need closer supervision for these individuals. The PREA Compliance Manager, in coordination with Psychology notifies staff of the high-risk inmates at the facility.

The Associate Warden indicated that required staffing levels would be maintained through voluntary or mandated overtime (if needed), and/or augmentation using non-custody staff. The staffing plan addresses and ensures adequate staff to inmate ratios, as well as adequate staff to provide programming and custody to protect inmates against sexual abuse. At the time of the onsite review, correctional services had 87% of positions filled. The facility was at 90% staffing overall.

115.13 (c): A review of the facility staffing plan and the quarterly Salary and Workforce Utilization Committee annual meeting minutes confirm that PREA issues were considered when filling positions and developing work rosters/assignments. The plan was reviewed to assess, determine and document whether any adjustments were needed to the staffing plan, the deployment of video monitoring technologies and/or the resources available to commit to ensuring adherence to the staffing plan. Interviews with the Warden, Captain and PREA Compliance Manager confirmed that the facility considers the items detailed in the standard when developing the staffing plan. The facility and the agency review the staffing plan at least quarterly. There have been no judicial findings of inadequacy, findings of inadequacy from federal investigative agencies or findings of inadequacy from internal or external oversight bodies relevant to this standard. The agency reported no deviations with the staffing plan in place.

Per memo from the Warden on May 5, 2025, the staffing plan was reviewed and assessed. The Warden noted that he determined that FCI Beckley has adequate staffing and resources to protect inmates from sexual abuse, deter sexually abusive behavior and intervene when possible abuse occurs. The committee also reviewed and assessed monthly Work Programming meetings and reports.

115.13 (d)(e): PS 5324.12 indicates that the Institution Duty Officer (IDO) is required to make weekly unannounced rounds on all shifts to identify and deter sexual abuse and sexual harassment. These rounds are required to be documented and forwarded to the PREA Compliance Manager for retention. Additionally, BEC-5324.12i indicates that unannounced rounds by supervisory staff conducted with the intent of identifying and deterring sexual abuse and sexual harassment are conducted every week. PS 5324.12 prohibits staff from alerting other staff members that the supervisory rounds are occurring, unless such announcement is related to legitimate operational functions of the facility.

A review of supplemental documentation indicated that rounds are being conducted weekly by the IDO in all locations at the facility. The review of Institution Duty Officer unannounced PREA rounds logs confirmed that intermediate-level or higher-level staff conduct and document such visits throughout the institution, including nights and weekends. Logbooks are used to document unannounced rounds, which are the responsibility of the posted officer to maintain. Interviews with supervisory staff indicate that they vary their route, deviating their times and locations when making rounds, not following a consistent pattern to prohibit staff from alerting other staff about the rounds. Interviews with inmates and housing unit officers confirmed that random, unannounced rounds are conducted by Institution Duty Officers daily, including nights and weekends.

During the site review, the auditor reviewed logs and found that supervisors are making and documenting rounds as required by the standard.

Based on a review of the PAQ, PS 3000.03, PS 5324.12, BEC-5324.12i, the staffing plan, staffing plan reviews, documentation of unannounced rounds, observations made during the tour, interviews with supervisory staff, and supplemental documentation provided by the facility, this standard appears to be compliant.

Standard 115.14: Youthful inmates

115.14 (a)

- Does the facility place all youthful inmates in housing units that separate them from sight, sound, and physical contact with any adult inmates through use of a shared dayroom or other common space, shower area, or sleeping quarters? (N/A if facility does not have youthful inmates [inmates <18 years old].) ☐ Yes ☐ No ☒ NA

115.14 (b)

- In areas outside of housing units does the agency maintain sight and sound separation between youthful inmates and adult inmates? (N/A if facility does not have youthful inmates [inmates <18 years old].) ☐ Yes ☐ No ☒ NA

- In areas outside of housing units does the agency provide direct staff supervision when youthful inmates and adult inmates have sight, sound, or physical contact? (N/A if facility does not have youthful inmates [inmates <18 years old].) ☐ Yes ☐ No ☒ NA

115.14 (c)

- Does the agency make its best efforts to avoid placing youthful inmates in isolation to comply with this provision? (N/A if facility does not have youthful inmates [inmates <18 years old].) ☐ Yes ☐ No ☒ NA
- Does the agency, while complying with this provision, allow youthful inmates daily large-muscle exercise and legally required special education services, except in exigent circumstances? (N/A if facility does not have youthful inmates [inmates <18 years old].) ☐ Yes ☐ No ☒ NA
- Do youthful inmates have access to other programs and work opportunities to the extent possible? (N/A if facility does not have youthful inmates [inmates <18 years old].) ☐ Yes ☐ No ☒ NA

Site Review Observations:

1. Observations in Housing Units and Rosters – None under the age of 18

115.14 (a)(b)(c): FCI Beckley does not house youthful inmates. A review of the daily population report indicated that no inmates under the age of 18 were housed at the facility within the previous twelve months. During the tour, it was observed that no inmates under the age of 18 were housed at the facility. The Warden and PREA Compliance Manager confirmed that the facility has not and does not house inmates under the age of 18. As such, this provision is not applicable.

Based on a review of the PAQ, daily population reports, observations made during the tour and

information from the interviews with the Warden and PREA Compliance Manager, this standard appears to be not applicable and as such, compliant.

Site Review Observations:

1. Observations of Privacy Barriers and Shower Curtain in Bathroom Areas
2. Observation of Opposite Gender Announcements

Findings (By Provision):

115.15 (a): PS 5324.12 and PS 5521.06 address the requirements of the standard. FCI Beckley does not permit cross-gender strip searches or cross-gender visual body cavity searches, except in exigent circumstances or when performed by medical practitioners. There was no cross-gender visual body cavity or strip searches conducted at the facility during the audit period. Officers would be required to document all cross-gender strip searches and cross-gender visual body cavity searches. In such a case, this exception would be documented in the inmate's central file. Interviews with staff confirmed that they were aware of the prohibition of visual body cavity or strip searches of the inmates of the opposite gender except in exigent circumstances.

Random staff interviews confirmed that male and female officers had been trained to conduct cross-gender pat searches. As confirmed by observations during the on-site review of inmate housing units, inmates are permitted to shower, perform bodily functions, and change clothing privately. The agency and facilities require staff of the opposite gender to announce their presence or otherwise notify the inmates when entering an inmate housing unit. Inmate interviews confirmed that staff members of the opposite gender usually announce their presence when entering housing units. The auditor observed this practice during the on-site review of the facility. Staff would not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. Interviews with inmates confirmed that officers were professional and respectful when performing pat searches. Interviews with staff/inmates, auditor observations and an examination of policy/supporting documentation confirm compliance with this standard.

The agency reported there have been no incidents of cross-gender strip or cross-gender visual body cavity searches of inmates. This was confirmed through staff interviews.

115.15 (b): Agency Directives and BOP PREA Plan address this provision. Agency policy requires strip searches be conducted by staff of the same gender as the inmate. There have been no incidents of cross-gender strip or cross-gender visual body cavity searches of inmates. Staff interviews revealed staff are aware they are prohibited from conducting cross-gender strip searches, but are trained to conduct cross-gender pat-down searches.

Executive Staff indicated staffing levels are sufficient to ensure cross-gender strip searches do not occur. Staff interviewed reported they had not conducted a cross-gender strip search or knew of this practice taking place. Inmates stated they have always been searched by same-gender staff. A review of the agency directive and staff interviews indicates no cross-gender strip searches have been conducted. Inmate interviews confirmed no cross-gender strip searches are conducted.

115.15 (c): Agency Directives and BOP PREA Plan address this provision. Agency directive requires strip searches are conducted by staff of the same gender as the inmate. PS 5521.06 discusses visual searches and body cavity searches. Visual searches are to be conducted by

staff of the same gender as the inmate, except where circumstances are such that a delay would mean the loss of contraband. In such a case, this exception would be documented in the inmate's central file. Agency policy states that body cavity searches are only conducted by qualified health personnel upon the approval of the Warden or Acting Warden and such searches are documented in the inmate's central file.

The facility does not house female inmates.

The PAQ indicated that no cross-gender searches have been conducted in the previous twelve months.

115.15 (d): Agency Directives and BOP PREA Plan address this provision. During the on-site audit, the Auditor observed that inmates have sufficient privacy to perform bodily functions. There is no opportunity for female staff to view the male inmates performing bodily functions outside of incidental viewing related to security rounds.

The Auditor noted that female staff would announce themselves accordingly when entering a housing unit. Staff interviews revealed that female staff are aware of the requirement to announce themselves when entering a housing unit. Male staff are also aware of this requirement and stated that announcements are made both over the intercom and by the female staff themselves.

There is information posted about this in the units, and an announcement is routinely made over the loud speaker when a female staff member is working in the unit. Inmates interviewed reported staff of the opposite gender generally announce themselves upon entering the housing unit and that they would never be in a state of undress in front of female staff as they are required to be dressed in the housing unit common areas. Interviews with random inmates and interviews with random staff indicated that inmates have privacy when showering, using the restroom and changing clothes. Many inmates stated that there were not a lot of female officers working in their housing unit. Of the 45 inmates interviewed, five inmates stated that the female staff don't announce upon entering. These inmates also said that there were no issues with privacy and them being able to shower, change or go to the bathroom without female staff seeing them undressed.

The facility refers to PS 5324.12 for policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttock, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks.

The auditor observed during the site review that all housing areas have showers and toilets that are sufficiently private while still allowing for custody staff to ensure the safety of the offenders.

115.15 (e): Agency Directives and BOP PREA Plan address this provision. Staff interviews indicate staff are aware of the prohibition of searching or physically examining a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. Staff stated the determination of the inmate's genital status would be made by medical staff if there were any question.

Policy indicates that a staff member at FCI Beckley shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. The PAQ indicated that there had been no searches of this nature within the past twelve months.

Interviews with five transgender females indicate that searches of the transgender inmates are performed respectfully and in accordance with policy and the standard.

115.15 (f): Training documentation reflected staff attended and participated in "Cross-Gender and Transgender Pat Searches" training during onboarding, and refresher training is available online. The Sexually Abusive Behavior Prevention and Intervention Program Annual Training Curriculum indicated that staff are trained on conducting cross gender pat searches and searches of transgender and intersex inmates in a professional and respectful manner on the first day of the annual training.

A review of the agency directive, training documentation, and staff interviews indicate staff are prohibited from conducting cross-gender strip searches or visual body cavity searches, however, all staff are trained on how to conduct cross-gender pat-down searches if exigent circumstances exist which exceeds the requirements of this provision.

A review of the training curriculum confirms that the training covers cross-gender pat-searches and searches of transgender and intersex inmates. The PAQ indicated that 100% of staff had received this training. The Auditor reviewed training records which indicated all facility staff had received this training. Interviews with a random sample of staff indicated that they all had received this training during the previous year. The facility provided rosters for completed annual training, which were reviewed by the auditor.

Based on a review of the PAQ, PS 5521.06, PS 5324.12, BEC-5324.12i, the Sexually Abusive Behavior Prevention and Intervention Program Training Curriculum, Memorandum from the Warden, staff training records, observations made during the tour including physical layout and the opposite gender announcement, as well as information from interviews with random staff, random inmates and transgender inmates indicate this standard appears to be compliant.

1. Observations of PREA Posters in English and Spanish

Findings (By Provision):

115.16 (a): PS 5324.12 and the Admission and Orientation (A&O) Handbook address the requirements of the standard. Through agency policy and practice, the facility ensures that inmates with all disabilities as listed in the standard have an equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. If needed, the PREA Compliance Manager would be responsible for reaching out to local disabilities assistance offices to ensure the facility is providing effective communication accommodations when needed. Interviews with staff indicate that FCI Beckley shall take appropriate steps to ensure that inmates with disabilities have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Per BEC-5324.12i, inmates that have disabilities that prevent them from reading or understanding the PREA pamphlet will be provided an accommodation by the department that identifies it, and will notify the inmate's Unit Manager. The Unit Manager will take appropriate steps to ensure that inmates with disabilities have an equal opportunity to participate in or benefit from all aspects of the facility's efforts to comply with PREA.

All written PREA-related information, including postings, brochures and handouts are available in English, Spanish, and other languages. Staff will also read information to inmates when necessary. Translation services are available through a contracted language service for inmates who are not English proficient, and the facility has staff who are proficient in languages other than English. The facility does not rely on inmate interpreters, inmate readers or other types of inmate assistance in the performance of first responder duties or during the investigation of an inmate's allegations. Interviews with staff confirmed their awareness of the prohibition of using inmate interpreters for PREA compliance functions.

Interviews with one non-English proficient inmate confirmed the availability and use of the staff and telephonic interpretive services. Interviews with staff, other inmates and an examination of policy/supporting documentation also confirm compliance with the provisions of this standard.

The interview with the Agency Head Designee indicated that inmates receive PREA information in a format that they can understand. A review of inmate files indicated that inmates with disabilities received PREA information in a way that they understood. The Auditor observed PREA signage to be in large text and in bright colors. Interviews with inmates identified as disabled revealed they are aware of the PREA program and their rights.

115.16 (b): Agency directive, BOP PREA Plan and a review of posters, inmate handbooks, and training certificates, address this provision. PS 5324.12 and BEC-5324.12i establishes the procedure to ensure meaningful access to all the aspects of the facility's efforts to prevent, detect and respond to sexual abuse and sexual harassment to inmates who are Limited English Proficient (LEP). Per agency policy, the PREA Compliance Manager is responsible for reaching out to available interpretation services to ensure the facility is providing effective

communication accommodations. The facility has staff that are bilingual and assist in translation when needed. The agency has a contract with LanguageLine Solutions to provide translation services for inmates who are LEP. This is a telephonic service the facility can utilize that will translate information between the staff member and LEP inmate.

The auditor interviewed one Limited English Proficient (LEP) inmate. The LEP inmate the Auditor interviewed was aware of PREA and how to report, and had received orientation information and a handbook in Spanish.

A review of PREA posters, the inmate handbook, PREA directives and inmate distributed information confirmed that information is available in both English and Spanish. A review of the file for the LEP inmate interviewed indicated that he had received PREA information and acknowledged receipt of this. During the tour, it was observed that PREA signage was posted throughout the facility in English and Spanish.

115.16 (c): Agency directive, BOP PREA Plan and review of posters, inmate handbooks, and training certificates address this provision. PS 5324.12 and BEC-5324.12i prohibits the use of inmate interpreters, readers or any other type of inmate assistants for allegations of sexual abuse and sexual harassment, except in limited circumstances where an extended delay could compromise the inmate's safety. The facility has identified staff that can translate in Spanish. The LEP inmates interviewed reported being provided PREA-related information verbally from staff and understanding their rights as it pertained to PREA and had an understanding on how to report an allegation.

The PAQ indicated that there were no instances where an inmate was utilized to interpret, read or provide other types of assistance. Interviews with a random sample of staff indicated that inmates are not utilized to translate for PREA purposes. All staff interviewed reported they would never use inmates to interpret for another inmate for a PREA related situation unless there was an emergency.

Interviews with LEP inmates and inmates with identified disabilities indicated that other inmates were not utilized for translation. Interviews revealed that the facility has resources for translation, and both staff and inmates are aware of these services.

Based on a review of the PAQ, PS 5324.12, BEC-5324.12i, the LanguageLine Solutions contract, a review of PREA signage and information, the inmate handbook, observations made during the tour to include the PREA signage as well as interviews with staff, and inmates with identified disabilities and LEP inmates indicate that this standard appears to be compliant.

Interviews:

1. Interview with Human Resource Staff

Findings (By Provision):

115.17 (a)(e)(h): PS 3000.03 Human Resource Management Manual, PS 3420.11, Standards of Employee Conduct, the Pre-Employment Guide, SF85P (Questionnaire for Public Trust Positions) and a BOP recruitment document address the requirements of the standard. PS 3000.03 indicates that a statement indicating eligible external applicants must meet all application criteria and conditions of employment. All employees who have contact with inmates have had a full field background investigation in addition to fingerprinting and inquiry into the FBI's National Crime Information Center (NCIC). The PAQ and interviews with staff indicated that the agency will not hire or promote anyone who may come in contact with inmates, and shall not enlist the services of any contractor who may have contact with inmates if they have: engaged in sexual abuse in prison, jail, lockup or any other institution; been convicted of engaging or attempting to engage in sexual activity in the community or has been civilly or administratively adjudicated to have engaged in sexual abuse by force, overt or implied threats of force or coercion. Additionally, the facility does not hire or promote anyone who has engaged in any type of sexual abuse/harassment. Employees have a duty to disclose such misconduct and material omissions regarding such misconduct would be grounds for termination. Submission of false information by any applicant is grounds for not hiring the applicant.

All staff have a background completed which included their criminal history, credit history and other record inquiries. Contractors and volunteers who have regular contact with inmates also have criminal background checks completed prior to having contact with inmates. Volunteer and contractor background checks are repeated yearly. Files reviewed for contractors hired within the previous year indicated contractors had a background check completed prior to enlisting their services. Files reviewed of the facility volunteers at the time of the onsite review indicated volunteers had completed an application process and had a background check

completed prior to enlisting their services. An interview with facility staff responsible for the volunteer files and training confirmed this information. The facility provided the auditor with documentation and information to support compliance, including the volunteer training agenda and signed acknowledgements for both Level 1 and 2 volunteers.

Employee backgrounds are re-checked every five years based on their anniversary date.

The Memorandum for Human Resource Managers documented that the agency provides information related to substantiated allegations of sexual abuse or sexual harassment involving a former employee to institutional employers for whom the employee has applied to work. Specifically, the memo indicates that all requests should be forwarded to the Office of Internal Affairs and that this office will respond to all requests. The Human Resource Manager was interviewed and confirmed that the agency attempts to contact prior employers for information on substantiated allegations of sexual abuse or resignations which occurred during a pending investigation of sexual abuse. The Human Resource Manager also confirmed that the agency, not the facility, provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee, upon receiving a request from an institutional employer for whom such employee has applied to work. The agency, not the facility, notifies appropriate licensing/certifying agencies when professional staff members are terminated for substantiated allegations of sexual abuse or sexual harassment. Human resource staff indicated that this information would be provided when requested. A review of policy, personnel forms, and relevant supporting documentation, including staff interviews, confirm compliance with this standard.

A review of the eligibility questions on the USA Jobs Application indicated that the three questions are required to be answered electronically for all applicants. A review of personnel files for staff who were hired in the previous twelve months indicated that all had completed an application and as such were required to answer the eligibility questions. The interview with Human Resource staff indicated that the questions are part of the hiring process.

115.17 (b): Agency Directives and BOP PREA Plan address this provision. The Auditor interviewed the Human Resource Staff. Staff reported the agency has incorporated and implemented the "Affirmative Duty to Disclose," which all staff were required to affirm and sign. The form includes a "material omissions" clause.

The General Employment Considerations for Staff indicates that the applicant's character or past conduct might impose a statutory bar to employment or impede employment by adversely impacting on the Bureau's efficiency by jeopardizing the ability to accomplish its mission successfully.

The PAQ indicated that the agency considers any incidents of sexual harassment in determining whether to hire or promote any staff or enlist the services of any contractor who may have contact with an inmate. Human Resource staff informed the auditor that sexual

harassment is considered when hiring or promoting staff or enlisting services of any contractors.

115.17 (c): Agency Directives and BOP PREA Plan address this provision. The agency directive requires job applicants to have background checks completed and address any issue of prior sexual misconduct. The background checks are completed prior to any inmate contact. All contractor staff are screened using the same process. The Human Resource staff confirmed this process.

Standard Form 85P and the BOP Recruitment Flyer indicates that employment is subject to satisfactory completion of a background investigation, which also includes law enforcement and criminal records checks, credit checks, inquiries with previous employers and personal references.

The PAQ indicated that 100% of the 45 staff hired in the past twelve months that may have contact with inmates had received a criminal background check and prior institutional employers were contacted. A review of personnel files indicated that all staff had a criminal background check completed and all prior institutional employers contacted. Additionally, all staff are fingerprinted and any future arrest is automatically reported to the agency through the National Background Investigations Bureau. Human Resource staff indicated that staff have an affirmative duty to disclose any contact with law enforcement.

115.17 (d): Agency Directive(s) and BOP PREA Plan address(es) the elements of this provision. Agency directive defines staff to include volunteer or contracted program services staff. All staff are subjected to a criminal background check. PS 3000.03 indicates that the agency performs criminal background checks before enlisting the services of any contractor who may have contact with inmates via a check of the National Crime Information Center (NCIC).

The PAQ indicated that criminal background record checks were conducted on contracted staff covered in the contracts (2) who might have contact with inmates. A review of contractor personnel files indicated that a criminal background check had been conducted. Human Resource staff confirmed that all contractors have a criminal background check completed prior to enlisting their services.

115.17 (f): Agency Directive(s) and BOP PREA Plan address(es) this provision. The application process includes the "Affirmative Duty to Disclose" form for new hires, volunteers and contractors, and a review of personnel files indicated this process was being implemented. All staff files reviewed indicated the forms had been signed in accordance with directive. Staff interviews confirm the practice is in place and meets the requirements of this provision.

The agency will ask all applicants and employees who have contact with inmates directly about whether they have: engaged in sexual abuse in prison, jail, lockup or any other institution, been convicted of engaging or attempting to engage in sexual activity in the community or

been civilly or administratively adjudicated to have engaged in sexual abuse by force, overt or implied threats of force or coercion through a written application, during any interviews or through any written self-evaluations as part of a review of current employees. A review of the eligibility questions on the USA Jobs Application indicated that the three questions are required to be answered electronically for all applicants. A review of personnel files for staff who were hired in the previous twelve months indicated that all had completed an application and as such were required to answer the eligibility questions. Additionally, all staff had a background completed which included their criminal history, credit history and other record inquiries. The interview with Human Resource staff confirmed that these questions are required to be answered by all applicants.

115.17 (g): Agency Directives and BOP PREA Plan address this provision. Agency directive defines staff to include volunteer or contracted program services staff. Material omissions regarding sexual misconduct or the provision of materially false information is grounds for termination. The Questionnaire for Public Trust Positions indicates that falsifying or concealing facts is a felony which can result in fines and up to five years in prison. An interview with Human resource staff confirms that any false information or omissions would result in an employee or contractor being terminated.

Based on a review of the PAQ, PS 3000.03, Standard Form 85P, BOP Recruiting Flyer, National Background Investigations Bureau (NBIB), General Employment Considerations for Staff, Memorandum for Human Resource Managers, the Eligibility Questions, and a review of personnel files for staff and contractors and information obtained from the Human Resource staff interview indicates that this standard appears to be compliant.

Standard 115.18: Upgrades to facilities and technologies

115.18 (a)

- If the agency designed or acquired any new facility or planned any substantial expansion or modification of existing facilities, did the agency consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect inmates from sexual abuse? (N/A if agency/facility has not acquired a new facility or made a substantial expansion to existing facilities since August 20, 2012, or since the last PREA audit, whichever is later.)
☐ Yes ☐ No ☒ NA

115.18 (b)

- If the agency installed or updated a video monitoring system, electronic surveillance system, or other monitoring technology, did the agency consider how such technology may enhance the agency's ability to protect inmates from sexual abuse? (N/A if agency/facility has not installed or updated a video monitoring system, electronic surveillance system, or other monitoring technology since August 20, 2012, or since the last PREA audit, whichever is later.)

Site Review Observations:

1. Observations of Absence of Modification to the Physical Plant
2. Observations of Video Monitoring Technology

Findings (By Provision):

115.18 (a): The facility has not designed, acquired or planned any expansion or modification of the existing facility. The PAQ as well as the interview with the Warden confirmed there have not been any modifications to the facility since August 20, 2012. The Agency Head Designee and the facility Warden noted they would consider how any modifications to FCI Beckley may enhance the agency's ability to protect inmates from sexual abuse prior to implementing the any enhancements/upgrades. During the tour, the auditor did not observe any renovations, modifications or expansions.

115.18(b): Interviews revealed the Agency Head Designee, facility Warden, PREA Compliance Manager and Captain would consider how additions/updates to monitoring technology may enhance the agency's and the facility's ability to protect inmates from sexual abuse prior to implementing the video enhancements/upgrades. The Warden noted that they are responsive to recommendations from incident reviews and would add and update cameras based on such reviews.

The Captain completes weekly camera reviews, and stated that they regularly assess blind spots and the need for additional views. He indicated the cameras are used as a tool to enhance safety of both that staff and inmates. The Warden confirmed this information. He

stated that they have been and are in the process of replacing and adding cameras to enhance viewing and their efforts to protect the inmates from sexual abuse.

FCI Beckley has added and replaced cameras in the past 12 months to enhance safety of the inmate population and improve line of sight in potential blind spots. FCI Beckley operational cameras throughout the facility for monitoring blind spots and inmate areas. Per the Warden and PREA Compliance Manager, consideration is given to camera placement to enhance inmates' protection from sexual abuse, as well as ensuring their right to privacy when showering, changing clothes, etc.

Based on a review of the PAQ, and information from the Warden, PREA Compliance Manager and Captain interviews, this standard appears to be compliant.

RESPONSIVE PLANNING

Standard 115.21: Evidence protocol and forensic medical examinations

115.21 (a)

- If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)
☒ Yes ☐ No ☐ NA

115.21 (b)

- Is this protocol developmentally appropriate for youth where applicable? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) ☒ Yes ☐ No ☐ NA
- Is this protocol, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) ☒ Yes ☐ No ☐ NA

115.21 (c)

- Does the agency offer all victims of sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate? ☒ Yes ☐ No

- Are such examinations performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible? ☒ Yes ☐ No
- If SAFEs or SANEs cannot be made available, is the examination performed by other qualified medical practitioners (they must have been specifically trained to conduct sexual assault forensic exams)? ☒ Yes ☐ No
- Has the agency documented its efforts to provide SAFEs or SANEs? ☒ Yes ☐ No

115.21 (d)

- Does the agency attempt to make available to the victim a victim advocate from a rape crisis center? ☒ Yes ☐ No
- If a rape crisis center is not available to provide victim advocate services, does the agency make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member? (N/A if the agency *always* makes a victim advocate from a rape crisis center available to victims.) ☒ Yes ☐ No ☐ NA
- Has the agency documented its efforts to secure services from rape crisis centers? ☒ Yes ☐ No

115.21 (e)

- As requested by the victim, does the victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and support the victim through the forensic medical examination process and investigatory interviews? ☒ Yes ☐ No
- As requested by the victim, does this person provide emotional support, crisis intervention, information, and referrals? ☒ Yes ☐ No

115.21 (f)

- If the agency itself is not responsible for investigating allegations of sexual abuse, has the agency requested that the investigating agency follow the requirements of paragraphs (a) through (e) of this section? Findings (By Provision):

115.21 (a): PS 5324.12; BEC-5324.12i; the Guide for First Responder/Operations Lieutenant, PREA Investigation Policy Memo, PS 6031.04, Patient Care, and the PREA Checklist & Instructions address the requirements of the standard. The Prison Rape Elimination Act Investigation Policy Memorandum outlines the uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. The policy outlines evidence preservation, medical examinations, forensic crime scene investigation with biological evidence, handling biological evidence and detecting and testing forensic evidence.

Staff interviews indicated staff have a good understanding of their responsibilities as potential first responders, knowledge of agency directive, and staff roles and responsibilities pertaining to investigations of allegations of sexual abuse.

The agency is responsible for conducting administrative investigations, while the FBI is responsible for conducting criminal investigations, if warranted. Interviews with random staff indicated they are aware of evidence protocol and that they are responsible for preserving evidence.

115.21 (b): Agency Directives and BOP PREA Plan address this provision. FCI Beckley offers all inmates a forensic examination if sexually abused. The medical staff will contact Utilization Review who determines the best location with the available services for SANE/SAFE requirements. The Prison Rape Elimination Act Investigation Policy Memorandum indicates that medical forensic examinations are conducted in accordance with standards set forth in "A National Protocol for Sexual Assault Medical Forensic Examinations, Adult/Adolescents, DOJ Office of Violence Against Women, second edition, April 2013".

The facility reported one (1) SAFE/SANE examination was conducted at a local hospital during the last 12 months. All forensic exams are at no cost to the inmate and are available at any time. The victim will be escorted to the Emergency Department at a local hospital, which provides trauma - informed care for victims of sexual assault 24/7, 365 days a year. Per the HSA, the hospital has qualified medical personnel that are authorized to conduct forensic medical exams.

Psychology staff at the facility are trained as victim advocates and are available at the request of the inmate. This was confirmed by the Chief of Psychology, and the auditor reviewed documentation of the advocate training for psychology staff. The PREA Compliance Manager and Psychologist stated they have reached out multiple times to the local rape crisis center regarding renewing the previously established MOU and providing advocacy services for the inmates at Beckley and have not yet received a response. The auditor reviewed documentation of the multiple attempts to contact AWAY/Women's Resource Center, the local rape crisis center.

The auditor verified that Psychology staff are available to accompany an inmate to the hospital to act as an advocate.

A review of the agency directive and supporting documentation indicated the agency coordinates and ensures the protocol implemented is appropriate and in compliance with this provision.

115.21 (c): The Prison Rape Elimination Act Investigation Policy Memorandum indicates that all inmate victims of sexual abuse are offered a forensic medical examination, whether on-site, or at an outside facility, without financial cost. PS 6031.04 specifically states that only in institutions where extreme security concerns exist may an in-house physician be used. Forensic medical exams are provided at no cost to the inmate at a local hospital through the emergency department. Forensic medical exams are provided at one of the local hospitals for FCI Beckley – Beckley Appalachian Regional Healthcare Hospital, Charleston Area Medical Center, Raleigh General Hospital and Princeton Community Hospital.

The PAQ indicated that during the previous twelve months, there has been one forensic exam conducted. The auditor confirmed with the HSA that the inmate was not charged for this exam.

Interviews with correctional and health services personnel confirmed that they were all knowledgeable of the required procedures for obtaining, preserving, and securing physical evidence, when sexual abuse is alleged. Staff were aware that the Special Investigative Services (SIS), the Office of Internal Affairs (OIA), Office of the Inspector General (OIG) or the Federal Bureau of Investigation (FBI) conduct investigations relative to sexual abuse/harassment allegations. Victims of sexual assault are referred to health services for initial examination and treatment.

Such treatment would be for life preservation only and the victim would be transported to a community hospital for examination, treatment and forensic evidence gathering by a Sexual Assault Nurse Examiner (SANE). The practice was confirmed through interview with medical staff. All sexual abuse victim advocacy, examinations, treatment, testing, and follow-up care are provided without cost to the victim. Facility staff members (psychology staff) have also been trained as victim advocates.

Administrative investigations are conducted by trained investigators who are full-time employees of the facility. The Warden generates the referral to the outside agency (OIG or FBI). A review of facility training records confirmed that investigators have received investigator training offered by the BOP on the investigation of sexual abuse and harassment in confinement settings. An examination of policy/supporting documentation also confirm compliance with this standard. Per the PAQ and staff interviews, there was one forensic exam performed at a local hospital within the last year.

115.21 (d): Agency Directives and BOP PREA Plan address this provision. Victims of sexual assault are referred to health services for initial examination and treatment. Such treatment would be for life preservation only and the victim would be transported to a community hospital for examination, treatment and forensic evidence gathering by a Sexual Assault Nurse Examiner. All sexual abuse victim advocacy, examinations, treatment, testing, and follow-up care are provided without cost to the victim. This practice was confirmed by medical staff. Facility staff members (Psychology staff) have also been trained as victim advocates. A review of the agency directive and staff interviews indicate an established collaborative effort to ensure victim advocacy services are available for the inmates if needed through facility staff or outside resources.

The agency attempts to make available to the victim a victim advocate from a rape crisis center, and if a rape crisis center is not available, a qualified staff member from a community-based organization or a qualified agency staff member. FCI Beckley does not have a current MOU with the local rape crisis center. The facility has available qualified staff members in the psychology department to serve as advocates, if necessary. The auditor interviewed three inmates who reported sexual abuse at the facility. However, the nature of the allegations did

not require the inmates to be transported to the hospital. The inmates have access to the victim advocacy information as it is included in the inmate handbook and the pamphlet. They were also given this information by Psychology staff after reporting the allegations.

115.21 (e): Agency Directives and BOP PREA Plan address this provision. FCI Beckley does not have a current agreement with a community-based organization as stated above. Advocacy services are available by qualified agency staff members for victim advocacy while the inmate is at the hospital.

A review of the agency directive and staff interviews indicate an established collaborative effort to ensure victim advocacy services are available for the inmates, if needed. As requested by the victim, the victim advocate, qualified agency staff member or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews. Inmates would be transported to one of three local hospitals for forensic examinations. Additionally, the facility will ensure that an advocate will provide victim support services during the forensic medical exam and during investigatory interviews, if requested by the victim. The psychology staff will inform inmate victims about the availability of these services. The facility has available qualified staff members to serve as advocates, if needed.

The interview with Psychology staff indicated that they would respond to the hospital to accompany the inmate during a forensic exam, if requested.

115.21 (f)(g): The agency is responsible for conducting administrative investigations, while the FBI is responsible for conducting criminal investigations. A review of the MOU between the BOP and the FBI as well as the letter from the FBI to the BOP dated March 2, 2014 indicate that the FBI complies with all investigatory requirements under PREA standards 115.21, 115.34 and 115.71. Additionally, the FBI follows a uniform evidence protocol and utilizes the FBI Domestic Investigations and Operations Guide for training.

115.21 (h): The qualified agency staff member is one of the Psychologists at the facility. They have received training titled: Forensic Medical Exams: An Overview for Victim Advocates.

Based on a review of the PAQ, The PREA Investigation Policy Memo, PS 6031.04, memo related to forensic exams and advocacy, attempts to secure an MOU with the rape crisis center, the MOU with the FBI, the letter from the FBI, the qualified staff member documents and information from interviews with the PREA Compliance Manager indicates this standard appears to be compliant.

Interviews:

2. Interview with the Warden
3. Interview with Investigative Staff
4. Interview with PREA Compliance Manager

Findings (By Provision):

115.22 (a): PS 5324.12 addresses the requirement of the standard and outlines the administrative and criminal investigative process. Policy requires administrative or criminal investigations to be completed on all allegations of sexual abuse/harassment. The AG Memo and AG Order 2835-2006 indicates that the Office of the Inspector General has the authority to conduct criminal and administrative investigations throughout the Department. Additionally, the MOU with the FBI as well as PS 5508.02 confirms that the FBI is responsible for conducting criminal investigations related to Title 18 and/or any criminal activities at Bureau facilities. Allegations are reported to the Operations Lieutenant and immediately forwarded to the facility investigator for investigation. Administrative investigations are routinely assigned for completion by the Special Investigative Services Lieutenant. If, during an investigation, evidence surfaces indicating criminal misconduct, the case would be initially referred to the OIG and then to the FBI for criminal investigation. The SIS Lieutenant and Special Investigative Agent (SIA) were interviewed and are aware of their responsibilities in the investigative process.

The FBI would conduct criminal investigations for FCI Beckley involving inmate-on-inmate sexual abuse and the OIG would investigate staff-on-inmate criminal sexual abuse. An investigation would never be terminated due to an inmate being transferred or released or an employee leaving the agency.

A review of training documents confirmed that all investigators received instruction in conducting sexual assault investigations in confined spaces/prisons. Interviews with staff and an examination of policy/supporting documentation confirm compliance with this standard.

Per the facility and a review of records, there were 5 total allegations of sexual harassment reported within the previous twelve months, and 9 allegations of sexual abuse. An administrative investigation was completed for all allegations. A review of the investigative reports revealed that the allegations were investigated as required. Interviews with the agency head, PREA Compliance Manager, Investigators and Warden indicated that all allegations are

investigated. Specifically, the OIG investigates potential criminal cases involving staff-on-inmate sexual abuse; the OIA investigates administrative cases of staff-on-inmate sexual abuse or sexual harassment and the Special Investigative Services (SIS) Lieutenant at the facility investigates all other cases.

115.22 (b)(c): The agency's directive is posted on the agency's website in accordance with this provision. PS 5324.12 outlines the administrative and criminal investigative process. An administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. The AG Memo and AG Order 2835-2006 indicates that the Office of the Inspector General has the authority to conduct criminal and administrative investigations throughout the Department. Additionally, the MOU with the FBI as well as PS 5508.02 confirms that the FBI is responsible for conducting criminal investigations related to Title 18 and/or any criminal activities at Bureau facilities. A review of the BOP website indicated that PS 5508.02 which describes the FBI's authority to conduct criminal investigations is available at <https://www.bop.gov/PublicInfo/execute/policysearch?todo=query>.

115.22 (d)(e): This provision is not applicable as the agency is not required to respond to this provision.

Based on a review of the PAQ, PS 5324.12, PS 5508.02, the AG Memo, AG Order 2835-2006, the MOU with the FBI, the agency's website and information obtained via interviews with staff, this standard appears to be compliant.

3. BEC-5324.12i
4. Sexually Abusive Behavior Prevention and Intervention Program Training Curriculum
5. Sample of Staff Training Records (Acknowledgement Form)

Interviews:

1. Interview with Warden
2. Interview with Training Coordinator
3. Interview with Random Staff

Findings (By Provision):

115.31 (a): Agency Directives and BOP PREA Plan address this provision. PS 5324.12, as well as BEC-5324.12i indicate that all staff will receive the Sexually Abusive Behavior Prevention and Intervention Program training during institutional familiarization, and yearly thereafter as part of the annual refresher training. A review of the agency directive, training curriculum, various training documents, and staff interviews demonstrate PREA-related training is being conducted as required. A review of the Sexually Abusive Behavior Prevention and Intervention Program Training Curriculum outline and PowerPoint slides confirmed that the training includes information on: the agency's zero tolerance policy, how to fulfill their

responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the inmates' right to be free from sexual abuse and sexual harassment, the right of the inmate to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with inmates, how to communicate effectively and professionally with lesbian, gay, bisexual, transgender and intersex inmates and how to comply with relevant laws related to mandatory reporting. The agency directive and curriculum address all the required topics.

The Auditor interviewed a total of 12 randomly selected staff. Staff interviewed acknowledged attending and participating in the PREA training within the past year, and confirmed the required topics were covered during the training. Interviews revealed the staff have PREA training annually with their annual employee training, and they are given PREA refresher training periodically throughout the year. Employees are also given a PREA response card.

A review of staff training records indicated that 100% of those reviewed received PREA training. Interviews with random staff confirmed that they had received PREA training during annual training and that they receive information through supplemental BLU (Bureau Learning University) Trainings.

115.31 (b): Agency Directives and BOP PREA Plan address this provision. All agency employees, contractors, and volunteers are trained to meet the PREA standards. In the past 12 months, all facility staff were trained or retrained.

The BOP has a comprehensive training program which includes pre-service and annual in-service training and is tailored to meet the gender needs of the facility. The training documentation includes a signature roster and PREA Acknowledgement that indicates the trainees understand the training presented.

The interview process also documented those employees understood the materials presented. Refresher information is available in the employee handbook, through BLU trainings, and in-shift briefings. Staff reported all staff get the exact same training, regardless of working with male or female inmates in the agency.

PS 5324.12 indicates that the annual refresher takes into consideration the gender of the inmate population at each facility. A review of the training curriculum confirmed that the annual training includes information on male and female inmates.

115.31 (c): Agency Directives and BOP PREA Plan address this provision. Agency directive requires staff receive PREA-related training during orientation and on an annual basis.

The Auditor reviewed employee/contractor/volunteer training documents. A review of the selected training documents indicated all had participated and completed the required PREA

training. Training documentation supported the participation of all correctional staff, including participation by management and administrative support staff, in the PREA training.

The PAQ indicated that 302 (100%) staff have been trained in PREA requirements and that they receive PREA training annually. PS 5324.12 indicates that new employees receive the Sexually Abusive Behavior Prevention and Intervention Program training and that current employees receive the training as part of their annual training. A review of documentation confirmed that all staff received PREA training and that all hired prior to the previous twelve months had received annual refresher training. Staff are also issued laminated cards describing PREA procedures.

115.31 (d): Agency Directives and BOP PREA Plan address this provision. The agency maintains the signed acknowledgement forms which affirm the trainees understand the training they have received. Through staff interviews, it was evident to the Auditor that the staff understood the PREA training.

All staff are required to physically sign or electronically acknowledge that they received and understood the PREA training. A review of the training records indicate that all staff sign a training acknowledgement that states, "I have received and understand the training conducted regarding the agency's sexual abuse and sexual harassment policies and procedures." A review of staff training records indicated that staff have signed the acknowledgment form. The facility conducts annual training, as well as BLU trainings. The auditor reviewed annual training records for calendar year 2024.

The Auditor conducted an interview with the facility Training Coordinator. The Training Coordinator gave the Auditor a detailed description of the training materials, process and methods of instruction. During random staff interviews, they stated that they provide refresher information to the staff regarding PREA during briefings.

Based on a review of the PAQ, PS 5324.12, BEC-5324.12i, the Sexually Abusive Behavior Prevention and Intervention Program training curriculum, a review of staff training records, as well as interviews with random staff and the Training Coordinator, it appears the standard is compliant.

Standard 115.32: Volunteer and contractor training

115.32 (a)

- Has the agency ensured that all volunteers and contractors who have contact with inmates have been trained on their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures? ☒ Yes ☐ No

115.32 (b)

- Have all volunteers and contractors who have contact with inmates been notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents (the level and type of training provided to volunteers and contractors shall be based on the services they provide and level of contact they have with inmates)? ☒ Yes ☐ No

115.32 (c)

- Does the agency maintain documentation confirming that volunteers and contractors understand the training they have received? ☒ Yes ☐ No

3. Level I Volunteer Application/Training Form
4. Sample of Contractor Training Records
5. Sample of Volunteer Training Records
6. Training Documentation

Interviews:

1. Interview with Volunteers and/or Contractors who have Contact with Inmates
2. Human Resources
3. Reentry Affairs Coordinator

Findings (By Provision):

115.32(a): Agency Directives and BOP PREA Plan address volunteer and contractor training. All contractors who have contact with inmates at this facility have been trained to understand the requirements of PREA and the zero-tolerance directive. All contract staff were trained in and acknowledge they understand PREA.

The Auditor reviewed training documentation and the signatures that documented that they understood the training presented. Interviews with contract staff verified that they understood the PREA requirements associated with being a contractor. The contract staff recalls having training on PREA and was able to articulate aspects of the training, including awareness of the zero-tolerance policy and first responder duties.

The auditor interviewed one volunteer during the onsite review. Volunteers receive PREA training before first coming into the facility to provide services and was familiar with the zero tolerance policy and what to do if an inmate reported an allegation of sexual assault or sexual harassment. The auditor interviewed the Reentry Affairs Coordinator, who does PREA training with the volunteers. Level 1 volunteers come into the facility 4 times or less a year. Level 2 volunteers are badged and routinely come into the facility during the year. The volunteers receive 4 hours of initial training, which includes PREA. They also receive annual refresher training. The Auditor reviewed volunteer files and found that they are receiving PREA information, as well as annual refresher training.

Per the PAQ and staff, there are 8 contractors and 9 volunteers who have contact with inmates, who have been trained in agency policies and procedures regarding sexual abuse/harassment prevention, detection, and response.

115.32(b): Agency Directive and BOP PREA Plan address volunteer and contractor training. The agency's PREA training addresses the zero-tolerance directive. Training documentation reflected training specifically for contract staff and volunteers. The Auditor interviewed 2 contract staff. The contracted staff interviewed reported being trained on the agency's zero-tolerance directive regarding sexual abuse and sexual harassment, and of the reporting requirements, including the duty to report.

115.32(c): Agency Directive and BOP PREA Plan address volunteer and contractor training. The acknowledgment forms contained the proper affirmation statement. It was clear through interviews with contract staff and volunteers that they understood the PREA training they had received.

Based on a review of the PAQ, the PREA Training for Level I and Level II Volunteers, a review of a sample of contractor and volunteer training records, as well as interviews with volunteers and contracted staff, this standard appears to be compliant.

Standard 115.33: Inmate education

115.33 (a)

- During intake, do inmates receive information explaining the agency's zero-tolerance policy regarding sexual abuse and sexual harassment? ☒ Yes ☐ No
- During intake, do inmates receive information explaining how to report incidents or suspicions of sexual abuse or sexual harassment? ☒ Yes ☐ No

115.33 (b)

- Within 30 days of intake, does the agency provide comprehensive education to inmates either in person or through video regarding: Their rights to be free from sexual abuse and sexual harassment? ☒ Yes ☐ No
- Within 30 days of intake, does the agency provide comprehensive education to inmates either in person or through video regarding: Their rights to be free from retaliation for reporting such incidents? ☒ Yes ☐ No
- Within 30 days of intake, does the agency provide comprehensive education to inmates either in person or through video regarding: Agency policies and procedures for responding to such incidents? ☒ Yes ☐ No

115.33 (c)

- Have all inmates received the comprehensive education referenced in 115.33(b)?
☒ Yes ☐ No
- Do inmates receive education upon transfer to a different facility to the extent that the policies and procedures of the inmate's new facility differ from those of the previous facility?
☒ Yes ☐ No

115.33 (d)

- Does the agency provide inmate education in formats accessible to all inmates including those who are limited English proficient? ☒ Yes ☐ No
- Does the agency provide inmate education in formats accessible to all inmates including those who are deaf? ☒ Yes ☐ No

115.33 (f)

- In addition to providing such education, does the agency ensure that key information is continuously and readily available or visible to inmates through posters, inmate handbooks, or other written formats? ☒ Yes ☐ No

Auditor Overall Compliance Determination

- ☐ **Exceeds Standard** (*Substantially exceeds requirement of standards*)
- ☒ **Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- ☐ **Does Not Meet Standard** (*Requires Corrective Action*)

Documents:

1. Pre-Audit Questionnaire
2. PS 5324.12
3. PS 5290.14
4. Bureau's Admission and Orientation (A&O) Pamphlet on Sexually Abusive Behavior Prevention and Intervention
5. Sexually Abusive Behavior Prevention and Intervention Program
6. Inmate Admission and Orientation Handbook
7. Inmate Training Records

Interviews:

1. Interview with Intake Staff
2. Interview with Random Inmates

Site Review Observations:

1. Observations of Intake Area
2. Review of Inmate Files
3. Observations of PREA Signs in English and Spanish

Findings (By Provision):

115.33(a): Agency Directives and BOP PREA Plan address this provision. The intake staff reported the orientation packet contains all the PREA-related information, which is provided to all the inmates during the intake process. Staff reported the information may be provided to the inmate in Spanish or it could be read out loud to the inmates to ensure they understand it. Other languages can be addressed through the LanguageLine. The intake staff stated that program staff meet with the inmates prior to leaving intake and that inmates are asked if they have any questions before they are assigned to a housing unit.

Staff indicate that information on the zero-tolerance directive and how to report allegations are also contained on posters, which are posted throughout the facility, and that the PREA information is presented on the inmate tablets. The Auditor verified this information during the site review.

115.33(b)(d): Agency Directive and BOP PREA Plan address this provision. In the past 12 months, 1044 inmates were admitted to FCI Beckley and were trained on PREA. Provisions are made by staff to assist those inmates with disabilities, or those not proficient in English to ensure their understanding of PREA. Orientation videos, posters, inmate handbooks, and other resources are readily available to the inmate population and are available in English and Spanish. Inmates also have regular access to TRULINCS, a computer system which also provides PREA information, as well as reporting mechanisms. Inmate telephones, reviewed by the auditor, also provide a reporting outlet. Staff interpreters and telephonic translation services are available to inmates who are not proficient in English or are otherwise unable to communicate due to a disability or limitation (deaf, blind, mentally/physically impaired, etc.).

115.33(c): Agency Directive and BOP PREA Plan address this provision. Staff interviewed reported information is provided during intake. Per staff interviews, all inmates are provided PREA education during the initial A&O process by Unit Team, Psychology Services, and the PREA Compliance Manager. In addition, continual education is provided throughout the inmate's incarceration through in-person town halls, PREA posters, and information shared on TRULINCS. The auditor reviewed case files for randomly selected inmates, as well as all inmates interviewed by the auditor (45). The file review reflected that many of the inmates had not been provided the required PREA-related comprehensive education with 30 days as required by the standard, or there was no documentation of the A&O being completed.

115.33(e): The auditor reviewed the case files provided by the facility during the pre-audit phase. In addition, the auditor reviewed case files for all inmates interviewed by the auditor. This review reflected that the inmates had been provided the required PREA-related education. The completed and signed "Acknowledgement Statement" is used to document when inmates are provided the PREA information at intake. Inmates that participate in the subsequent PREA education have their participation entered into the inmate's central record. Of the 45 inmates interviewed, the following was found:
23 inmates had comprehensive education that was completed past the 30 days;
5 inmates did not have record of having been given comprehensive education.

The discrepancies pertaining to comprehensive PREA training being completed within 30 days were discussed with the PREA Compliance Manager and other facility staff. It was determined that there was not a system in place, or tracking mechanism to ensure this was completed in a timely manner. The Associate Warden had identified this as an issue and attempted to correct it, but this continued to be an ongoing issue. Corrective action was required for this provision.

115.33(f): Agency Directives and BOP PREA Plan address this provision. PREA educational and informational materials, including PREA posters are continuously available in each respective housing unit, as well as multiple other locations in the facility. The Inmate Handbook is provided to the inmates during the intake process and will be made available upon request any time.

Based on a review of the PAQ, PS 5324.12, PS 5290.14, the A&O pamphlet, the Sexually Abusive Behavior Prevention and Intervention Program, the orientation handbook, a review of inmate records, observations made during the tour, to include the availability of PREA information via signage and documents as well information obtained during interviews with intake staff and random inmates indicate that this standard is not fully compliant and corrective action is required.

Corrective Action: The facility will need to ensure the comprehensive education provided during the A&O process is completed for all inmates received at FCI Beckley is completed within 30 days as required by the standard. The facility will also need to ensure that there is a tracking mechanism in place and accountability for ensuring that this is completed.

Verification of Corrective Action: The auditor received documentation of corrective action on August 19, 2025 and August 22, 2025.

1. Training PowerPoint for Unit Team staff on procedures for A&O
2. Roster for training for Unit Team staff
3. Documentation of completed A&O for all inmates received since the onsite review.

The facility is now in compliance with the provisions of the standard.

Standard 115.34: Specialized training: Investigations

115.34 (a)

- In addition to the general training provided to all employees pursuant to §115.31, does the agency ensure that, to the extent the agency itself conducts sexual abuse investigations, its investigators receive training in conducting such investigations in confinement settings? 115.34 (b)

- Does this specialized training include techniques for interviewing sexual abuse victims? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.21(a).) ☒ Yes ☐ No ☐ NA
- Does this specialized training include proper use of Miranda and Garrity warnings? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.21(a).) ☒ Yes ☐ No ☐ NA
- Does this specialized training include sexual abuse evidence collection in confinement settings? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.21(a).) ☒ Yes ☐ No ☐ NA
- Does this specialized training include the criteria and evidence required to substantiate a case for administrative action or prosecution referral? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.21(a).)

☒ Yes ☐ No ☐ NA

115.34 (c)

- Does the agency maintain documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.21(a).)
☒ Yes ☐ No ☐ NA

115.34 (d)

- Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- ☐ **Does Not Meet Standard** (*Requires Corrective Action*)

Documents:

1. Pre-Audit Questionnaire
2. PS 5324.12
3. DOJ/OIG PREA Training
4. National Institute of Corrections (NIC): Investigating Sexual Abuse in a Confinement Setting
5. Memorandum of Understanding with the FBI
6. Letter from the FBI
7. Investigator Training Records

Interviews:

1. Interviews with Investigative Staff

Findings (By Provision):

115.34(a)(b): PS 5324.12, the SIS/SIA Training Lesson Plan, Sexual Violence PREA Training and DOJ/OIG PREA Training address the requirements of the standard. The facility investigators, OIA, OIG and FBI investigators have received PREA specialized training through the Department of Justice. The Auditor reviewed the training plan and this training includes all requirements under 115.34.

The auditor reviewed specialized training documentation to include, the SIS/SIA Training Instructor Guide, the BOP Course Completion List for Investigating Sexual Abuse in a Confinement Setting training and the OIG PREA Criminal Investigator Certification Training

List. Administrative investigations are conducted by trained investigators who are full-time employees of FCI Beckley.

The Auditor interviewed the SIS Lieutenant assigned to FCI Beckley. He confirmed that he had received specialized training to conduct investigations into allegations of sexual misconduct.

When criminal investigations are indicated, they are conducted by the Federal Bureau of Investigation or Office of the Inspector General. Interviews with staff, an SIS investigator, the PREA Compliance Manager, and a review of policy and supporting documentation confirm compliance with this standard.

115.34(c): Agency Directives and BOP PREA Plan address this provision. A review of the specialized training documents reflects all FCI Beckley investigators had completed the required training. Training documentation provided to the Auditor reflected the investigators listed in the investigative files audited were trained on the specialized investigator training.

115.34(d): This provision is not applicable as the agency is not required to respond to this provision.

Based on a review of the PAQ, PS 5324.12, the DOJ/OIG PREA Training curriculum, the NIC training curriculum, a review of investigator training records as well as interviews with investigative staff, indicate that this standard appears to be compliant.

Standard 115.35: Specialized training: Medical and mental health care

115.35 (a)

- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in how to detect and assess signs of sexual abuse and sexual harassment? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.) ☒ Yes ☐ No ☐ NA
- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in how to preserve physical evidence of sexual abuse? - Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in how and to whom to report allegations or suspicions of sexual abuse and sexual harassment? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.)
☒ Yes ☐ No ☐ NA

115.35 (b)

- If medical staff employed by the agency conduct forensic examinations, do such medical staff receive appropriate training to conduct such examinations? (N/A if agency medical staff at the facility do not conduct forensic exams or the agency does not employ medical staff.)
☐ Yes ☐ No ☒ NA

115.35 (c)

- Does the agency maintain documentation that medical and mental health practitioners have received the training referenced in this standard either from the agency or elsewhere? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.) ☒ Yes ☐ No ☐ NA

115.35 (d)

- Do medical and mental health care practitioners employed by the agency also receive training mandated for employees by §115.31? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners employed by the agency.)
☒ Yes ☐ No ☐ NA
- Do medical and mental health care practitioners contracted by or volunteering for the agency also receive training mandated for contractors and volunteers by §115.32? Interviews:

1. Interview with Medical and Mental Health Staff

Site Review Observations:

1. Observations during on-site review of physical plant

Findings (By Provision):

115.35(a): Agency policies PS 5324.12 and BEC-5324.12i address the requirements of this standard. The Auditor reviewed training documentation, which indicated medical and mental health staff participated in the specialized medical and mental health PREA training.

115.35(b): The agency reported the facility's medical staff do not conduct forensic exams; therefore, this provision is not applicable. This was confirmed through interviews with medical and mental health staff.

115.35(c): Agency Directives and BOP PREA Plan address this provision. A review of training records for medical and mental health personnel by the auditor confirmed that these employees (part-time, full-time and contractors) receive the same general PREA training as all other correctional staff and have a duty to report when they have knowledge of sexual abuse/harassment, even when disclosed during a healthcare encounter. Medical and psychology staff explain limits of confidentiality to all inmates at their initial encounter.

In addition, all mental health and medical staff have also received specialized training on victim identification, interviewing, evidence preservation, reporting and required clinical interventions. This was confirmed by the auditor through further review of training records.

All cases requiring the processing of sexual assault evidence collection kits are transported to a community hospital where Sexual Assault Nurse Examiners are always available.

Interviews with medical and mental health staff confirmed the provision of specialized training and that they are aware of their duty to report and address allegations and suspicions of sexual abuse/harassment. A review of the training documentation and policy also confirm compliance to this standard.

115.35(d): Training documentation reviewed reflected medical and mental health staff, including contract staff, participated in the general PREA training.

The PAQ reflects that 100% of the 8 medical and mental health care practitioners who work regularly at this facility and have received the training required by agency policy. This was confirmed by the auditor through review of training records for medical and psychology staff.

Based on a review of the PAQ, PS 5324.12, PS 6031.04, the memo regarding forensic examinations, the two training curriculums, a review of medical and mental health care staff training records, as well as interviews with medical and mental health care staff this standard appears to be compliant.

Findings (By Provision):

115.41(a)(f)(g)(h): PS 5324.12 addresses the requirement of the standard. Upon arrival to FCI Beckley, all inmates are immediately assessed for a history of sexual abusiveness and risk of sexual victimization during in-processing procedures performed in the Receiving and Discharge (R&D) area, in accordance with the requirements listed in 115.41 d and e. Policy prohibits disciplining inmates for refusing to answer or for not disclosing complete information during the screening. Staff confirmed inmates are not disciplined for refusal to answer screening questions. If/when transferred to another facility, the inmate would receive an entirely new screening upon arrival.

Per the Warden and staff interviews, all inmates at FCI Beckley are seen by a Psychologist, Unit Team, Health Services, and SIS. The Psychology Services Intake Questionnaire (PSIQ) is utilized for Psychology Services, and Unit Team utilizes the PREA Objective Intake Screen. Incoming inmate documentation is reviewed in advance by all departments, and screened for history of sexual victimization and perpetration, as well as any other risk factors that may place an inmate at risk. These same risk factors are then re - assessed, in-person, with the inmate in R&D. Inmates with a Walsh offense are offered SOTP and SOMP programming at intake, or as requested. Inmates with a history of sexual victimization are offered counseling at intake and educated about available trauma treatment. All inmates receive an inmate handbook which includes all required PREA information. All inmates are reassessed by Psychology Services if/when additional information becomes available, warranting an additional screen, and/or during a follow up session scheduled due to the results of the intake. Unit Team reassesses the inmate for additional PREA risk within the first 28 days of arrival, again at every six-month Program Review, and if additional information becomes available at any time throughout an inmate's incarceration.

Per staff interviews, the screening of inmates into FCI Beckley begins with the Case Management Coordinator (CMC). Each day, the CMC runs a designation roster to ascertain if any inmate has been designated to the institution. Once the inmate is designated, the CMC pre-screens the inmate, prior to arrival, by reviewing records to include the inmate's Presentence Investigation, SENTRY, Judgement and Commitment, and Statement of Reasons. An interview with the CMS confirms this practice.

Upon arrival, Unit Team at FCI Beckley screens inmates for risk of sexual abusiveness or victimization during intake screening. This screening includes unit team meeting with each inmate individually and reviewing questions on all forms pertaining to sexual abuse. Those deemed at risk at intake screening, are referred to Psychology Services. Additionally, the Chief

of Correctional Services (Captain) may also be notified, when appropriate. If staff believe there is an immediate concern after hours, prior to release to general population, the psychology on-call and PREA Compliance Manager will be contacted for guidance.

A member of the inmate's housing unit team (case manager or counselor) screens all new arrivals within the first 72 hours of the inmate's arrival, but this activity ordinarily occurs within a few hours on the day of arrival.

A review of case files during the pre-audit phase, as well as for all inmates interviewed (45) reflected all inmates had an initial risk assessment within 72 hours of arrival at FCI Beckley. Documentation showed that the initial assessment occurred on the same day of arrival for all reviewed files.

Through interviews with the Warden, PREA Compliance Manager, Case Management Coordinator, and Unit Team staff, the auditor confirmed that inmates identified at high risk for sexual victimization or at risk of sexually abusing other inmates were referred to a mental health professional and received further assessment. The Case Management Coordinator and Unit team staff also conduct screenings by reviewing records or other information from other facilities, new referrals, or for any other relevant reason.

An interview with the Chief Psychologist revealed that Psychology staff will also independently review the files for all incoming inmates to assess any mental health needs, including whether they are high-risk for sexual victimization or sexual abusiveness.

115.41(b): The objective screening instrument is completed within the first 72 hours of arrival, typically within hours of arrival at FCI Beckley. The screening document does ask questions to determine if any inmate might have any prior history as a sexual abuser and the responses are documented. Based on a review of the inmate record and responses to the screening, a decision is made regarding where to properly house the inmate. Intake staff conduct the screening, and the information is secured.

The PAQ indicates that 1044 inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 72 hours or more) were screened for risk of sexual victimization or risk of sexually abusing other inmates within 72 hours of their entry into the facility.

115.41(c): The agency's PREA Risk Screening Instrument reflects all the required elements in this provision. Staff interviews confirm they use the agency's screening tool during intake. Staff interviewed were able to articulate the required elements of the provision that inmates are screened for during the risk screening process.

115.41(d): Interviews with staff confirmed that information for the risk screening is ascertained through inmate interviews, as well as from information collected through the PREA Screening tool, intake medical screening, and a review of case file records.

115.41(e): Intake staff reported they do not have access to the inmate's medical or mental health information. The inmate's medical information is retained and only available to medical staff. Any medical related information is released on an as needed basis, based upon the treatment modality and a relevant need for the information.

115.41(f): The PAQ reflects that 1044 inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 30 days or more) were reassessed for their risk of sexual victimization or of being sexually abusive within 30 days after their arrival at the facility based upon any additional, relevant information received since intake. The reassessment is completed at the inmate's first meeting with the unit team staff, within 28 days of arrival.

A review of case files for all inmates interviewed (45) reflected the following:

Of the 45 inmates interviewed, the following was found:

9 inmates had their 1st teams meeting (re-assessment) that was completed past the 30 days;

During the inmate interviews, they were asked if they had a re-assessment within 30 days and asked their perception of their safety or soliciting any information from them relevant to the re-assessment. Based on the inmate interviews, most of them did not remember being asked any information from them relevant to the re-assessment.

The discrepancies pertaining to comprehensive PREA training being completed within 30 days were discussed with the PREA Compliance Manager and other facility staff. It was determined that staff were not consistently and routinely asking the inmates their perception of their safety during the initial teams meeting. It was also determined based on inmate interviews that not all inmates were present for the initial teams meeting. Corrective action was required for this provision.

Based on a review of the PAQ, PS 5324.12, the Intake Screening Form, the PREA Intake Objective Screening Instrument, the Memo on Intake Screening Guidance, a review of inmate files and information from inmate and staff interviews, this standard does not fully meet the requirements of the standard and corrective action will be required.

Corrective Action: The facility will need to ensure that during the initial teams meeting for all inmates received at FCI Beckley is completed within 28 days as required by BOP policy and 30 days as required by the standard. The facility will also need to ensure that there is a tracking mechanism in place and accountability for ensuring that this is completed. Additionally, all inmates must be asked their perception of their safety and documented accordingly.

Verification of Corrective Action: The auditor received documentation of corrective action on August 19, 2025 and August 22, 2025.

1. Training PowerPoint for Unit Team staff on procedures for reassessments.

2. Roster for training for Unit Team staff
3. Documentation of completed reassessments for all inmates received since the onsite review.

The facility is now in compliance with the provisions of the standard.

Findings (By Provision):

115.42(a): PS 5324.12 addresses the requirement of the standard. The information obtained in the inmate screening process is used to make individualized determinations to ensure the inmates' safety. This information is used to make decisions to place each inmate in appropriate housing, work, and program assignments. The placement decisions are made by a classification committee. If an inmate is determined to be at high risk for sexual victimization, safeguards are put in place to ensure the inmate's safety with respect to housing, programming and work assignments, with input from the inmate.

Per staff interviews, FCI Beckley utilizes information from the risk screenings required by 115.41 to inform housing, bed, work, education, and program assignments with the goal to keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. The "At Risk" rosters are routinely monitored by the PREA Compliance Manager, Psychology Services, Unit Managers, and the Special Housing Unit (SHU) Lieutenant. These rosters are also routinely sent to those making housing, work detail, and program assignments to reduce overall risk of victimization. Staff are directed that the

inmates on the list are classified as AT RISK for sexual victimization or abusiveness. They should not be housed with inmates with the opposite SENTRY assignment (i.e., "at risk V" should not be housed with "at risk P"). The risk level for these inmates should also be considered when determining work, detail, and programing assignments. All attempts should be made to ensure inmates on the two lists are placed in separate programming groups. Inmates on the list, currently placed in SHU, are in Segregated Housing for reasons unrelated to their associated risk.

Per PS5324.12, FCI Beckley does not involuntarily place inmates in SHU due to their risk for sexual victimization, unless alternative housing is inappropriate. If alternative housing is warranted, the PREA Compliance Manager and the Captain must be consulted prior to the inmate being placed in SHU. Risk levels are also noted on the SHU program and SHU staff maintain a current copy of the "At Risk" roster and all the information is reviewed when making cell assignments in SHU. All inmates deemed "at high risk" for victimization are discussed weekly, during the SHU meeting and changes are made as needed, with consultation and approval from the PREA Compliance Manager. This process was confirmed by the Warden.

Inmates' individual perceptions of their own safety and their requests associated with such are considered when making decisions regarding their housing, programing, and work detail assignments. Finally, during a transfer process for any transgender inmate, the Transgender Executive Council will review the inmate's risk prior to making a designation to a new facility.

Staff reported information secured through the screening process is used to determine the need for additional medical or mental health follow-up, and to make classification decisions based on risk factors. The auditor reviewed examples of communication to staff regarding high risk inmates.

115.42(b): Agency Directive and BOP PREA Plan address this provision. Staff reported segregated housing is used as a last resort and staff look for other options, such as housing unit changes. There was no indication during the site review that segregated housing is used on a regular basis due to PREA risk factors. The Auditor interviewed multiple inmates in SHU and found that they were there for a variety of reasons, unrelated to PREA. Several of the inmates were there by choice on protective custody status.

Medical and mental health staff reported they would conduct daily visits for any inmates placed in segregated housing for PREA risk factors. The Chief Psychologist also stated that Psychology staff make rounds regularly.

115.42(c): Agency Directives and BOP PREA Plan address this provision. Staff reported the facility does not have specific housing units designated for lesbian, gay, bisexual, transgender, or intersex inmates. All housing, program and work assignments are made on a case-by-case basis. A review of the housing rosters and interviews with LGBTI inmates confirmed this information.

115.42(d)(e)(f): In accordance with the standard, placement and programming assignments for each transgender or intersex inmate are reassessed at least twice each year to review any threats to safety experienced by the inmate. The transgender or intersex inmate's own views with respect to his or her own safety is given consideration. Transgender inmates would be able to shower separately. The auditor interviewed 5 transgender inmates. These practices were confirmed. The transgender inmates stated that the Unit Team staff, as well as psychology staff check in with them periodically and inquire about their perceptions of their safety and if there are any issues. The Auditor also reviewed documentation of bi-annual assessments for these inmates.

Based on a review of the PAQ, PS 5324.12, BEC-5324.12i, the PREA at Risk list, a review of inmate housing assignments, a review of transgender and intersex inmate assessments and information from interviews this standard appears to be compliant.

Site Review Observations:

1. Observations in the Special Housing Unit

Findings (By Provision):

115.43(a)-1: PS 5324.12 addresses the requirement of the standard. Policy states inmates at high risk for sexual victimization shall not be placed in involuntary segregated housing status unless an assessment of all available alternatives has been made and there is no available means of separating the victim from the abuser. The inmates would be reassessed every 7 days after entering segregated housing. If protection is necessary for an inmate, they may be transferred to another housing unit. FCI Beckley's Special Housing Unit (SHU) houses both administrative (protective custody) and disciplinary cases.

Interviews with SHU staff confirmed, that to the extent possible, access to programs, privileges, education, and work opportunities would not be limited to inmates placed in the SHU for the purposes of protective custody for being at high risk of sexual victimization, except when there are safety or security concerns. The facility would document the reasons for restricting access and the length of time the restriction would last. Staff indicated that there are normally other housing options and inmates are not kept in SHU strictly for being at high risk of victimization. Psychology and unit staff meet with each inmate in segregated housing status at least once each week. A Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form is completed when considering all appropriate alternatives for safeguarding alleged inmate victims. Interviews with staff, an examination of SHU operations and a review of policy/supporting documentation confirm compliance with this standard.

115.43 (a)-2: Agency Directives and BOP PREA Plan address this provision. SHU staff reported an inmate's health and safety are taken into consideration during placement and programming assignments. FCI Beckley reported zero inmates were held in segregated housing in the past 12 months for the purpose of protecting a possible sexual abuse victim. Agency directives require review every 30 days for any inmate in segregated housing.

115.43(c): Agency Directives and BOP PREA Plan address this provision. FCI Beckley reported zero inmates were held in segregated housing in the past 12 months for longer than 30 days awaiting alternative placement.

115.43 (d)(e): Agency Directives and BOP PREA Plan address this provision. The agency reported there have been no PREA-related incidents involving the involuntary assignment of any inmate to SHU in the past 12 months. Agency directive does afford an inmate who is involuntarily assigned to segregated housing to be reviewed every 30 days.

FCI Beckley reported zero inmates were involuntarily held in segregated housing in the past 12 months awaiting alternative placement. Therefore, there were no case files to review specific to this provision.

Based on a review of the PAQ, PS 5324.12, BP-A1002, observations from the onsite review related to SHU, as well as information from staff interviews, this standard appears to be compliant.

2. Observation of Computer Reporting Methods

Findings (By Provision):

115.51(a): PS 5324.12; BEC-5324.12i; the Admission and Orientation (A&O) Handbook and PREA postings address the requirements of the standard. A review of facility operations and documentation revealed that there are multiple ways (including verbally, in writing, privately, from a third-party and anonymously) for inmates and staff to report sexual abuse or sexual harassment. The Auditor noted the availability and prevalence of PREA Posters and information. PREA reporting hotline information is posted and grievance forms are accessible to the inmates in each housing unit and in common areas. The availability and prevalence of the reporting information was noted by many of the inmates during the interviews.

Inmates are informed about the reporting methods through the A&O Handbook, postings in the housing units and common areas and as part of the initial orientation process. Inmates also have access to TRULINCS, a computer system which provides PREA information and a reporting outlet, both internal to staff and external to OIG. Through TRULINCS, the inmate can contact Office of the Inspector General anonymously and the email is untraceable at the institution level. Inmates have access to telephones in each unit that can be used as a reporting outlet. There were numerous posters on display explaining the reporting procedures. Staff members accept reports made verbally, in writing, anonymously and from third parties and promptly document and refer any form of reporting. Staff members are required to immediately document any allegation. Family and friends of inmates may report sexual abuse/harassment by using the BOP website, making a phone call to the OIG or by contacting facility staff. All inmates interviewed confirmed that they were aware of the multiple methods of reporting sexual abuse/harassment allegations.

No inmates at the facility are detained solely for civil immigration purposes. Interviews with staff, inmates, observations of posters and other reporting methods and an examination of policy/supporting documentation confirm compliance with this standard.

115.51(b): Agency Directives and BOP PREA Plan address this provision. Staff reported inmates could make anonymous reports to anyone. Inmates reported they could call a family member, write to a Rape Crisis Center, or contact OIG if they needed to contact someone outside of the facility. The inmate interviews reflected that most were aware they could make reports anonymously. Interviews with inmates in restrictive housing units revealed that they are also aware of the reporting methods available.

115.51(c): Agency Directives and BOP PREA Plan address this provision. Staff reported they would accept reports in writing, anonymously, verbally and through third parties, and that any reports received verbally would be documented immediately and referred to Operations. Inmates reported there are multiple ways that they can report allegations of sexual abuse or sexual harassment. They stated inmates could make reports verbally to any staff member, anonymously, in writing, by filing a grievance, through a family member, or to OIG directly.

115.51(d): Agency Directives and BOP PREA Plan address this provision. Staff are informed of how to report privately any sexual abuse or harassment during the initial facility training upon hire. They can verbally discuss sexual abuse/harassment with chain of command/supervisors in a private setting. They can also report in writing, via Information Report Form, email, memo, etc. Staff are informed of these requirements with required PREA training and employee handbooks. The staff understanding of this process was verified in the interviews.

Based on a review of the PAQ, PS 5324.12, BEC-5324.12i, PS 3420.11, the Sexually Abusive Behavior Prevention and Intervention Program, Memo from the Warden, PREA signage, observations from the facility tour related to PREA signage and posted information and interviews with random inmates and staff, this standard appears to be compliant.

Standard 115.52: Exhaustion of administrative remedies

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. ☐ Yes ☒ No

115.52 (b)

- Does the agency permit inmates to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- Does the agency always refrain from requiring an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

115.52 (c)

- Does the agency ensure that: An inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

115.52 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
☒ Yes ☐ No ☐ NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)
☒ Yes ☐ No ☐ NA

115.52 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- After receiving an emergency grievance alleging an inmate is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)
☒ Yes ☐ No ☐ NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)
☒ Yes ☐ No ☐ NA
- Does the initial response and final agency decision document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

115.52 (g)

- If the agency disciplines an inmate for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the inmate filed the grievance in bad faith? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

Documents:

1. Pre-Audit Questionnaire
2. PS 1330.18
3. Sexually Abusive Behavior Prevention and Intervention Program
4. Grievance Log and Sample Grievances
5. Inmate Handbook

Findings (By Provision):

115.52(a): PS 1330.18, Administrative Remedy Program, addresses the requirements of the standard. In accordance with agency directive, the inmate grievance process meets the requirements of PREA. The process allows the inmate to file an oral or written complaint/grievance at any time about sexual abuse or on any correctional issue. The complaint can be filed with any staff and will be directed to the Warden or designee for response if necessary. Inmates reported they could go directly to a staff member file an administrative remedy or use the Trulincs system.

115.52(b)(f): Agency Directive and BOP PREA Plan address this provision. BOP Policy states that there is no time frame for filing a grievance relating to sexual abuse or harassment and does not require an inmate to use any informal grievance process before filing an allegation involving sexual abuse/harassment. Allegations of abuse by staff are referred to the Office of Internal Affairs (OIA), in accordance with procedures established for such referrals.

Policy addresses the filing of emergency administrative remedy requests. If an inmate files the emergency grievance with the institution and believes they are under a substantial risk of imminent sexual abuse, an expedited response is required to be provided within 48 hours. Best efforts are made to provide Regional Office and Central Office expedited appeal responses within five calendar days. If an inmate reasonably believes the issue is sensitive and the inmate's safety or well-being would be placed in danger, the inmate may submit the grievance directly to the appropriate Regional Office.

There is no prohibition that limits third parties, including other inmates, staff members, family members, attorneys, and outside victim advocates, in assisting inmates in filing requests for grievances relating to allegations of sexual abuse or filing such requests on behalf of inmates.

There were zero emergency grievances alleging imminent sexual abuse/harassment filed at FCI Beckley within the last 12 months.

115.52(c): Agency Directive and BOP PREA Plan address this provision. All staff interviewed reported they would accept reports in writing, anonymously, verbally and through third parties, and that any reports received verbally would be documented immediately and referred.

By agency directive, the inmate is not required to use an informal grievance process nor refer any grievance to the staff member who is the subject of the complaint.

115.52(d)(e): Agency Directives and BOP PREA Plan address this provision. In the past 12 months, the PAQ indicates there have been 20 grievances filed that alleged sexual abuse/harassment. Agency directive allows third-party assistance to inmates in the grievance process. If the inmate declines assistance of a third-party, that decision to decline assistance would be documented. No assistance has been requested during the audit period.

Emergency grievances are permitted in reporting a grievance concerning sexual abuse/harassment. If received, the grievance is immediately addressed.

Agency directive requires that a response to an emergency grievance must be completed within 48 hours and a final decision must be made within five calendar days. Agency directive allows discipline for an inmate for filing a grievance related to alleged sexual abuse, only where the agency demonstrates that the inmate filed the grievance in bad faith.

115.52(g): Agency Directive does limit any sanctions to an inmate who filed the grievance in bad faith. According to the PAQ, in the past 12 months, there were zero grievances filed concerning sexual abuse that was found to be in bad faith and resulted in disciplinary action.

The auditor interviewed the person responsible for reviewing and routing grievances. Staff stated that any grievance related to PREA would be logged and routed directly to the PREA Compliance Manager, who would ensure that an investigation was initiated immediately. Staff also stated that inmates had the option for a PREA related (sensitive) grievance to be sent to the Regional Director.

Based on a review of the PAQ, PS 1330.18, the Sexually Abusive Behavior Prevention and Intervention Program education, the grievance log and an interview with staff, this standard appears to be compliant.

Standard 115.53: Inmate access to outside confidential support services

115.53 (a)

- Does the facility provide inmates with access to outside victim advocates for emotional support services related to sexual abuse by giving inmates mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations? ☒ Yes ☐ No
- Does the facility provide persons detained solely for civil immigration purposes mailing addresses and telephone numbers, including toll-free hotline numbers where available of local, State, or national immigrant services agencies? (N/A if the facility *never* has persons detained solely for civil immigration purposes.) ☐ Yes ☐ No ☒ NA
- Does the facility enable reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible? ☒ Yes ☐ No

115.53 (b)

- Does the facility inform inmates, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws? ☒ Yes ☐ No

115.53 (c)

- Does the agency maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide inmates with confidential emotional support services related to sexual abuse? ☒ Yes ☐ No

Site Review Observations:

1. Observations of Victim Advocacy Information

Findings (By Provision):

115.53(a): Agency Directives and BOP PREA Plan address this provision. FCI Beckley provides confidential access to outside victim advocates by providing the name of the organization, toll-free telephone number, and posters. This information is in the inmate handbook. The agency attempts to make available a victim advocate from a rape crisis center, and if a rape crisis center is not available, a qualified staff member from a community-based organization or a qualified agency staff member. The facility does not have an MOU with a local rape crisis center to provide advocacy services for inmate victims. The facility has available qualified staff members in the psychology department to serve as advocates, if necessary.

Psychology staff at the facility are trained as victim advocates and are available at the request of the inmate. This was confirmed by the Chief of Psychology, and the auditor reviewed documentation of the advocate training for psychology staff. The PREA Compliance Manager stated he has reached out multiple times to the local rape crisis center regarding providing advocacy services for the inmates at Beckley and has not received a response. The auditor reviewed documentation of the multiple attempts to contact AWAY/Women's Resource Center, the local rape crisis center.

There were three inmates who reported sexual abuse who were interviewed by the Auditor. The inmates stated that they had been offered counseling services. The inmates were also aware that they could speak with Psychology staff.

The inmates have access to the victim advocacy information as it is included in the inmate handbook and the pamphlet.

Victim Advocacy services would be available thru the Psychology department at FCI Beckley.

The victim advocate service includes in-person support services to the victim through the forensic medical exam process, as well as the investigatory interview process and at no charge to the inmate. This is coordinated through Psychology upon request by the inmate.

115.53(b): Agency Directive and BOP PREA Plan address this provision. Random inmates reported they had not needed to request support services from outside agencies. Inmate interviews indicate they are generally aware of the availability of services. All inmates stated

that Psychology are available if needed. The facility advocate informs the inmates of limits to confidentiality prior to receiving services.

115.53(c): PS 5324.12 addresses the requirement of the standard. Victim advocates are available through the Psychology department, if requested. All facility psychology staff have been trained as victim advocates. Inmates are informed as part of their orientation process that all telephone calls, except legal calls, are subject to monitoring and recording and that all mail, except for legal mail, is subject to search and monitoring as well. Inmates are informed that emails to Office of the Inspector General through TRULINCS are not monitored by FCI Beckley or BOP. Postings in the housing units and common areas, the PREA pamphlet issued upon the inmate's arrival and the A&O Handbook provide the address to the OIG and explain that inmates may confidentially submit written allegations of sexual abuse/harassment to this entity. The facility enables reasonable communication between inmates and these organizations and agencies in as confidential a manner as possible.

Based on a review of the PAQ, PS 5324.12, BEC-5324.12i, the Sexually Abusive Behavior Prevention and Intervention Program, documentation of attempts to communicate with local rape crisis center, observations from the onsite review related to PREA signage and posted information and interviews with staff and inmates, this standard appears to be compliant.

The BOP website and posted OIG address, observed by the auditor, assist third-party reporters on how to report allegations of sexual abuse/harassment. Interviews with staff and inmates also confirmed that they were aware that anonymous and third-party reporting procedures were available.

Findings (By Provision):

115.61(a): Agency Directives and BOP PREA Plan address this provision. All staff interviewed reported they would immediately report any knowledge, suspicion, or information regarding any allegation of sexual abuse or sexual harassment to their supervisor. Staff were clear that they have a duty to report this information. Staff also reported they would report any retaliation against staff or inmates who reported an incident, or any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

115.61(b-e): Agency Directives and BOP PREA Plan address this provision. All staff reported that all staff, including medical and mental health staff are required to report all sexual abuse

allegations. Medical/Mental Health staff inform the inmate of their duty to report when discussing limits of confidentiality. The facility reports all allegations to OIA after being reviewed by the facility's investigators, as applicable. All staff are informed of the importance of confidentiality being maintained in the reporting process. No inmate is under the age of 18 at FCI Beckley.

Based on a review of the PAQ, PS 5324.12, investigative reports, and interviews with staff this standard appears to be compliant.

Interviews:

1. Interview with the Agency Head Designee
2. Interview with the Warden
3. Interview with Random Staff

Findings (By Provision):

115.62(a): PS 5324.12 addresses the requirements of the standard. Staff reported immediate action would be taken if they were to become aware of any inmate being at substantial risk of imminent sexual abuse. Staff reported any allegation would be taken seriously, regardless of the source of the allegation, and due diligence would be followed to ensure staff respond to inmates immediately.

Per the Warden, when the agency or facility learns an inmate is subject to a substantial risk of imminent sexual abuse, it takes immediate action to protect the inmate (i.e., it takes some action to assess appropriate protective measures without unreasonable delay). He indicated that FCI Beckley has not learned of any inmate being subject to a substantial risk of imminent sexual abuse. If staff were to learn of an inmate being subject to a substantial risk of imminent sexual abuse, the staff would respond immediately. The inmate would immediately be escorted to the Lieutenant's Office. During normal business hours, the inmate would be interviewed by a staff member from the Special Investigative Services (SIS) and a psychologist. The appropriate protective measures would be determined and implemented. During non-business hours, if a staff member from SIS is not in the institution, the inmate will be interviewed by the Operations Lieutenant and the on-call Psychologist would be immediately notified. If necessary, the inmate will be placed in the Special Housing Unit until someone from SIS and Psychology Services can interview him. He will not remain in the Special Housing Unit any longer than necessary.

In the past 12 months, FCI Beckley determined that there were zero inmates subject to a substantial risk of imminent sexual abuse. The Auditor found no evidence to dispute this conclusion.

Executive staff reported that they take any allegations seriously and would immediately act on any suspicions of an inmate being at risk. Randomly selected staff reported the immediate steps they would take to respond to any allegation of an inmate reporting they are at a substantial risk of imminent sexual abuse. The Warden, Captain, Chief of Psychology and PREA Compliance Manager all feel the staff at FCI Beckley do a good job of immediately addressing any PREA related issues and have good communication regarding any allegations.

Based on a review of the PAQ, PS 5324.12 and interviews with staff this standard appears to be compliant.

3. Notification Letters
4. Investigative Reports

Interviews:

1. Interview with the Agency Head Designee
2. Interview with the Warden
3. Interview with the PREA Compliance Manager

Findings (By Provision):

115.63(a): PS 5324.12 addresses the requirement of the standard. The agency has a directive that requires notification to another facility when they learn of an inmate that had been sexually abused at that other facility. In the past 12 months, the facility reported receiving six allegations of sexual abuse from inmates that occurred at other facilities. An interview with the Warden confirmed his awareness of the requirements of this standard, including the timeframe that the notification must be reported. The auditor reviewed documentation of notification being made to the other facilities. All notifications were made in accordance with the standard.

115.63(b)(c): Agency Directive and BOP PREA Plan address this provision. Policy requires the reporting of any PREA-related allegation by an inmate that occurred at another facility to the Warden (or equivalent person) of the facility where the incident is alleged to have occurred, by the Warden of the facility in which the inmate is currently housed.

When the inmate reports sexual abuse/harassment from state, non-Bureau privatized facilities, jails, juvenile facilities and Residential Reentry Centers, the Warden contacts the appropriate office of the facility and/or notifies the Residential Reentry Management Branch of the BOP if

appropriate. The notification is to occur as soon as possible, but always within 72 hours of receiving the allegation. Policy also requires that an investigation be initiated.

115.63(d): Agency Directives and BOP PREA Plan address this provision. Staff reported they would initiate an investigation just like any other, regardless of the source of the information. Inmates making allegations at the audited facility regarding incidents from another facility were being investigated through cooperation from both facilities. The same would occur if the inmate made an allegation at a new facility after leaving the audited facility regarding an alleged incident that happened prior to leaving. The facilities would work together to conduct the investigation to include interviews, statements, and evidence collection. All information and evidence would be provided to the facility responsible for completing the investigation, which is the facility that received the complaint.

In the past 12 months, FCI Beckley reported receiving six notifications of an allegation from another facility. Documentation reviewed from the investigative reports verified that allegations are investigated immediately upon receiving notification, in accordance with BOP policy and procedure.

Based on a review of the PAQ, PS 5324.12, notification letters, a review of investigations and interviews with staff, this standard appears to be compliant.

Interviews:

1. Interview with First Responders

Findings (By Provision):

115.64(a): PS 5324.12 and BEC-5324.12i address the requirements of the standard. Per policy, (a) Upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to:

- (1) Separate the alleged victim and abuser;
- (2) Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence;
- (3) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and
- (4) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

Interviews with staff confirm the practices dictated in this directive. All facility staff are provided training on the first responder actions required in the event of a sexual abuse. This would include any correctional officer that might be a first responder.

Agency directive also address the actions required if the responder is not a correctional officer. The non-custody staff would ensure that the alleged victim not take any action that might destroy physical evidence, and then notify a correctional officer.

Staff interviewed by the auditor outlined the response taken in response to an allegation. The agency protocol, which meets the standard requirements, was followed. All staff appeared to be clear in their duties and responsibilities related to this standard.

115.64(b): Agency Directives and BOP PREA Plan address this provision. If the first staff responder is not a custody staff member, the staff are trained and required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify custody staff immediately. Interviews with non-custody staff confirm their understanding of these requirements.

In the past 12 months, there were 9 allegations of sexual abuse and 5 allegations of sexual harassment from inmates. The auditor reviewed the investigative reports and found that staff acted in accordance with BOP policy and the standard.

All staff are trained in the proper evidence collection protocols and were able to articulate these protocols to the auditor during the random staff interviews.

Findings (By Provision):

115.65(a): Agency Directives and BOP PREA Plan address this provision. Agency directive requires a coordinated response by correctional staff, supervisory/management staff, medical/mental health staff, investigators, and SANE/SAFE services. The document clearly outlines the institutional plan to coordinate actions taken in response to an incident, including actions to be taken by custody staff, medical staff, psychology and the PREA Compliance Manager.

Staff interviewed reiterated the protocols outlined in the agency's institutional plan and appear to be well versed in their specific duties and responsibilities related to this standard.

Supervisory staff interviewed were able to articulate actions taken in response to an allegation of sexual abuse or sexual harassment. The Operations Lieutenant uses a checklist to ensure that all actions are taken in accordance with the response plan, and documented.

Per the Warden, the Operations Lieutenant immediately safeguards the inmate, then refers the inmate to the Health Services Unit for physical assessment and documentation of injuries, then promptly refers the inmate to Psychology Services for assessment of vulnerability and treatment needs, then the Operations Lieutenant ensures that the SIS, Chief of Correctional Services, Institution PREA Compliance Manager, and Warden are notified.

A review of the investigative reports confirms that the staff are aware of the requirements of the standard and are implementing these practices when responding to allegations of sexual abuse.

Based on a review of the PAQ, PS 5324.12, BEC-5324.12i and interviews with Staff, this standard appears to be compliant.

Interviews:

1. Interview with the Agency Head Designee
2. Interview with the Warden
3. Interview with Designated Staff Member Charged with Monitoring Retaliation

Findings (By Provision):

115.67(a): PS 5324.12 addresses the requirement of this standard. Agency directive requires the protection of inmates and staff who report sexual abuse/harassment from retaliation.

Senior management is assigned to supervise the monitoring and prevention of retaliation. All efforts regarding this provision are documented.

Per agency policy, (a) The agency shall establish a policy to protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff, and shall designate which staff members or departments are charged with monitoring retaliation.

(b) The agency shall employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

(c) For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff, and shall act promptly to remedy any such retaliation. Items the agency should monitor include any inmate disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need. The Institution PREA Compliance Manager monitors staff and inmates who have reported sexual abuse allegations to protect them from retaliation for 90 days. However, if the initial monitoring indicates a continuing need, periodic status checks occur.

(d) In the case of inmates, such monitoring shall also include periodic status checks.

(e) If any other individual who cooperates with an investigation expresses a fear of retaliation, the agency shall take appropriate measures to protect that individual against retaliation.

(f) An agency's obligation to monitor shall terminate if the agency determines that the allegation is unfounded.

115.67(b): Agency Directives and BOP PREA Plan address this provision. Staff reported when an investigation is initiated, the individual making the report is told what the expected process will be and if anyone threatens or otherwise makes them feel uncomfortable, they are told how to address this and provided with the name of the person to notify.

Staff and inmates are informed that any retaliation will be taken seriously and acted upon. Staff are able to articulate the process followed and strategies used when monitoring for potential retaliation against both inmates and staff.

115.67(c): Agency Directives and BOP PREA Plan address this provision. Staff reported in detail what they look for when monitoring for retaliation for both inmates and staff, and the duration of the monitoring, which meet the requirements of the standard.

115.67(d): Agency Directives and BOP PREA Plan address this provision. All required monitoring will be promptly conducted for a minimum of 90 days or longer if needed. The facility would employ a variety of methods such as housing change, removal of abuser, or other means to protect the inmate victim. This directive would also protect anyone who

assisted in the investigation. The Directives also require periodic status checks designed to protect an individual from retaliation. All efforts regarding this standard are documented and filed with the investigative reports. The Auditor reviewed documentation in support of compliance with the provisions of the standard during the review of the investigative files. Interviews with investigative staff and the PREA Compliance Manager confirm compliance.

115.67(e): Agency Directive(s) and BOP PREA Plan address this provision. Staff reported any type of retaliation is treated seriously and any allegations made would be reviewed and investigated. If an allegation were to be found true, the appropriate necessary actions would be taken.

115.67(f): This provision is not applicable as the agency is not required to respond to this provision.

FCI Beckley reported zero instances of retaliation occurring in the last 12 months. The Warden reported that all allegations are taken seriously and any occurrences or suspected occurrences of retaliation would be addressed immediately. He stated that measures utilized depending on the situation could include: housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

If there was suspected retaliation, the Warden indicated the he may utilize any of the measures listed above depending on the particular situation and degree of severity. In addition, an investigation will occur and disciplinary matters pursued when appropriate.

The auditor reviewed retaliation monitoring related to allegations during this review period. The documentation appears to support compliance with the standard.

Based on a review of the PAQ, PS 5324.12, investigative reports, retaliation monitoring, and interviews with staff, this standard appears to be compliant.

2. Interview with Staff who Supervise Inmates in Segregated Housing

Site Review Observations:

1. Observations of the Special Housing Unit

Findings (By Provision):

Agency Directive and BOP PREA Plan address this provision. Agency policy dictates that: When an inmate is placed in special housing involuntarily, access to programs, privileges, education, or work should not be interrupted, to the extent possible. If they are limited, the Chief of Correctional Services ensures that documentation exists reflecting the limitation, duration, and rationale for limitation.

- The facility shall assign such inmates to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.
- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, the facility shall clearly document:
 - (1) The basis for the facility's concern for the inmate's safety; and
 - (2) The reason why no alternative means of separation can be arranged.

When determining an appropriate method of safeguarding the inmate assigned "at risk" for victimization, the Warden ensures all options are considered by completing, signing, and dating form BP-A1002, Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation. The Warden should evaluate the least restrictive methods for separation of the alleged victim and alleged perpetrator. The completed BP-A1002 is stamped "FOI EXEMPT" and placed in the Privacy Section of the Inmate Central File to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. If information gathered leads to an investigation, the BP-A1002 becomes part of the investigative file. The completed form is e-mailed to BOP-RSD-PREACoordinator-S@bop.gov and filed with the investigative case.

Staff reported protective custody/segregated housing would be used only as a true last resort and efforts would be made to find alternatives during segregated housing assignment. At the time of the on-site audit, there were no inmates in segregation for risk of sexual victimization/who alleged to have suffered sexual abuse, therefore no inmate was interviewed specific to this provision.

No inmates are placed in segregated housing involuntary without an assessment of all available alternatives. Staff reported that they had not known this to have ever happened.

The facility reported zero inmates who reported sexual abuse were held in involuntary segregated housing in the past 12 months. Directives also dictate if an involuntary segregated housing assignment is made, the facility affords each inmate a review every 30 days and the inmate programs would continue to the best extent possible.

The Auditor found no evidence to indicate that any inmates alleging sexual abuse had been held in involuntary segregated housing.

Based on a review of the PAQ, PS 5324.12 and interviews with staff, this standard appears to be compliant.

Interviews:

2. Interview with the Warden
3. Interview with the PREA Coordinator
4. Interview with the PREA Compliance Manager

Findings (By Provision):

115.71(a): Agency Directives and BOP PREA Plan address this provision. Agency policy states that (a) When the agency conducts its own investigations into allegations of sexual abuse and sexual harassment, it shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports.

At the conclusion of the investigation, the allegations must be indicated as:

- Substantiated.
- Unsubstantiated (may have occurred, but insufficient evidence to prove).
- Unfounded (evidence proves that this could not have happened).

A review of the investigative files for the previous 12 months reflected investigations are conducted promptly, thoroughly, and objectively. The Auditor reviewed all closed investigative files for allegations of sexual harassment and sexual abuse for the previous 12 months. There were 9 allegations of sexual abuse and 5 allegations of sexual harassment.

The auditor reviewed the investigative files with the SIS staff responsible for conducting the investigations.

Staff reported investigations are initiated immediately and that third-party and anonymous reports are also considered, documented and the information included in the final report.

115.71(b): Agency Directives and BOP PREA Plan address this provision. A review of the investigative staff training documents indicated all investigative staff are trained in the required specialized investigative staff training. Investigative staff interviewed reported receiving the required training and were able to articulate aspects of the training.

115.71(c): Agency Directives and BOP PREA Plan address this provision.

A review of the investigative files reflected the required supporting documentation was maintained in the files. Agency policy states: Investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator.

Note. this is a separate responsibility from staff first responders addressed in section 115.64. These duties are carried out by the appropriate investigative department/agency (e.g., SIS, OIA, OIG, FBI). Previous unsubstantiated or unfounded complaints and reports may not be used as evidence.

Investigative staff reported, in detail, the steps to follow in an investigation, information to be collected and documented during an investigation and retained in the files in accordance with the standard.

In accordance with the standard, the investigative files reviewed reflect that investigators gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; interview alleged victims, suspected perpetrators, and witnesses; and review prior complaints and reports of sexual abuse involving the suspected perpetrator. The investigator confirmed this information.

115.71(d): Agency Directives and BOP PREA Plan address this provision. Per policy, when the quality of evidence appears to support criminal prosecution, the agency shall conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

Investigative staff reported that investigations are not terminated solely because the victim recants the allegation, and they would move forward with the investigation. Staff stated that they would do their due diligence and follow an investigation all the way to the conclusion.

115.71(e)(h): PS 5324.12 addresses the requirement of the standard. Per policy, the credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined by the person's status as inmate or staff. No agency shall require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation.

The facility investigator (SIS) may conduct administrative investigations within the facility and was interviewed by the auditor. Staff-on-inmate administrative investigations are conducted by the facility Special Investigative Agent (SIA). The interview indicates investigative staff are aware of their responsibilities with respect to the standard. The SIA confirmed this information.

115.71(f): Agency Directives and BOP PREA Plan address this provision. Staff reported all information would be considered, documented, and assessed as part of the investigation. Staff also reported a polygraph is not part of the investigative process.

The auditor reviewed investigative files for the allegations of sexual misconduct within the last 12 months. The investigative reports reflected that the administrative investigations include an effort to determine whether staff actions or failures to act contributed to the abuse; and include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

When an allegation appears to be criminal in nature, the SIS, in conjunction with the BOP's Office of Internal Affairs and the facility Warden, will refer the incident to the FBI for a criminal investigation, if the investigation involves an inmate-on-inmate allegation.

Staff-on-inmate criminal investigations are conducted by Office of the Inspector General. The FBI or the OIG investigator consults with the Assistant U.S. Attorney when necessary.

If the FBI or the OIG substantiates the allegation, the case is referred to the local United States Attorney for possible prosecution. The credibility of an alleged victim, suspect or witness is assessed on an individual basis and is not determined by the person's status as inmate or staff. Staff reported that each case is looked at on its own merits and credibility is assessed based on the allegation's specific circumstances.

The agency does not require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth assessment device as a condition for proceeding with the investigation of such an allegation. The review of case files of inmates alleging sexual abuse/harassment revealed that the investigations were completed promptly, thoroughly and in compliance with BOP policies and the PREA standards.

An interview with the SIS Lieutenant revealed that he ensures that all allegations are investigated in such a way as to provide consistency in the investigative process, as well as record-keeping. A review of the investigative files confirms this information. The SIS Lieutenant articulated his process for completing investigations. He indicated all investigations are handled the same, and each case is taken on its own merits. He also stated that several staff review all allegations and investigations to ensure that they are handled appropriately and in accordance with policy and procedure.

115.71(g): Agency Directives and BOP PREA Plan address this provision. Staff interviewed reported everything is considered in the course of the investigation, including whether staff actions or failure to act contributed to the abuse. A review of investigative files for the previous 12 months indicated the investigation were completed in accordance with the standard and agency policy. The incident review process, which addresses this provision, was also reviewed by the auditor and documentation was maintained with the investigative files.

115.71(i): Agency Directives and BOP PREA Plan address this provision. Agency Directives require written reports be developed and retained per PREA standards, for as long as the alleged abuser is incarcerated or employed by the agency, plus five years and per local/state retention requirements. Should a victim or abuser (staff or inmate) resign or be transferred to another facility, the case will continue to be investigated. This was confirmed by the SIS Lieutenant.

115.71(j): Agency Directive(s) and BOP PREA Plan address(es) this provision and requires investigation reports will be kept in perpetuity. A review of the investigative files shows compliance with this provision.

115.71(k): Staff interviewed reported an investigation would continue regardless of whether the alleged abuser or alleged victim left the facility. The investigative files reflects compliance with this provision and was confirmed by the SIS Lieutenant.

115.71(l): By law and policy, the FBI has authority to investigate criminal activity within the BOP, they are a separate entity/component of DOJ. Per agency policy and the MOU, the FBI and BOP work collaboratively.

Based on a review of the PAQ, PS 5324.12, the MOU with the FBI, the letter from the FBI, investigative reports, training records and information from interviews with staff, as well as a review and informal interview with the SIS staff responsible for investigations, this standard this standard appears to be compliant.

Findings (By Provision):

115.72(a): Agency Directives and BOP PREA Plan address this provision. Per policy, the agency shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. The Bureau applies this section in accordance with its disciplinary/adverse action process and collective bargaining agreement, and applicable laws, rules, and regulations.

A review of the investigative files indicated the proper standard was used in determining whether allegations are founded/substantiated. Investigative staff reported the standard of evidence used to substantiate allegations is the preponderance of the evidence and was able to articulate what this meant and how he arrived at a determination. The SIS Lieutenant stated that in determining if an allegation is substantiated, it would have to be more than 51% of the evidence to show that the allegation most likely happened in order to make a determination of substantiated. He was able to articulate and explain preponderance of the evidence.

Based on a review of the PAQ, PS 5324.12, the investigative reports, and information from the interviews with investigative staff this standard appears to be compliant.

2. Interview with Investigative Staff

Findings (By Provision):

115.73(a): Agency Directives and BOP PREA Plan address this provision and requires notification for both sexual abuse and sexual harassment investigations. Staff interviewed reported the inmate would be notified in writing.

The agency directive requirements to notify the inmate on the outcome of sexual abuse and sexual harassment investigations meets the standard requirements. Documentation reviewed support compliance with the standard.

Notification to the inmate is made through a standardized memo format, which is delivered to the inmate by the PREA Compliance Manager or Facility Investigator. Documentation of such is maintained in the investigative files and was reviewed by the auditor. Interviews with both the PREA Compliance Manager and Investigative staff confirm this information. Interviews with three inmates who had reported sexual abuse confirm that they had received notification of the outcome of the investigation.

115.73(b): The agency contacts FBI or OIG to conduct criminal investigations on PREA-related allegations.

115.73(c): Agency Directive PS 5324.12 was reviewed, and case files are investigated in accordance with PREA protocols and proper action was completed. There were no substantiated allegations against staff during the audit period.

115.73(d): Agency Directive and BOP PREA Plan address this provision. Agency directive requires that the inmate be informed of the outcome of the investigation of all sexual abuse/harassment complaints that the inmate has filed. For complaints directed towards staff, the inmate would be advised as to staff relocation, no longer employed, whether staff member has been indicted or convicted.

115.73(e): Agency Directive(s) and BOP PREA Plan address(es) this provision. A review of the investigative directives reflected FBI investigators conduct all criminal investigations.

Interviews:

1. Interview with Warden
2. Interview with Investigative Staff

Findings (By Provision):

115.76(a): Agency Directives and BOP PREA Plan address this provision. Agency policy dictates and FCI Beckley has disciplinary sanctions for staff up to and including termination for violating sexual abuse and sexual harassment policies. The staff are aware of these provisions and that termination is the presumptive sanction for violation of these provisions.

The facility reported no cases where an employee resigned for sexual abuse of an inmate or violating sexual abuse or harassment directives in the past 12 months. Documentation reviewed and interviews with facility staff confirm compliance with the standard.

Executive staff stated that violations of the Sexual Abuse Policy are handled in accordance with the national policy. Allegations would be reported to law enforcement and investigated. The PREA Compliance Manager and Investigator confirmed this information.

If they were licensed by any licensing body, the relevant licensing body would also be notified. This was confirmed by the Warden.

115.76(b)(c)(d): Agency Directives and BOP PREA Plan address this provision. The facility reported there have been no staff disciplined short of termination for violating agency sexual abuse or sexual harassment Directives in the past 12 months.

Based on a review of the PAQ, PS 3420.11, PS 5324.12 and interviews with staff regarding staff discipline, this standard appears to be compliant.

Interviews:

1. Interview with the Warden
2. Interview with Contract Staff

Findings (By Provision):

115.77(a): Agency Directives and BOP PREA Plan address this provision. Per memo from the Warden, the facility reported there had been zero contractors or volunteers reported to law enforcement agencies and relevant licensing bodies for engaging in sexual abuse of inmates in the past 12 months, therefore there was no documentation to review specific to this provision.

115.77(b): Agency Directives and BOP PREA Plan address this provision. Per the PAQ, the facility reported there had been zero contractors or volunteers reported for engaging in sexual abuse of inmates in the past 12 months, therefore there was no documentation to review specific to this provision. The Investigator and PREA Compliance Manager reported that any allegations of sexual abuse of inmates by contractors or volunteers would be treated the same as facility staff as far as the potential disciplinary measures. For substantiated cases, facility access would be terminated, they would be reported to any licensing bodies and referred for criminal charges, if relevant. Termination from employment would also be recommended.

An interview with contract staff revealed they are aware of the presumptive discipline for violation of the agency's policies with respect to PREA and have received training and notification of these policies.

Per the Warden, any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with inmates and shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies.

FCI Beckley management staff with the need-to-know would be notified, who would then contact the contractor's point of contact and cease the contract with the contractor. Both volunteers and contractors would be prohibited from having further contact with inmates in substantiated cases.

An interview with contract staff members and a volunteer confirms their understanding and the consequences for violating this policy.

Based on a review of the PAQ, PS 3420.11, PS 5324.12, the memo from the Warden and information from the interview with the Warden, this standard appears to be compliant.

- Are sanctions commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories? ☒ Yes ☐ No

115.78 (c)

- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior? ☒ Yes ☐ No

115.78 (d)

- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to require the offending inmate to participate in such interventions as a condition of access to programming and other benefits? ☒ Yes ☐ No

115.78 (e)

- Does the agency discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact? ☒ Yes ☐ No

115.78 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation? ☒ Yes ☐ No

115.78 (g)

- If the agency prohibits all sexual activity between inmates, does the agency always refrain from considering non-coercive sexual activity between inmates to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between inmates.) ☒ Yes ☐ No ☐ NA

Interviews:

1. Interview with the Warden
2. Interview with Medical and Mental Health Staff

Findings (By Provision):

115.78(a)(b)(c): PS 5270.09, Inmate Discipline Program and PS 5324.12, Sexually Abusive Behavior Prevention and Intervention Program, address the requirements of the standard. The Inmate Discipline Program defines sexual assault of any person, involving non-consensual touching by force or threat of force, as the greatest severity level prohibited act. The program identifies inmates engaging in sexual acts and making sexual proposals or threats to another as a high severity level prohibited act. Consensual sex or sexual harassment of any nature is prohibited and will result in discipline. Consensual sex between inmates does not constitute sexual abuse, but will be addressed in accordance with disciplinary procedures.

Sanctions are commensurate with the nature and circumstances of the abuse committed, along with the inmate's disciplinary history and the sanctions imposed for comparable offenses by other inmates with similar histories. Inmates are subject to disciplinary sanctions pursuant to the formal disciplinary process defined in the Inmate Discipline Program.

An interview with the Warden confirmed that inmates found to have engaged in consensual sexual behavior would be disciplined, but this behavior would not be considered sexual abuse unless the investigation revealed otherwise.

FCI Beckley does not discipline inmates who make an allegation in good faith, even if an investigation does not establish evidence sufficient to substantiate the allegation. Interviews with investigative staff confirmed compliance with this standard.

The disciplinary process considers whether an inmate's mental disabilities or mental illness contributed to the inmate's behavior when determining what type of sanction, if any, should be imposed. If mental disabilities or mental illness is a factor, FCI Beckley considers the offer of therapy, counseling or other interventions designed to address and correct underlying reasons or motivations for the abuse, in consultation with mental health staff.

115.78(d): Agency Directives and BOP PREA Plan address this provision. Staff reported the offending inmate is offered therapy, counseling, or other intervention services, but would not require the inmate's participation as a condition of access to any rewards-based behavior management system or programming or education.

115.78(e)(f)(g): Agency Directives and BOP PREA Plan address this provision. The facility reported there were no incidents of staff-on-inmate sexual contact for which the inmate received disciplinary action in the previous 12 months.

Per the SIS Lieutenant, there have been no administrative findings of inmate-on-inmate sexual abuse that occurred at the facility during the review period.

The Warden confirmed his understanding of the requirements for this standard, stating that inmates shall be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a criminal finding of guilt for inmate-on-inmate sexual abuse. Sanctions shall be commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories. The disciplinary process shall consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed.

Based on a review of the PAQ, PS 5324.12, the memo, and information from interviews with the staff, this standard appears to be compliant.

Site Review Observations:

1. Observations of Risk Screening Area

Findings (By Provision):

115.81(a): PS 5324.12 addresses the requirement of the standard. Per agency policy,

(a) If the screening pursuant to § 115.41 indicates that a prison inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.

(b) If the screening pursuant to § 115.41 indicates that a prison inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening.

Inmates considered high risk for sexual re-offending may be referred to specialty treatment or management programs, referred to individual or group counseling, or managed through standard correctional techniques.

If an inmate perpetrator is determined in need of treatment services and refuses treatment, Psychology Services staff document the refusal, place it in the medical section of the Inmate Central File, and notify referring staff of the refusal. Documentation of treatment compliance or refusal ensures continuity of care within and outside the Bureau.

(c) If the screening pursuant to § 115.41 indicates that a jail inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.

(d) Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law.

It is appropriate under this section to provide staff information on an inmate's history of being a sexual abuser; for example, placing the inmate in the Posted Picture File, to maintain the safe, secure, and orderly running of the institution.

FCI Beckley reported that 100% of the inmates that disclosed prior victimization during screening were offered a follow-up meeting with medical or a mental health practitioner. Interviews with staff and documentation reviewed confirm compliance with this provision. A review of the forms used by the agency demonstrate how the intake screening staff, medical and mental health staff document the follow-up services to inmates with prior sexual victimization disclosed during the screening process.

Unit Team Staff interviewed reported they work with the medical and mental health professionals by notifying them immediately, which generates a referral. Inmates reported being referred to medical and mental health staff for follow-up. A review of the inmate files reflected the inmates did receive a follow-up meeting with medical and mental health practitioners as required within the timeframe.

All inmates are seen by mental health staff upon arrival at the facility and discuss any mental health concerns or PREA related information, including previous victimization. The inmate would be offered follow-up and additional resources as appropriate or requested. Inmate interviews and psychology staff interviews confirm this practice.

115.81(b): Agency Directives and BOP PREA Plan address this provision. Staff reported inmates are referred to mental health staff for follow-up. A review of randomly selected inmate files reflected the inmates did receive a follow-up meeting with a mental health practitioner as required by the standard.

Psychology staff report that they get referrals for both inmates who disclose previous sexual victimization, as well as inmates that have perpetrated abuse and would offer services and follow-up as needed or requested. The Psychology staff reported that they try to be proactive in screening files and address any potential issues at the inmate's arrival and offer those inmates services.

115.81(c): Agency Directive and BOP PREA Plan address this provision. Staff interviewed reported they use the consent form for inmates over 18 years of age. During the on-site review, the Auditor noted medical and mental health staff have designated space where they can privately meet with inmates. Medical and Mental Health records are maintained separately and shared according to agency directives.

Based on a review of the PAQ, PS 5324.12, the memo from the Warden, medical and mental health documents and information from interviews with staff and inmates, this standard appears to be compliant.

☒ Yes ☐ No

115.82 (b)

- If no qualified medical or mental health practitioners are on duty at the time a report of recent sexual abuse is made, do security staff first responders take preliminary steps to protect the victim pursuant to § 115.62? ☒ Yes ☐ No
- Do security staff first responders immediately notify the appropriate medical and mental health practitioners? ☒ Yes ☐ No

115.82 (c)

- Are inmate victims of sexual abuse offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate? ☒ Yes ☐ No

115.82 (d)

1. Observations of Medical and Mental Health Areas

Findings (By Provision):

115.82(a): PS 5324.12; BEC-5324.12i and PS 6031.04 address the requirements of the standard. Staff reported inmates would be provided emergency medical treatment immediately and that the nature and scope of the services are determined according to their professional

judgment. No actions would be taken that would destroy any physical evidence unless emergent, life-saving measures needed to be taken.

115.82(b): Agency Directives and BOP PREA Plan require staff to notify mental health staff if they believe an inmate is actively experiencing a mental health crisis. Staff who were interviewed reported protective measures would be taken for the alleged victim, and the victim would be referred for counseling.

115.82(c)(d): Agency Directives and BOP PREA Plan address this provision. Staff interviewed reported the required information and services would be provided immediately and unimpeded, without financial cost to the victim, regardless whether the victim names the alleged abuser or cooperates with any investigation. The HSA confirmed that inmate victims of sexual abuse are offered timely information about and timely access to sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate and as indicated by the provider.

There were 9 allegations of sexual abuse during this review period but only one requiring collection of evidence. The auditor reviewed the documentation relative to this standard. Per the HSA, medical and mental health staff maintain secondary materials documenting the timeliness of emergency medical treatment and crisis intervention services that were provided; the appropriate response by non-health staff in the event health staff are not present at the time the incident is reported; and the provision of appropriate and timely information and services concerning contraception and sexually transmitted infection prophylaxis.

In the event of a sexual assault, the inmate would be escorted the local hospital for a forensic examination. In the past 12 months, there has been one occurrence/need for a forensic exam.

An advocate would be available to provide any necessary crisis intervention, if requested. Health services would ensure the inmate received necessary prophylaxis treatment. Per Psychology staff, no inmates have requested advocacy services during this review period.

Based on a review of the PAQ, PS 5324.12, a review of medical and mental health documents and information from interviews with staff, this standard appears to be compliant.

Findings (By Provision):

115.83(a): PS 5324.12 addresses the requirement of the standard. Per agency policy, (a) The facility shall offer medical and mental health evaluation and, as appropriate, treatment to all inmates who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility.

Medical services are available 24/7 at the facility, or at the nearest available hospital, if needed and required services are outside the scope of facility staff. Mental health counselors provide treatment and counseling to inmates. Per the HSA, inmates at FCI Beckley would be transferred to Raleigh General Hospital or Beckley Appalachian Regional, if needed for a forensic exam. They would call and see which hospital had a SANE available.

115.83(b): Agency Directives and BOP PREA Plan address this provision. Per agency policy, (b) The evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody.

Staff interviewed reported follow-up services would be matched with appropriate intervention services.

115.83(c): Agency Directives and BOP PREA Plan address this provision. Per agency policy, (c) The facility shall provide such victims with medical and mental health services consistent with the community level of care.

Medical and mental health staff interviewed reported the services provided meet the community level of care and in most cases, exceed it due to the availability of care.

115.83(d)(e): Agency Directives confirm that all female inmate victims of sexually abusive vaginal penetration while incarcerated are offered pregnancy tests. If pregnancy results from

the conduct described in paragraph §115.83(d), all victims receive timely and comprehensive information about and timely access to all lawful pregnancy-related medical services.

FCI Beckley only holds male inmates.

115.83(f): Agency Directives and BOP PREA Plan address this provision. At the time of the on-site audit, there were no inmates who reported a sexual abuse allegation at this facility who required medical services outside the facility, therefore no inmate was interviewed specific to this provision. All appropriate medical care would be provided at no cost to the inmate. This was confirmed by the HSA.

115.83(h): Agency Directives and BOP PREA Plan address this provision. Staff interviewed reported the inmate would be referred, and the treatment provider would respond immediately.

Based on a review of the PAQ, PS 5324.12, a review of medical and mental health documents and information from interviews with medical and mental health care staff, this standard appears to be compliant.

3. Sexual Abuse Incident Reviews

Interviews:

1. Interview with the Warden
2. Interview with the PREA Compliance Manager
3. Interview with Incident Review Team

Findings (By Provision):

115.86(a): Agency Directives and BOP PREA Plan address this provision. Per the PREA Compliance Manager and Warden, the facility conducts a sexual abuse incident review at the

conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded.

The auditor reviewed the incident reviews completed in the past 12 months and found them to be in compliance with the standard. In the instance where a sexual abuse incident review would need to occur, a review team would meet within 30 days of the conclusion of the investigation. The team typically would be comprised of the Warden, Associate Warden, Captain, Special Investigative Services staff, Unit Management, and Health Services.

The Auditor reviewed the Institution Executive Staff Review (IESR) template. The review, which is a standardized template covered all aspects of the standard and is required to be completed within 30 days of completion of the investigation.

115.86(b): Agency Directive and BOP PREA Plan address this provision. Interviews with staff confirm compliance. The auditor reviewed documentation for allegations of sexual abuse during the review period. This was reviewed as part of the review of the investigative files as the reviews are maintained in the files.

115.86(c): The Incident Review Team consists of the Warden, Institution PREA Compliance Manager, the Chief Psychologist, the Captain, and other administrative staff. Based on interviews with members of the Incident Review Team, the review is conducted within 30 days of the conclusion of the investigation and consideration is given to all required elements of the standard. In accordance with agency policy, the IRT reviews whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; whether the incident was motivated by race, ethnicity, gender identity, physical barriers and status or gang affiliation. The team also examines the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse reviews, assesses the adequacy of staffing levels in that area during different shifts, and recommends whether additional monitoring technology or staffing/monitoring procedures should be added to enhance inmate supervision. The facility implements the recommendations for improvement or documents its reasons for not doing so. The Warden and PREA Compliance Manager confirmed compliance with the provisions of the standard.

115.86(d)(e): Agency Directives and BOP PREA Plan address this provision. Staff interviewed referenced all the elements needing to be considered, examined, and assessed. The Incident Review Team members provided detailed information of all the elements addressed by the team. Staff interviewed acknowledged a report is completed by the PREA Compliance Manager, forwarded to the Warden, and includes any recommendations for improvement.

Based on a review of the PAQ, PS 5324.12, information from interviews with the Warden, the PREA Compliance Manager, incident reviews and several members of the sexual abuse incident review team, this standard appears to be compliant.

3. Aggregated Data

Findings (By Provision):

115.87(a and c): PS 5324.12 addresses the requirement of the standard. Policy states: The agency shall collect accurate, uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions.

The Bureau tracks information concerning sexual abuse using the methods listed below. In disseminating this information within the Bureau, or releasing information to a third party, the Bureau complies with the Federal Privacy Act and Freedom of Information Act, and all other applicable laws, rules, and regulations.

(1) SIS Data. The SIS must maintain secure investigative files and data, which include:

- The victim(s) and perpetrator(s) of sexually abusive behavior.
- A factual description of the events.
- Formal and informal action(s) taken.
- All collateral reports, supporting memoranda, and videotapes.
- Medical forms (e.g., injury assessments).
- Any other evidentiary materials pertaining to the allegation.

(2) Office of Internal Affairs Data. The Office of Internal Affairs reports the cumulated data on the inmate victims of staff sexually abusive behavior to all Chief Executive Officers and the Psychology Services Administrator at the end of each quarter and at the end of each fiscal year.

(3) Inmate Data. The Information Technology and Data Division collects and reports on the data used in the Bureau of Justice Statistics Survey of Sexual Violence.

(4) SENTRY Data. The Chief of Correctional Services in each institution is responsible for accurate STG SENTRY assignments related to sexually abusive behavior. Access to this SENTRY assignment must be limited to those staff who are involved in managing and treating the inmate victim or inmate perpetrator, or investigating the incident.

As confirmed by a review of documents, FCI Beckley collects accurate, uniform data for every allegation of sexual abuse/ harassment by using a standardized instrument. The BOP tracks information concerning sexual abuse using data from the SIS department, the agency's Office of Internal Affairs and SENTRY, the BOP's computerized data management program. The data collected includes the information necessary to answer all questions from the most recent version of the Survey of Sexual Violence, conducted by the Department of Justice.

The agency aggregates and reviews all data annually. Upon request, the agency would provide all such data from the previous calendar year to the Department of Justice no later than June 30.

115.87(b): Agency Directives and BOP PREA Plan address this provision. A review of FCI Beckley's tracking system and information reflected a comprehensive system designed to

maintain various elements for the required data for sexual abuse and sexual harassment allegations.

115.87(d)(e)(f): Agency Directive and BOP PREA Plan address this provision. Per policy,
(d) The agency shall maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews.
(e) The agency also shall obtain incident-based and aggregated data from every private facility with which it contracts for the confinement of its inmates.
(f) Upon request, the agency shall provide all such data from the previous calendar year to the Department of Justice no later than June 30.

A review of the agency website reflects the comprehensive report is published and available to the public for all serious incidents to include sexual abuse and sexual harassment allegations.

Based on a review of the PAQ, PS 5324.12 and a review of the aggregated data, this standard appears to be compliant.

2. PS 5324.12
3. Annual PREA Reports

Interviews:

1. Interview with the Agency Head Designee
2. Interview with the PREA Coordinator
3. Interview with the PREA Compliance Manager

Findings (By Provision):

115.88 (a): Agency Directives and BOP PREA Plan address this provision. PS 5324.12 indicated that the agency reviews data collected and aggregated pursuant to 115.87 in order to assess and improve the effectiveness of its sexual abuse prevention, detection and response policies and training. A review of the annual report for calendar year 2023, which is the most recent year available, reflects all the elements required by this provision. Staff reported the process followed when reviewing the data, identifying problem areas and corrective action, and preparing the annual report.

115.88 (b): PS 5324.12 addresses the requirement of the standard. PS 5324.12 indicated that the agency's annual report includes a comparison of the current year's data and corrective actions with those from prior years and provides an assessment of the progress in addressing sexual abuse. A review of annual reports indicates that reports include aggregated data for all facilities. The data is broken down by incident type and includes investigative outcomes. The report also includes general information related to each substantiated incident. The report compares the data from the current year with the previous year. Additionally, the report includes problem areas and corrective action.

The Bureau of Prisons and the institution reviews and assesses all sexual abuse/sexual harassment data at least annually to improve the effectiveness of its sexual abuse prevention, detection, and response policies, to identify any trends, issues, or problematic areas and to take corrective action if needed. The PREA Compliance Manager forwards data to the respective BOP Regional PREA Coordinator and then to the National BOP PREA Coordinator. An Annual Report is prepared and placed on the BOP website. The Annual Report was reviewed by the auditor. The report can be found at the following website address: www.bop.gov.

115.88 (c): Agency Directive and BOP PREA Plan address this provision. PS 5324.12 indicated that the agency's annual report is approved by the Agency Head and made available to the public through its website. Staff interviewed reported all personal identifying information and personal health information is redacted. The reports would reflect only basic demographic information. A review of the agency website confirmed that the current annual report is available to the public online.

115.88 (d): Agency Directive and BOP PREA Plan address this provision. PS 5324.12 indicated that the agency may redact specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility, but must indicate the nature of the material redacted. Policy states that the agency complies with the Federal Privacy Act and the Freedom of Information Act. A review of the annual report confirmed that no personal identifying information was included in the report nor any security related information.

Based on a review of the PAQ, the annual report, the website and information obtained from interviews, this standard appears to be compliant.

Standard 115.89: Data storage, publication, and destruction

115.89 (a)

- Does the agency ensure that data collected pursuant to § 115.87 are securely retained?
☒ Yes ☐ No

115.89 (b)

- Does the agency make all aggregated sexual abuse data, from facilities under its direct control and private facilities with which it contracts, readily available to the public at least annually through its website or, if it does not have one, through other means? ☒ Yes ☐ No

115.89 (c)

- Does the agency remove all personal identifiers before making aggregated sexual abuse data publicly available? ☒ Yes ☐ No

115.89 (d)

- Does the agency maintain sexual abuse data collected pursuant to § 115.87 for at least 10 years after the date of the initial collection, unless Federal, State, or local law requires otherwise? ☒ Yes ☐ No

Documents:

1. Pre-Audit Questionnaire
2. PS 5324.12
3. Annual Reports

Interviews:

1. Interview with the PREA Coordinator

Findings (By Provision):

115.89 (a): Policy 5324.12 addresses the requirement of the standard and describes the data storage, publication and destruction of information related to sexual abuse and sexual harassment allegations. Specifically, it states that the agency shall ensure all data is securely retained. The National PREA Coordinator reviews data compiled by each BOP facility, as well as from SENTRY, each Regional PREA Coordinator, the Information Technology and Data Division of the BOP and from the Office of Internal Affairs. The PREA Coordinator issues a report to the Director on an annual basis. Facility data is maintained in locked files or on computer databases that are user ID and password protected. Agency PREA data is securely retained and is published on the BOP website after removing all personal identifying information. The agency complies with FOIA and other applicable laws, rules and regulations to ensure all investigative, psychological and medical data is securely maintained.

115.89 (b): Agency Directive and BOP PREA Plan address this provision. PS 5324.12 describes the data storage, publication and destruction of information related to sexual abuse and sexual harassment allegations. Specifically, it states that the agency will make all aggregated sexual abuse data readily available to the public, at least annually, through its website or through other means. The data posted on the agency website, which includes aggregated data, is available to the public online.

115.89 (c): Agency Directives and BOP PREA Plan address this provision. PS 5324.12 indicates that before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers. A review of the annual report, which contains the aggregated data, confirmed that no personal identifiers were publicly available.

115.89 (d): Agency Directives and BOP PREA Plan address this provision. PS 5324.12 indicates that the agency maintains sexual abuse data that is collected for at least ten years after the date of initial collection. The data and records collected are to be retained in accordance with agency retention requirements.

Based on a review of the PAQ, PS 5324.12, annual reports, the website and information obtained from the interview with the PREA Coordinator, this standard appears to be compliant.

AUDITING AND CORRECTIVE ACTION

Standard 115.401: Frequency and scope of audits

115.401 (a)

- During the prior three-year audit period, did the agency ensure that each facility operated by the agency, or by a private organization on behalf of the agency, was audited at least once? (*Note: The response here is purely informational. A "no" response does not impact overall compliance with this standard.*) ☒ Yes ☐ No

115.401 (b)

- Is this the first year of the current audit cycle? (*Note: a "no" response does not impact overall compliance with this standard.*) ☐ Yes ☒ No
- If this is the second year of the current audit cycle, did the agency ensure that at least one-third of each facility type operated by the agency, or by a private organization on behalf of the agency, was audited during the first year of the current audit cycle? (N/A if this is **not** the *second* year of the current audit cycle.) ☐ Yes ☐ No ☒ NA
- If this is the third year of the current audit cycle, did the agency ensure that at least two-thirds of each facility type operated by the agency, or by a private organization on behalf of the agency, were audited during the first two years of the current audit cycle? (N/A if this is **not** the *third* year of the current audit cycle.) ☒ Yes ☐ No ☐ NA

115.401 (h)

- Did the Auditor have access to, and the ability to observe, all areas of the audited facility?
☒ Yes ☐ No

115.401 (i)

- Was the Auditor permitted to request and receive copies of any relevant documents (including electronically stored information)? ☒ Yes ☐ No

115.401 (m)

- Was the Auditor permitted to conduct private interviews with inmates, residents, and detainees?
☒ Yes ☐ No

115.401 (n)

- Were inmates permitted to send confidential information or correspondence to the Auditor in the same manner as if they were communicating with legal counsel? ☒ Yes ☐ No

Auditor Overall Compliance Determination

- ☐ **Exceeds Standard** (*Substantially exceeds requirement of standards*)
- ☒ **Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- ☐ **Does Not Meet Standard** (*Requires Corrective Action*)

Findings (By Provision):

115.401 (a): The facility is part of the Federal Bureau of Prisons. The agency ensured that each facility operated by the agency, or by a private organization on behalf of the agency, was audited at least once in the previous three-year audit cycle.

115.401 (b): The facility is part of the Federal Bureau of Prisons. The BOP has a schedule for all their facilities to be audited within the three-year audit cycle, with one third being audited in each year. This is the Agency's third year of the fourth cycle, and at least two thirds have been audited in the second year. The agency is following their audit cycle and planned future audits.

115.401 (h) – (n): The auditor had full, unimpeded access to all areas of the facility. The Auditor reviewed areas of this facility in person, by photographs and/or via security cameras during the on-site review. The auditor was permitted to receive and copy any relevant policies, procedure or other requested documents needed for the audit. The auditor was permitted to conduct private interviews with both staff and inmates. The staff were very helpful and efficient in ensuring the auditors completed the interviews in a timely manner. Inmates were notified via posting and permitted to send confidential information or correspondence to the Auditor. The Auditor received no confidential letters from any inmates.

Corrective Action: None

Standard 115.403: Audit contents and findings

115.403 (f)

- The agency has published on its agency website, if it has one, or has otherwise made publicly available, all Final Audit Reports. The review period is for prior audits completed during the past three years PRECEDING THIS AUDIT. The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or in the case of single facility agencies that there has never been a Final Audit Report issued.) ☒ Yes ☐ No ☐ NA

Auditor Overall Compliance Determination

- ☐ **Exceeds Standard** (*Substantially exceeds requirement of standards*)
- ☒ **Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- ☐ **Does Not Meet Standard** (*Requires Corrective Action*)

Findings:

115.403 (a) The facility was previously audited on November 15-17, 2022. BOP has published on its agency website all Final Audit Reports within 90 days of issuance by the Auditor. This information is made available to the public and is in accordance with 28 C.F.R. § 115.405. The final audit report is publicly available via the website until the current audit report replaces it, but can be obtained via a public records request.
